READ THIS CAREFULLY

The new conception of God, being brought to this world for the first time by "PSYCHIANA" is a very vivid one. It will mean that many previous conceptions of God now being given to the world will have to be changed. For when men and women discover the breath-taking fact that God exists here and now, as the most dynamic, invisible Power the world has ever known, and when men and women further realize that all the Power of this God-Realm is available to them here and now, they will naturally welcome the new conception with open arms. That is exactly what they are doing. The Movement is growing very rapidly.

"PSYCHIANA's" operations are always an open book. We want every Student to take a vital interest in the Movement, and we want them all to feel that it is through their efforts the Movement grows..

The books of "PSYCHIANA" are always open to supporting Students at any time. We want them all to know just how much is donated to this work, and just how that money is spent. From time to time we will send you a statement of all income donated, and all disbursements made. You are very welcome to that information any time.

If it should be that more money is donated than is necessary to cover all operating expenses and overhead, these funds will be placed in a "campaign account" and used to finance the personal appearance of Dr. Robinson throughout the nation. We have not been able to do that yet. Should there be those who, through poverty or illness are unable to make a regular monthly donation, we will, if funds are available, endeavor to have the Lessons sent to as many of such as possible.

Cordially yours,

C. W. TENNEY,
Assistant Director
