

# "QUIET TALKS WITH GOD"

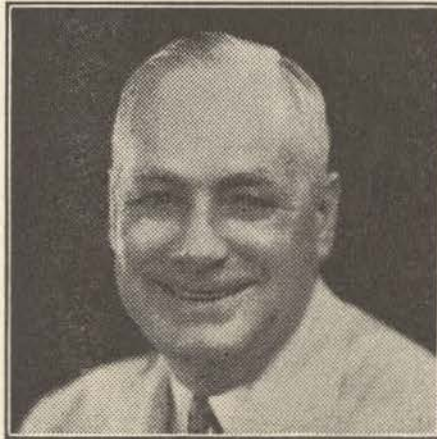

THE NEWSPAPER COLUMN THE  
AMERICAN PEOPLE HAVE WAITED FOR

Written by Dr. Frank B. Robinson, Moscow, Idaho

Man is out of alignment with God. It was never in the Divine plan that insane despots should arise who believe they can, by brute force alone, subdue the whole human race. Yet they have arisen, and there seems to be no Spiritual Force or Power which can bring them to a well-deserved and speedy end, thus restoring peace, happiness, freedom and joy to the peoples of the earth. It is the utter and complete lack of Spiritual Power which makes it possible for these world-desolators to manifest.

But they can be stopped. They can be stopped very easily, and that, without the firing of another shot. All that is necessary to bring these mad-men to their knees is for someone to demonstrate to the American people that the Power of God still exists, and is abundantly able to eliminate the brute forces of the materialistic dictator who will, if he can, demolish our beloved American civilization. The "unseen forces" of God have always been superior to the lower brute forces.

The "Quiet Talks With God" column will not deal with creeds, dogmas, or rituals. It will deal only with

the Power of God. It will show the readers of the column how they may find and use this ever-existent Power—now. It will not enter into a controversy with anyone, nor will it mention controversial subjects. Every religious organization that believes in God can agree with everything written in this column. The American people know God exists. Yet they do not know where or how to find God. It is the sole objective of the writer of this column to show them. After fifteen years experience with the Power of God, and knowing

beyond the shadow of doubt that the Power of God only awaits our use, the author of this column is well qualified to bring to Americans, and other peace-loving nations, the plain, simple truths of God. These truths can, and will liberate humanity.

Dr. Robinson is an extremely busy man. Yet he feels that in this critical hour in history he must give more and more of his time to bringing to humanity, at long last, facts of God which every American can grasp and use. This revelation of Spiritual Power is, in our opinion, the greatest spiritual revelation from God, of all time. This column will do what has never been done before—it will quietly show Americans how they may find and use, not theories of God, but the actual and literal Power of God.
