THE STRANGE AUTO-BIOGRAPHY OF FRANK B. ROBINSON

by

Dr. Frank B. Robinson

This was probably the most important work of Dr. Robinson during his lifetime, for it graphically takes the reader over the pathway taken by this man in his never-ending search for Almighty God—a search which, we might add, ended successfully.

Dr. Robinson relates the struggles of his youth, his experiences in a theological seminary, and his wanderings over the United States and Canada in his search for the Truths of God. The main interest of this book is that it lays bare the innermost experiences of this remarkable man.

YE MEN OF ATHENS

by

Dr. Frank B. Robinson

When the Apostle Paul was walking along the road to Damascus he saw a sign, we are told, on which was written this inscription: "TO THE UNKNOWN GOD." Then he told the people of Greece they were too superstitious about all things. We agree with the Apostle Paul, and find people more superstitious today than they were then. In this book Dr. Robinson has gone to the heart of the matter and has painted a picture of God which is so realistic that anyone can see the logic and understand.

A PROPHET SPEAKS

by

Dr. Frank B. Robinson

It is evident to every thinking man and woman that something is radically wrong with our relationship to the invisible Power that created us. All brutal wars, poverty throughout certain portions of the globe, mistrust among nations—all are the direct result of lack of knowledge and understanding of the existing Power of God.

In this book Dr. Robinson carries you through the various stages of creation, and shows where man lost God. He also points out the path which must be followed if man is to find God again here and now on this earth.

BLOOD ON THE TAIL OF A PIG

by

Dr. Frank B. Robinson

In this book Dr. Robinson relates experiences which tax the credulity of the human mind. He tells of the Spirit of God actually and literally coming into his home, and giving him strange powers the like of which has never before been heard of. He tells of what he saw when the veil between God and man lifted in his home one Christmas Eve.

We know of no one who ever claimed such a close contact with God, or who was able to do, through the Power of God, what Dr. Robinson claims he did. It's fascinating. It's unbelievable. Yet Dr. Robinson stated these things happened.

THE PATHWAY TO GOD

by

Dr. Frank B. Robinson

Dr. Robinson's whole life was devoted to making the Power of the Spirit of God the most dynamic phase of human lives. Every so often there came to him a "new flash" from the realm of the Spirit of God, and "THE PATHWAY TO GOD" was the result of one of these "flashes."

Dr. Robinson has laid out six steps which, if followed, cannot fail to lead to God. The world is going through a crisis. It needs an entirely new concept of God — not myths and traditions about God, but the actual and literal Power of the Spirit of God Itself.

THE WANDERER

by

Dr. Frank B. Robinson

This is a novel based upon the possibility that Jesus Christ never died, but has been on this earth, alive, for over two thousand years. Dr. Robinson has, in THE WANDERER, drawn perhaps the most fantastic picture of our possibilities of eternal life ever drawn by any writer. Yet behind the theme of THE WANDERER lies the possibility that what he says may be true. If it is . . . ?

This novel is partly fiction and partly non-fiction, but the reader is left to determine for himself what is fiction and what is Truth in this book. Only those who are interested in true Spiritual possibilities should read this book.

THROUGH WAR TO GOD

by

Dr. Frank B. Robinson

Can Spiritual forces, which are silent and powerful in their operations, overpower and subdue brute force? The underlying causes of wars are discussed broadly in this book with a view toward finding some concrete method and an application of Spiritual forces for the purpose of eliminating all future conflicts.

If the human race was meant to live peacefully and in abundance on this earth then some solution must necessarily be found which can make this ideal condition a reality to all mankind. Wars were never meant to be, and the sooner the human race realizes that there is enough material abundance for all, then and only then will a peaceful civilization be realized.

GOD IN THE DARK

by

Dr. Frank B. Robinson

Dr. Robinson records in this writing experiences and conversations he had in a large metropolitan city with various people who had been turned away from God — people who now thought that the Spirit of God was almost non-existent. And because of this they turned away from God instead of directing their energies toward Spiritual enlightenment.

There are many such people in the world today, and unless they realize that spiritual development within themselves is of prime importance, then quite naturally some avenue of escape will be sought outside the sphere of their religious experience.

THE GOD NOBODY KNOWS

by

Dr. Frank B. Robinson

We all know that when the true concept of Almighty God is brought to this earth the suffering of the people of the world which we now are witnessing will be completely eliminated.

We know further that when man actually discovers who and what God really is, all sickness, sorrow, tears, and want will vanish as the morning mists before the rising sun.

This book will introduce you to THE GOD NOBODY KNOWS. It is clear, concise, and definitely one of the most inspired works of Dr. Frank Robinson.

FOR RENT— A CROSS

by

Dr. Frank B. Robinson

One of Dr. Robinson's supreme achievements was writing FOR RENT—A CROSS. In this book he brings to the reader in this, the hour of humanity's greatest need, the actual and literal truths of who, what, and where God is; not the traditional virgin-born crucified "god" of theology, but God—the Scientific Principle and the Creator of this universe.

This book reveals how all men everywhere may actually and literally find and use the Power of God—here and now; this conception of the Almighty has been absent from the earth for many, many years.

SHALL WE KNOW EACH OTHER BEYOND THE TOMB?

by

Dr. Frank B. Robinson

What happens to us when we die? Are we able to recognize friends that have passed on? What purpose does the body serve in our conscious life? Is death necessary in the scheme of creation?

This subject probably interests more people than any other, and in this work Dr. Robinson gives his honest and frank opinions concerning his beliefs of death and the possibility of any after-life.

IS THE STORY OF JESUS CHRIST FACT OR FICTION?

by

Dr. Frank B. Robinson

Dr. Robinson believed that Jesus Christ was one of the greatest spiritual teachers that ever lived. However, there are many facts and conflicting stories concerning the life of this man which would tend to support the theory that Jesus Christ never lived at all.

In this book Dr. Robinson examines historical data upon which the story of Jesus Christ is based, and presents the reader with a wealth of material so that an honest and just opinion can be reached by the reader.
