AMERICAN FIFTH COLUMN

*Specially Organized to Reveal the Power of God to the 110,000,000
Americans who Cannot see their Way Clear to Subscribe to
Present Theories of God*

DR. FRANK B. ROBINSON
Founder of "PSYCHIANA" and Originator of
The American Fifth Column.
MOSCOW, IDAHO, U.S.A.

An organization of Americans from every walk of life who believe most firmly in the existence and power of Almighty God, but who cannot, and do not attend any church, because they cannot subscribe to the concept of God advocated by our churches. Members of "The American Fifth Column" believe that the unseen forces of God can bring swift and sure disaster to Hitler, Mussolini, Hirohito, and whatever other would-be world desolators which may arise. Three times daily, members of this organization throw the unseen forces of God against the three arch-murderers who are ruthlessly spilling the blood of our fellow human beings. Neither Hitler, Mussolini, or Hirohito can stand against the "Unseen Forces of God." The more Americans who join with us—the quicker will this unholy trinity be eliminated. A welcome is extended to all Americans, whether church-members or not. We prefer those who are not.

THE UNSEEN FORCES OF GOD CAN DEFEAT THE AXIS

On Sunday morning, August 2, 1942, I happened to drop into The Hinson Memorial Church in Portland, Oregon. The preacher, who was supplying for the regular Pastor, was Dr. Bradbury, Editor of the official publication of the Baptist Church in America. During the sermon, Dr. Bradbury made the astounding statement that among the three major divisions of the Christian faith—Protestant, Jewish, and Catholic, only 15,000,000 of them ever attended their churches. While many more than that are listed on the church rolls, the fact remains, according to Dr. Bradbury, that only 15,000,000 Americans attend the churches of the three main branches of Christianity. Allowing 5,000,000 more for those systems of theology which are not included in the three main divisions of Christianity in the United States, we face the remarkable situation of 110,000,000 intelligent, honest, loyal Americans who are not interested enough in God to attend any church.

There is little use in beating around the bush—the church as it exists today cannot either get or hold the masses of Americans. Each branch of it is moaning because of lack of finances, loss of membership, and because of its utter impotence to reveal *the power of God* in a war-mad world. *If ever the United States needed the actual power of Almighty God—that time is now.* The Axis Powers actually and literally believe that if they can build more bombing-planes, more submarines, more flame-throwers, etc., than can the Allied Nations, they can win this war. Little care they of the human misery they heap on the earth. Little care they of the suffering and destruction they leave in their path. This means nothing to them. *Brute force, they believe, can subdue the earth, making them complete masters of all humanity.* And to date they have been eminently successful. As the score stands now—they are winning this war.

The sad part of it is that our religious organizations stand by, utterly powerless to impose against these mad dogs, any spiritual Power of any sort. They recommend that we “pray,” and that is good. But this world needs more than “prayer” if humanity is to be saved. *It needs a practical demonstration of the actual and literal power of God—and it needs that power now.* If the 20,000,000 church-members cannot introduce the Power of God to the rest of us—maybe the rest of us can introduce the Power of God to the churches. For I am convinced that there does exist, here and now, instantly available to *All Americans*, the “Unseen Forces of God.” I believe that the only thing which prevents these “Unseen Forces of God” from manifesting, is the complete lack of authentic information concerning these unseen forces. Certainly Almighty God did not create this world and then take his departure, leaving it at the mercy of three insane, bloodthirsty, meglomaniacs who will, if not stopped, devastate the greater part of the earth.

What is the matter with our churches? Do they have knowledge of the Power of God—or are they just preaching theories of God which are utterly unprovable, and which in any case are completely and positively impotent to reveal to humanity sufficient of the actual Power of God to bring Hitler, Mussolini, and Hirohito to their knees? They know the answer to that. What the balance of 110,000,000 Americans want to know is—How may we find and use the “Unseen Forces of God.” For every American worthy of the name instinctively knows that God exists.

HOW 110,000,000 AMERICANS CAN DEFEAT THE AXIS

The vast majority of Americans believe there is a God, but they seem not in the slightest degree interested in the church theory of God. The American Fifth Column is, then, addressing only those who cannot accept church preachments. If members of churches choose to join with this Movement, we shall welcome them with open arms. *But whether they do or not, we are determined to discover and use the "Unseen Forces of God," and throw these forces against the Axis.* We need no theology to do this. All we need to know is that somewhere, the Invisible Spirit of Life, which created this universe, the human race included—*does exist.* That's all we need to know.

If that Unseen Spiritual Force exists, it must be far more powerful than the brute force of the Axis. It remains then for us to discover the method by which the "*Unseen Forces of God*" can be utilized here and now, to bring the Axis to a speedy defeat. We believe Almighty God can stop this ruthless shedding of human blood, and we believe God can do it very speedily, by and through the *Invisible Power which must be—the Spirit which is God.*

The Founder of "*Psychiana*" and the originator of *The American Fifth Column* was trained for the Baptist ministry. But he could not, and did not ever believe what he was taught about God in the theological seminary. So he walked out—determined to find God alone. This—he did. Not only did he find God *in his life, but he discovered the method whereby Almighty God can manifest, not only in the lives of all men, but in international affairs. He knows whereof he speaks when he tells the American people that if they will follow the simple instructions advocated by "The American Fifth Column" Hitler and his ilk will come to a defeat so sudden and complete that the whole world will wonder how it happened.*

For fifteen years, Dr. Robinson has actually seen the results of the operations of "*The Unseen Forces of God*" in hundreds of thousands of human lives. He is, therefore, able to state with absolute assurance that if the 110,000,000 Americans who do not accept church theories of God, will do as he asks, peace—permanent peace, joy, happiness, equality, and everything else God stands for will be brought to this war-torn suffering world. That's worth working for—is it not? And the effort needed is very negligible. You see—*God cannot fail to respond when the proper method of reaching God is discovered.* That method has not only been discovered, it has been proved beyond the shadow of a doubt. It is not the church method, we are sorry to say.

So now—we are asking that 110,000,000 Americans who cannot accept church theories of God, to contact God direct, and, *after having proved the existence of the Power of God, use it at least three times daily against the Axis.* The churches, of course, may scoff at this method. But they should not in view of the fact of their very evident failure to bring to humanity, in its very darkest hour, anything more than their own pet theories of God. *Those theories have had 2000 years to prove their merit—and they have failed humanity in this, its darkest hour.* So the rest of us are going to try and see what God can do when the mass of the American people, with no theories of God whatsoever, throw the "*Unseen Forces of God*" against the Axis. If only ten percent of the 110,000,000 will do this, this brutal war will stop inside of thirty days.

PREPARE FOR A STAGGERING MANIFESTATION OF THE "UNSEEN FORCES OF GOD"

George Washington was by no means a "religious" man. Yet, when he faced defeat at Valley Forge, he called loudly upon "*Unseen Forces*" to come to his aid. And they came. And America was saved. That man was unconsciously using the only method whereby the unseen forces of God can be contacted. For, after fifteen years of dealing with hundreds of thousands of Americans and others, all over the world, the simple fact of the Power of God is that *this power responds to the spoken desire of any human being*. Church membership is not necessary. *Whenever and wherever men and women want something good from God, and make that desire audibly known to God, God cannot possibly fail to respond. You can bank upon that statement.*

Now every right-thinking American wants this brutal war stopped. We want to see Hitler and his parasites swept into complete and permanent oblivion. This is a right desire. And *God cannot possibly fail, if the American people speak that desire. That is the law of God*. Speak the desire loudly, at least three times daily. Realize what you are doing when you do. For, whether you understand it or not—*the spoken word of man, uttered in earnestness, and with an intense desire that something good manifest—is the power that throws into immediate action, all the powers God has*. The "*Unseen Forces of God*" are at once released when men and women do this. This is not praying. It's something far better. *It is providing the channel through which the ever-existent forces of God can bring into being, any good thing which the human heart can desire.*

We all desire the complete overthrow of the Axis. If Americans will do as we ask them to do, believe us, *The Unseen forces of God will manifest in such a manner that the whole world will be staggered by the force of this manifestation*. Hitler knows that he cannot stand against the Power of God. He also knows that the Power of God is a completely unknown factor on the earth today. That is—he thinks it is. The American Fifth Column, however, will show him different.

Everyone who replies to the "*Psychiana*" advertising is sent a Membership Card, telling what to do and how to do it. There is no charge for this Membership Card, nor are there any dues, fees, or other payments to be made into the "*American Fifth Column*." We are standing all expenses ourselves and are glad to do it. All we ask is that the 110,000,000 who cannot take the ideas of God advocated by the churches, *try this method of finding the "Unseen Forces of God."* If they do earnestly what we advocate, this war can be stopped overnight, and that without the firing of a single shot.
