“PSYCHIANA” CHURCHES

**I Want 1500 Ministers to
Open 1500 “Psychiana”
Churches**

THESE MINISTERS MUST BE “PSYCHIANA” STUDENTS WHO HAVE QUALIFIED THEMSELVES TO BE ORDAINED BY ME TO RECEIVE THE TITLE “REVEREND” AND TO HAVE THE DEGREE OF “DOCTOR OF DIVINITY” CONFERRED UPON THEM. MEN AND WOMEN STUDENTS MAY BOTH QUALIFY.

“Psychiana” ministers are authorized to perform the marriage ceremony and bury the dead. They are authorized to preach “Psychiana.” Ever since this Movement started, I have dreamed of the day when we could have in operation 1500 “Psychiana” churches. The vicious attacks recently made on me have convinced me that “Psychiana” has arrived at the place where it is making its Truth and Power felt on our National Religious Thought. I feel the time is now ripe to establish these churches.

The "Psychiana" Movement

The "Psychiana" Movement was started here in Moscow about eight years ago by its present leader, Dr. Frank B. Robinson. It had a very humble start. Now—it is known all over the civilized globe. Dr. Robinson had but one object in mind when he started "Psychiana" and that was to spread the Truths of the Realm of God to the four corners of the earth. After a lifetime's search for God, the Light broke on Dr. Robinson one day, and, with the Light, came the desire to tell his new-found experience to the world. So, the Movement had its inception in the Spirit of God and Dr. Robinson has worked in and through the Spirit of God ever since.

Dr. Robinson was not interested in money when he started "Psychiana," and he is not interested in money now. He says: "I followed the leadings of the Great God-Realm when I wrote this Teaching, and I'm still following them." To Dr. Robinson, this Movement, and the Truths it teaches are all there is in the world. Orthodoxy has had its day. It has been weighed in the balances and found wanting. These old religious superstitions and dogmas may have been all right a thousand years ago, or five hundred years ago, or even fifty years ago, but what "orthodox theology" teaches today is not suited to the times.

People are thinking today. They are using their brains. They are using the greatest gem in the human mind—the gem of reason. And reason, and knowledge, and common sense tell them that something more than the old "hell-fire and brimstone" doctrine is needed to straighten out a harassed world. This is not to say that God ever changes, but it is to say that "orthodox theology" never yet has seen or known the true picture of God. It has fashioned itself an old Jewish God—"Yahveh," and is asking the thinking people of the United States to accept this god of theology's own manufacture. And the people won't do it. The church has taken what can easily be proven to be old pagan superstition, and has attempted to hand it to the world as a "divinely inspired Gospel of God."

It has told us, and expected us to believe, that the Bible is the divinely inspired word of God, absolutely true from cover to cover. But that is not true. I can show you passages in the Bible that God had nothing to do with writing. All Bibles contain some fundamental truths of God. All religions contain some of the truths of God. But no religion, to the exclusion of all other religions, contains all the truths of God. No religion in itself was "divinely appointed" to teach the truths of God to the rest of the religions, telling them that if they don't believe what they hand out, they will be damned.

"Psychiana" teaches a better picture of God than that. We do not claim that "Psychiana" has all the truths of God by any means. No one man, or no one religion has enough men in it to entirely comprehend the depths, the heights, or the wideness of the Realm of God. But "Psychiana" does know that the Truths of God given to the world but eight short years ago have encircled the globe. It knows that the simple faiths of the simple teachings given to the world by Dr. Robinson have been tried, and it knows that they work. No one can read but a small portion of the letters in our files and not be convinced beyond the slightest shadow of a doubt that the Realm of God exists here and now, and that it is abundantly able to do for us all more abundantly than we can ask or think, and do it here and now.

Now—Dr. Robinson's life dream is about to be fulfilled. He wants to start 1500 "Psychiana" churches, and he wants 1500 "Psychiana" Ministers to operate them. Quite naturally he will choose these Ministers from amongst his Students. When in Dr. Robinson's opinion these Students are fully qualified to teach and preach "Psychiana," he will authorize them to do so. Each Student will be given explicit instructions, and with the hunger for God there is in the world today, we can not see why each Student who becomes a "Psychiana" Minister can not be as successful, both financially and spiritually, as he or she wants to be. The hard pioneering work has been done. Every effort has been made to stop this Teaching, and they have all failed. The name "Psychiana" is known all over the world and the Student who is in earnest, and who believes in the existence of the Spirit of God here and now, can not only help tens of thousands of others, but can make himself or herself an outstanding power for God in his or her community.

This expansion program has been carefully thought out by Dr. Robinson, and every move has been directed by the Spirit of God, as Dr. Robinson understands that Great Life Spirit. As long as Dr. Robinson is at the helm of this movement, it will never operate any other way. This must be also the desire of his Ministers.

This is YOUR Opportunity WILL YOU TAKE IT?

Remember the humble start Christian Science and many other large religious movements had. "Psychiana" has grown faster than any religious movement we know of.
