

# **This May Be The LIFE OPPORTUNITY You Have Hoped for**

There is no more joyous work than in the Vineyard of the Master. We of "PSYCHIANA" believe that the Realm of the Spirit of God is abundantly able to supply every normal human being with every good thing life holds. Certainly we do not limit the Power of God. Nor do we believe that because a man or woman believes in the Power of God, and has experienced that Power, he or she should go through life as a "Pilgrim traveling along a thorny road", as most religious organizations teach. If anything goes wrong they tell you it is "the will of God". If you are in ill-health and physicians give no relief, they tell you it is the "will of God". If poverty stalks you, and the good things of life do not seem to come to you, they tell you to "lay up for yourself treasures in heaven". But as far as laying up for yourself treasures on earth—well—it just isn't in their doctrines. Well it's in ours. "PSYCHIANA" believes and always will believe that if the Power of the God-Realm cannot bring to us some of its bounties here and now, neither can it do it "beyond the tomb". Anyway—no one knows anything about what goes on "beyond the tomb" but we do know what's going on here. Furthermore, we of "PSYCHIANA" are absolutely convinced, and have abundant proof, that the Realm of the Spirit of God exists here and now, and we say that it can—and will bring to everyone knowing Spiritual Law and how to use it, everything we can desire that is right and proper for us to have. We have enough confidence in God that we believe he can do this. The Bible teaches that he can. Most of the churches however hold their hands aloft in holy awe when someone suggests that the Power of the Kingdom of God be used for material manifestations here and now. They don't teach that and they don't want anyone else to teach it. If the "good public" can be kept in "fear" and "trembling", and if they can be made to think that something terrible will happen to them after they die if they don't do as this church organization or that church organization says, then you see the orthodox church can keep its hold on them.

We of "PSYCHIANA" however don't hold our members and students that way. We have won them, and we still hold them by teaching the Power of the Spirit of God to do things for us all—here and now. And every student of mine who is or shortly will be Ordained as a Minister of "PSYCHIANA", is having at this moment a golden opportunity placed in his or her hands. The world is waiting for this teaching. The churches are afraid of it. Personally, I am sold on it. Its logic appeals to me, and after about eight years of seeing it operate, I know that God's Power and Laws exist today if they ever existed. I've been standing on them for a long time, and shall stand on them to the end. Your chance is here. It will cost you a little money to get started, but, if you have the vision I have, you will jump at this opportunity. I shall carefully pick my Ministers, both men and women, and I make this prediction to you now—inside of ten years, I should not be surprised to see "PSYCHIANA" one of the most powerful religious organizations in the United States. Will you be with us? I trust you will, and, if you use good judgment and common sense you will be.

Cordially your friend and teacher,

FRANK B. ROBINSON.
