

# Instructions for Psychiana Church Groups

Your home is your church. The Psychiana Religion believes that more people can be reached by The Spirit of God if all Members turn their respective homes into Study-Groups. In reality, they may be called "Church-Groups" if you prefer that name. A "church" is not a building. It is a group of *people* of the same religious faith, who meet together. They can build a building or meet in their own homes. The Church Invisible is there nevertheless.

After you have interested a few of your neighbors in the Power of The Spirit of God, set aside a definite night for meeting. Meet every week at that time. It will be advisable to rotate the meeting-places. The meetings should not be held in the same home every week.

When the meeting comes to order, keep absolute silence for a few moments. Then, the person in whose home the meeting is being held, can repeat aloud, the Members following in unison: "I BELIEVE IN THE POWER OF THE LIVING GOD." This should be repeated, eyes closed, at least three times. If you have a Psychiana Hymn-book, a couple of songs may be sung.

After that, the one in charge of the meeting for that particular evening, will read from my Lessons, beginning with the first, and following in sequence through the entire series. Each Lesson should be slowly read, and questions may be asked, and answered at any point in the services. **NO COLLECTION MUST BE TAKEN.** This Movement does NOT operate for profit, and you must not take an offering.

Each member must promise to get one more Member to attend the

next weekly meeting. If that is kept up, each group will grow and then can be divided into many smaller groups. **DO NOT ENGAGE A HALL OR PUBLIC PLACE WITHOUT EXPLICIT INSTRUCTIONS FROM MOSCOW.** I am of the opinion that if we keep these groups very small, and of growing intensity, we shall be able to do much more for God and humanity than if we attracted public attention by holding public meetings.

I advise not having the study period last more than half or three-quarters of an hour. After that, each Member must tell openly what his or her experience with The Spirit of God has been. Remember, while my writings are inspired, the real inspiration for you will come direct from Almighty God. All my writings can do, or were ever intended to do, is to point you to God, from whom you will receive whatever blessings you need.

The secret of this method of worship lies in the fact that these Church-groups can be small and very numerous. Do not advertise in the newspapers. Invite men and women individually. Hand pick them as it were. This is the method Jesus used when His own church had cast him off. He went into the highways and hedges, impelling the lost to come in. You must do likewise. By doing this, we can make a channel of Spiritual Power, the like of which this nation has never known.

**DO NOT ACCEPT CONTRIBUTIONS AND DO NOT SEND CONTRIBUTIONS TO US.** There need be no expense about these Church-groups. Each pays his or her own carfare and Headquarters in Moscow wants nothing in the way of money from any of these groups. When there are enough groups in a city to warrant it, if you will advise Moscow we will endeavor to send someone to advise with you. But this is really not necessary. Just keep the groups small, and keep them splitting into other groups.

There is not another religious organization on earth which operates as we do. Nevertheless, this plan is proving to be highly successful, and if continued, will sooner or later attract nation-wide attention to us. When the time is ripe for that, I will notify you. In the meantime, never lose consciousness of The Power of the Spirit of God in your life. **EVERY HOUR ON THE HOUR, REPEAT YOUR HOURLY AFFIRMATION** Here it is, as you well know:—"I BELIEVE IN THE POWER OF THE LIVING GOD."

Please do not write to Moscow unless you absolutely have to. We are as busy as bees here, and, with God in your life, you can get all the direction you need from Him. Don't bother us unless it is absolutely necessary. **BUT IF IT IS NECESSARY, DO NOT HESITATE TO WRITE ME.** Yours for Amighty God.
