

SPECIAL NOTICE TO ALL INQUIRERS

Naturally, we have no way of knowing when the present world debauchery and wholesale bloodshed will cease. We do not believe permanent peace can come to this earth until Hitler, and all he stands for, is once and for all destroyed. In the meantime, we believe it to be the duty of every citizen and resident alien to support this Government and its leader to the fullest extent. Democrat or Republican. Whether you agree with the policies of the present Administration or not. We are in this crisis, and, we repeat, we are not liable to get out of it until the last semblance of despotism is driven from the face of the earth.

Our Government is making an appeal to everyone to buy Defense Savings Bonds and Stamps. We have bought as many of these bonds as we are financially able to buy, and shall continue to buy them right up to the limit of our ability. PSYCHIANA Inc., is NOT a political organization—it is a religious movement. We feel, however, that it is our duty to call to the attention of the hundreds of thousands of people who write to us for information, the fact that our Government is asking that these Defense Bonds and Stamps be bought.

It is also the duty of everyone of us who live under the protection of the Stars and Stripes to make any sacrifice necessary in these critical times. "PSYCHIANA" hates war. Every true American hates war. But slavery to some despot is worse than war. So, whoever you are, won't you do your part and buy, and continue to buy, all the Defense Savings Bonds and Stamps you can? Thank you.
