"PSYCHIANA"

A MOVEMENT OF THE SPIRIT OF GOD ON THE EARTH

TO ALL STUDENTS

A Few Words With Dr. Robinson Personally

In studying these Lessons with me, may I ask that you understand the reason for this Movement, and what it is trying to do. We have but one object. That is, that *you,* whoever you are, may find and know the Power of the New Conception of God, as we are giving it to the world. To our knowledge, such a conception has never been given to the world before. It does not teach that God ever cursed the ground on which man walked, nor does it teach that man is a "lost soul—doomed to eternal damnation," under any circumstances. Our conception of God is much truer than that. It's much more powerful too. It is about ten years now since I left the little drug store here in Moscow, Idaho, and first gave this revolutionary but true picture of God to the world. Many things have happened. The greatest of all those things, to me, is the joy, peace, happiness, and material and Spiritual abundance which has been manifested in the lives of thousands all over the world, as evidenced by letters in my files.

The making of money does not enter into this Movement. If it had, I should be a wealthy man today. God has given me all I need, and I'm satisfied with that. The "PSYCHIANA" Movement makes no money. It never has made any money, and it never will as long as I am at the head of it. As we make no stated or definite charge of any kind for this Teaching, we depend solely on what our Students who take our Lessons, feel they should donate to help send this message of God round the world. If we can meet our bills on time, we shall be happy. As the Movement grows, of course the overhead grows too. We use modern methods to tell the world of the New Conception of God being given by us to the world.

There are eleven major systems of religion on the earth today. These have a total membership of about 1,400,000,000 members. Surely, with this many people knowing God, and the Power of God, they ought to be able to do something for the world. They ought to be able to manifest the Power of the God they believe in, and through that Power, stop this war-mad world with its crime, its atheism, its bloody murders, etc. If they had the true conception of God, they would be able to do this. *I do not believe the true picture of God was ever given to this world until this Movement came into existence.* You will not be studying with me long until you know that there is *Power* behind this Teaching. *We want you to know that God-Power.* If we can be of any assistance to you in your Studies, won't you write us and tell us so? Also write and tell us when the peace and happiness which accompanies the Power of the Spirit of God comes into your life. It will make us happy, too.

Very cordially yours,

Frank B Robinson
