Actually Being Used by You
• • •

When you have made the same staggering discovery of the Power of God we have made, your life will be charged and super-charged with an invisible Power, the like of which you have never even suspected before. From early morn till last thing at night, the shining, beautiful Power of THE SPIRIT OF GOD will be there—every moment of the day. It will respond to your instant command—for the Power is God. From the very day you actually find this staggering Force, or Power, your entire future will be in your own hands. For there, closer than life, will be—THE POWER OF ALMIGHTY GOD. And the amazing thing about God is that this invisible Spirit is INSTANTLY AVAILABLE. In sickness or in health. In poverty or in riches. No matter what the need, there, always, is The invisible Power of God awaiting your use. What a life. And to KNOW that such a life is possible here and now—for you.

The amazing thing about our Lessons is that they are so beautifully simple. Even a child can understand them. Almighty God could not make it hard to find such a staggering Power. As a matter of fact, when the consciousness of The Power of God first begins to dawn on you, you will probably stand aghast at the simplicity of the Power. Then, you will marvel at its instant response to your every problem. And to think that all these years you thought that someone killed God 2000 years ago.

OH, NO—NO ONE EVER KILLED GOD. That supreme Spirit is very much alive. Before too long, the staggering import of what we are teaching will fall upon the consciousness of the whole world. There will be no more wars then. No more tears. No more sighing. No more death—FOR THE POWER OF GOD CAN ELIMINATE EVEN DEATH. That's what God exists for. That is the logical state in which humanity should live—IN PERFECT UNION WITH THE POWER OF THE SPIRIT OF GOD. We'd like to have you come to us to learn of this Power. Won't you? We have no object in coaxing you. We never coax anyone. We tell them what we have discovered about the Power of God, and usually they come to us.
