"A Movement of the Spirit of God on Earth"

I, NO. 2.

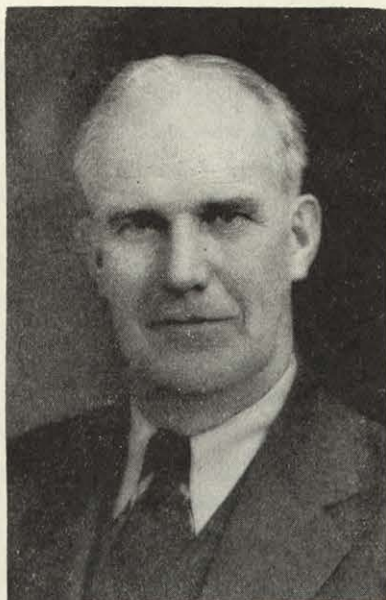

MOSCOW, IDAHO, SATURDAY, JAN. 13, 1940.

10 CENTS A COPY.

TAKE pleasure this week in introducing to you the second in command of "ASUCHIANA," Dr. C. W. Tenney who, in addition to being Assistant Director of the Movement, is also one of three active Directors. Nationally, Dr. Tenney ranks high. He may be found in "Who's Who in America" where he is listed as an educator. We secured the services of Dr. Tenney from the Institute of Religious Education at the University of Idaho, in Moscow, some few years ago. He was then Director of the Institute. It is to that Dr. Tenney was President of Montana Wesleyan College in Helena, Montana, for about 14 years, and was President of Gooding Methodist College at Gooding, Idaho, 13 years. Then again, in addition to this experience, he was State school inspector of the State of Montana for several years. You will know by this background that he is very well qualified to act as Assistant Director of this Movement. The Divinity Course is completely under his control.

Dr. Tenney was born in Van-der-Water, Wash., U. S. A., on July 18, 1873. (He doesn't look it.) His education included the degrees of B.S., M.A., and LL.D. I think he's a fishman although I have never been able to get him to admit it yet. You will note by the keen eyes in the photo, somewhere in the background lies Ireland. Dr. Tenney's work is to answer the questions from Students and to take care of the Divinity Course. I realize that Students would rather see the picture of F. B. R. on their letters, but they will realize that it is a real impossibility to personally

answer every letter and telegram. However, Dr. Tenney is not above asking for advice when he needs it, and that makes him a valuable man.

Although a Methodist still, and a Member of the Methodist Conference, Dr. Tenney sees the beautiful accomplishments for God through this Movement, and, to quote his own words—"I have seen more of the Power of God in action since I met Dr. Robinson than I did in 40 years of Methodism."

It is not possible for anyone to be very close to this Movement and not be amazed at what is happening through the Spirit of God behind

the Movement. If these things did not happen, and if we were not able to prove the present existence of God here and now, this Movement wouldn't be in existence. It's hard work, and it will continue to be hard work until the world recognizes what is going on here. Then the full force of what we are doing will burst into universal bloom, and the world will then begin to actually and literally "walk and talk with God." That is our aim. Naturally it takes time to accomplish.

I was in Washington, D.C., a few weeks ago and was in conference with that grand old Idaho American, Senator Wm. E. Borah. During the conversation I said to the great Senator—"Senator—we're growing very fast. I shall continue to give everything I have to this work until it accomplishes what it is meant to accomplish." Holding out his hand and looking me square in the eye, Senator Borah said—"Doctor, I think it's absolutely amazing that you have done as much as you have done." Yet it will take perhaps another year or so before the whole world knows the truth of this Movement and begins to live the overcoming life through the Power of the Spirit of God.

The old heathen ideas of a "crucified god" lie quite deeply buried in the make-up of some people, but more people are not interested in that sort of a God so there is very great room for the hope that inside of two years, all America will be coming to us for the Power which is God. When that happens, perhaps I can take life a bit easier and not work day and night as I

(Continued on page 3)

# CAN IT BE POSSIBLE?

I WAS having some conversation in Chicago recently with a man who considers himself to be a "noted divine" although I have never found anyone else who considers him either "noted" or "divine." However, this chap thinks he is so we will allow him to have that doubtful honor. During the conversation, in which this chap had been trying hard and in vain to impress me with his importance, he said to me in a rather arrogant manner:—"Do you think it can be possible that the entire church has a religious philosophy, which is not true?" I replied—"Not only is that possible, but it happens to be a fact my friend."

He did some thinking. For some reason or other this chap has a wholesome respect for my ability in the realm of religion, and he has, on more than one occasion, alluded to me as "the best posted man on ancient religions in America today." I disclaim that honor. I don't want it. I do, however, know enough of the structure and origin of all religions to be able to defend myself from attack on theological grounds anytime, anywhere.

However, this chap has that idea, and I felt flattered when I saw what the good deacon was really thinking. If he thinks hard enough he will see the truth of my statement. Now a "belief," even though it cannot be proven, is not necessarily a bad thing. It might even be a good thing. But a "belief" which is known to be actually false and unsound, never can be a good thing. In this realm of religion it is not hard to conceive of how so many millions are believing in a false religious philosophy. In the first place, 999 out of every 1,000 do not believe it. I mean actually and literally.

True, they belong to organizations which say they believe it, and they teach it. But as far as actually believing that the Great God-Spirit of all creation ever was so much flesh that human beings could kill him—

well—the thing is too preposterous for anyone in his right mind to believe. And it is not believed even though many tell us they do believe it. It is a mental impossibility to believe anything the reason cannot conceive of, or understand. And no one can understand a just God making a mistake when he created men, then drowning them all out of existence like rats in a trap. That cannot be conceived by any normal human mind. Therefore, no normal human mind can believe it. Personally, even if it were true I should not want to believe it. Thank God though, it is *NOT* true. It's a million miles from the truth.

Well how did the story ever get started then? Well in the first place, the entire Christian system of theology is an absolute copy of the religion of the Hindu insofar as its fundamentals are concerned. The "heathen" Hindu was in possession of every fundamental of the Christian religion, and he had these fundamentals 1400 years before Christianity was ever heard of.

It can be demonstrated that somewhere in the religious shuffle, Hinduism and Christianity became entangled. Probably through the Essenian Jews, for Jesus of the Christian church, if he ever lived at all, and according to the bible traditions of him, was a Syrian Jew, and an Essenian follower of Buddhism in all probability. The whole thing is so vague, and evidence is so impossible of proof, that one must stretch his imagination farther than I can stretch mine, to even give the story serious thought. It can be disproven only by proving that it is not original, not reasonable, and therefore untrue.

But it is a religion of fear, and had it not been for the "heathen" and "fearful" condition of the minds of men some few thousands of years ago, the story never could have gotten off to a good start. But it did, and while lots of harm has been done on account of it, and while lots of wars have been fought

on account of it, still, it is questionable if, viewed in the light of all that has happened, all that is now happening, and all that is to happen, it might still have served a useful purpose. I can't see it personally. But it might have.

Life here is an evolution. It's an evolution into the knowledge of God. Away back yonder, those ignorant Jews, and others believed what every priest and Rabbi asked them to believe about God. And millions say they do. But the gem of human reason was never used because of fear. And when the Roman Church first came into existence, it punished by death anyone who even attempted to reason. Even now the priest tells you that you should not read the bible—he tells you to let God's agent decipher it for you. He knows full well that if you read it, you will soon cast it aside as being an impossible and highly improbable old pagan story, originating in a mind which could not even exist in present day conditions.

But, as the years have rolled on and as men's mental faculties have shown them the fallacy of fear, and anything, these old religious traditions are found to be making a rapid exit. All of them. And the world will be a better place after they have gone. For then, with these old religious superstitions out of the way it will not take men and women long to find the actual and literal presence and Power of God. When that presence and Power was discovered in human lives, this world will really change. No more wars then. No more grabbing one other fellow's country just because you want it and because he is too small to defend it. All that sorcery, together with every old religious tradition the world has known will be a thing of the past because the God-Spirit will be recognized and its presence known.

Yes my friend—it can be possible and it is possible that millions believing in a false philosophy of God, and men of "the cloth," you are responsible for their so believing. Better change your philosophy if you want men and women to know the True God-Spirit.

## Russian Revolt

news dispatch this evening that the Russian soldiers refused to meet the Finns in the icy weather, and that Russian planes soared overhead and shot down their own soldiers. If every Russian soldier would do that and every French soldier and every other soldier fighting over there, the war would end quickly. Why should those devils suffer the torments of war just because Stalin tells them they don't even know why they are fighting. So why should they kill those of another nation whom they have never even met? That system is wrong. I wish that every man in the trenches would throw down his arms and fight Hitler, Stalin, Chamberlain and the other diabolical leaders that if they wanted to, they could get out in the back of some field and fight it out. The soldiers could be the referees. That would be much better than one man being able to send to their deaths, thousands of other fellow-men, would they not? These Russians are attacking. They are not attacked. They are trying to steal by force of arms the freedom of a smaller and independent peace-loving nation. They are trying to remove the democratic government of that small country, and to replace it with the rotten lines of communism. Even if communistic doctrines were to be used they would fail. But Russia is no right whatsoever to place one foot in Finland. They made a mistake when they attempted to. I believe the Russian army is the biggest ever known. It's a "paper" army and a poor one at that. I believe Hitler has had enough. We must remember that many thousands of our Students for months now have been throwing the Power of the Spirit of God against him, and he cannot stand that for very long. The Power of God is a very dynamic Power when used. There is no one using it these days. People do not give God credit when existing, let alone taking a hand in this world's affairs. Well, we are taking more of a hand in the world's affairs than many

realize. And God will win. For God is, in essence, everything that is right. None can triumph against that sort of a Power.

## Giving

Many have asked us if we wish them to "tith," that is to give one-tenth of what they make. Well, we shall not ask that. We want every Student to give to this Movement as the Spirit of God leads you to give, in addition to your payments for the Lessons. Whether you send us one dollar extra or one hundred thousand dollars extra, it all goes to spreading this Teaching. I give you my word that no one connected with this Movement ever receives one penny of profits or dividends. Notwithstanding the insinuation of Mr. Pegler that these "god-men" can keep the pot and split it three ways with the "old lady" and the "son," etc. That sort of journalism should not be allowed in our opinion. Freedom of the press we must have, but when newspapers run that sort of thing, we question whether or not it hurts or benefits the paper running it. None of it will ever run in the paper I control, I promise you. I predict that Mr. Pegler will regret ever making his insinuating attacks on this Movement.

## A Request

Please—all Students, when you write us, *put your full name and number at the upper left top of the first page of your letter.* If you do not, your letter may not be answered. Sometimes we are swamped with Students' mail, most of the time in fact, and we cannot leave the dictating of these letters and go to the files to see if you are a Student or not. We cannot answer letters from Non-Students much as we would like to. So if your letter is not answered, it is probably because you did *not* put your full name and *number* at the top of the first page. Sorry, but it must be this way. We are handicapped during this rapid growth, and we want you to cooperate with us in this.

## A Word of Thanks

Mrs. Robinson and myself and every employee desire to thank our Students for the wonderful flood of Xmas cards sent to us this year. They came in far greater numbers than ever before. It is very much appreciated, this show of friendship. If we all pull together through the coming year, we can do a lot towards eliminating false conceptions of God. We can go far towards bringing in the truth, the priceless truth of the liberating Power of the Spirit of God. I shall depend on you and you can depend on me.

## The Second In Command

(Continued from page 1)

I am forced to now. With Dr. Tenney's help though, the burden is made a bit lighter. I suppose I should not talk about the work of God being a "burden" for really it's a joy. But we are yet physical beings, and while the Power of the Spirit of God continually gives me strength and Power, the "flesh" still is inclined to get a bit weak sometimes. It is then one appreciates a man like Dr. Tenney. So now that you have a bird's eye picture of the man whose signature you so often see, please feel free to write him concerning your Lessons if you feel you have need to.

Issued weekly. Subscription price \$5.00 a year. (All correspondence should be addressed to the Editor.)

"Psychiana" is a Movement of the Spirit of God on the earth, and the aim of this Magazine is to assist "Psychiana" in making the Spirit of God a vital living Power in the lives of our fellow-men. The Movement is non-denominational. Its Members comprise adherents to every faith in the world. It wants to help them all. We have no "articles of faith" nor do we have creeds or rituals. We know man exists, and we know the Spirit of God exists. We know man can know the Power of the Spirit of God while on this earth, and through this Movement God is being made a Living Reality to men and women of every race and creed all over the world.

Whenever it is necessary, this Magazine speaks very plainly. Many traditions of "orthodoxy" are shown for what they really are. Whenever we find ancient myth and superstition masquerading as being of the Spirit of God, we bring the facts to the world, kindly but forcefully. We believe the Power of the Spirit of God is abundantly able to step into this desperate and discouraging world picture, and bring a permanent peace. To this end we are striving, and as the Spirit of God reveals Itself to us, we reveal It to others without fear.

Members of every church are cordially invited to come and find and use the Power of the Spirit of God with us. An infinite love for all is the motivating Power of this entire Movement. Through this Movement the Spirit of God is making Its presence known on earth.  
The Editors.

## Newspapers

The newspapers of the United States can give us a lot of assistance if they will by publishing the articles from the Weekly. It might be a good thing for our Students to contact their local newspapers, asking them to do this. While every issue of this magazine is copyrighted, we will give the right to any newspaper to reproduce any article from its columns on giving us credit for the article. I am placing the editors of the leading newspapers on our mailing list, and you can help a lot by personally contacting them and asking them to help bring this new conception of God to the world.

## Your Experience

If you have had an unusual experience since studying with us, and if that experience deals with the Spirit of God in your own life, write us that experience. If we deem it of sufficient international importance, we will run the story in the Weekly. Make it short. Tell in as few words as possible what the Power of the Spirit of God has done in your life through "Psychiana."

## Questions and Answers

Ques: What did Jesus mean when He said, "All power is given unto me in heaven and in earth"?

Ans: Well, if he ever said it, he meant just exactly what he said. And you too can say the same thing. ALL POWER IS GIVEN UNTO YOU, AND IT IS VERY FREELY GIVEN TOO, BOTH IN HEAVEN AND ON THE EARTH. That is what I have been teaching for ten years. This Power was given to you at birth. It still lives in you. Use it. For it is the Power of the Great Spirit, God—not in the skies, but in YOU. If you will always remember that, you will overcome in a big way.

Ques: I am the wife of a Methodist minister. Both husband and I feel that we are doing nothing for God or the world or ourselves. Yet we hate to give up the teachings of the Methodist church although we both know you are both right in what you say. What can we do?

Ans: Well there is only one true thing to do. Of course, husband and you can continue to preach what you know is not true, but in that event, great will be the condemnation upon your heads. YOU KNOW THE TRUTH. And if you go contrary to that Truth, you will not only harm yourself, you will be harming others too. Don't do it. I'd get out of that ministry so fast it would make your head swim if I were you. Take God and let the Methodist church get another minister. It will pay you many times over. By the way, I think the day is coming when all denominations will embrace this Teaching. They won't give your Humble Founder any credit of course, but they will have to accept it. May God speed the day, for then my work will be done and I shall be able to "requiescat in pace."

Ques: (And a pertinent one, too.) If someone, perhaps a Roman Catholic shoots you what will become of "Psychiana"?

Ans: "PSYCHIANA" will still be here because the Catholic church can't shoot God. They may get me, although I very much doubt that. But this Movement has its inspiration and derives its power from the Realm of the Spirit of God. If I am taken away, God will provide another who will probably do a much better job than I am doing. For if ever there was a bundle of mistakes, I am it. But, you see, my strength is made perfect through the strength of God, whose I am and whom I serve—you understand?

Ques: I am a sufferer from chronic rheumatism. I have been told there is no cure at my age. I haven't been out of bed for ten years. Can I be cured?

Ans: Well you know the answer to that better than I do. You know full well that the Spirit of God, which Spirit gave you physical life in the first place, is well able to take care of

that physical body while it is on earth. Will you apply the Power of God against that rheumatism, or do you admit that rheumatism is greater than the Spirit of God which dwells in you? The answer is yours and your friend's.

Ques: I live in an apartment house owned by a rabid Catholic. Last week Mrs. \_\_\_\_\_, the landlady, saw me reading your Lessons. She ordered me to move out at once, and stormed and raved at me for bringing "trash" into a Catholic home. What shall I do?

Ans: Move out. Send me her name and address and I'll send her something to make her think.

Ques: What, if anything, can you do about the Snite boy in the iron lung?

Ans: Some time ago, while in the hospital, I felt very sorry for that boy. I wrote his father a letter stating that if he would promise me absolute secrecy, no publicity, and no money, and if he believed that God could heal that boy, I would go to New York and he would witness a recovery. The letter was completely ignored. Hence, I can do nothing for that young Snite now. I could have done that time as the Spirit of God would have me to write that letter. The Snites are Catholics I understand. They are the boy to Lourdes, but it didn't work. It never does.

(Continued next week)

The remarkable thing about the dastardly Russian attack on Finland is the remarkable manner in which the Finns are holding off a pack of red wolves. I'm not so sure that the Power of the Spirit of God thrown against those Russians by the Finns is not having its effect. In fact, I'm sure it is. You will remember the wire I sent to Hitler when he declared war on the rest of the world. I told him that he was now opposing the Power of the Spirit of God, and making his defeat so very sure that he begins to look as if I knew what he was doing there too, doesn't it?

# ONE MORE YEAR

WRITING this to you on New Year's Day, 1940. What this year will bring forth none can say. But I know that it will be the most terrible year this world has ever witnessed. The abomination in Europe will intensify. More human blood will be shed than ever before. More horrible suffering will be brought upon humanity than this torn world has ever before seen. The man responsible for it says, "The Almighty is with me." How he deceives himself. I shudder when I think of the world of 1940. I want to do something to help alleviate these terrible sufferings. I know what the remedy is, but how to apply it best is my problem.

I don't believe these mad-men will be brought to their knees by force and arms. They may be. And again they may not be. But there is one thing which can bring them to their knees, and that one thing is the Power of the Spirit of God. The betrayal to do this would be for these mad-men to allow someone to show them the peace, the joy, the happiness, and the fullness of supply which is to be found in the Realm of the Spirit of God. But of course that is out of the question. For Hitler says God is behind him. It's a strange combination. Hitler who says God is with him, and Stalin who says there is no God. It was a sad day when that combination got together. A sad day for them, and a sad day for the rest of the world.

But the question remains, what will you and I do to bring these mad-wreckers to their knees? The answer lies in our closeness to the Power of God. For, I repeat, only the Power of the Spirit of God can bring peace and lasting happiness to this chaos. Regardless of which side wins this struggle, no side will win it. And regardless again of which side does be considered victorious, neither side could set up a civilization which would endure. In another 25 years it would be the same thing over again. More submarines. More bombing-planes. More

bloodshed. So what difference does it make which side wins?

Only by recognizing the Power of the Spirit of God on the earth can man ever inherit an earth worth inheriting. Only by recognizing the Spirit of God on the earth, can peace, lasting and permanent, ever come. The Movement through which the Spirit of God is manifesting on this earth is now known. It is the "PSYCHIANA" Movement of Moscow, Idaho. Then it's Moscow, Idaho against Moscow, U.S.S.R. is it not? What this Movement is accomplishing in individual lives through the Power of God is becoming more and better known. The fact that the Spirit of God really is manifesting through us, is becoming known too. Those who, a few years ago, scoffed at this Movement and gave it 6 months to live, now know that it will live much longer than that. Those misguided souls who, thinking their political power impregnable, tried to stop the Movement by persecuting its Founder, now are beginning to realize that they committed a very grave error, and I believe some of them are sorry for having originated that series of attacks.

But now that the Movement is well under way, and now that its following is increasing by thousands every month, what is the next step? Well what I would like to do would be to make a personal appearance in every large city in the United States. I should like to make an offer to every religious organization in existence to join with us in bringing the Power of the Spirit of God to the attention of my fellow-men. I feel sure that if this could be done, the Spirit of God would be poured out in great measure upon all humanity. I believe that the whole church structure could be won over to depending on the Power of the Spirit of God in this world calamity. These good fellows are honest. There is no question about that. They really believe that in talking about Jesus they are talking about the God of this universe.

They believe that because their

organizations have told them to believe it. But in addition to being honest, these good folks are also intelligent. And when it can be shown them that they have been worshipping an idol instead of God, they will join with us in demonstrating the true Power of the Spirit of God. I am convinced of that. A personal appearance tour of the United States might bring in the greatest spiritual out-pouring the world has ever seen. No two outpourings of the Spirit of God have been alike. And this one certainly would be different from anything this world has seen. Had we the money I would start tomorrow.

As a result of this Spiritual Awakening, men and women in every city in the U. S., would, I am sure, rally to our support when they saw what God was doing through this Movement. The newspapers would cooperate, for they know as well as we know, that only a higher Power than man possesses can step into this alarming world picture and bring peace. Religion, then, under that sort of Spiritual Awakening would be a very real thing. The Catholic would forget all about his mass, the Baptist would forget all about the water, the Presbyterian would forget all his funny creeds, etc., and they all would join hands to bring in to this world the Power of the Spirit of God. That would be a Spiritual Awakening worth while, would it not? Well it will have to come, and the Founder of "PSYCHIANA" will have to be the man through whom the Movement starts.

A few years ago, I suggested a movement like that to a certain protestant religious leader, and shortly after a "Flying Squadron" was sent all over the United States. The object of the "Squadron" as told to me, was to "deepen the spiritual experience of all Christians." But it failed. For the world today is worse off than it was before the "Squadron" started out. The reason it failed was because it attempted to bring in a deepening of spiritual values, leaving God out of the question entirely. So it failed. All such

## One More Year

(Continued from page 5)

attempts failed, as they must with God out of the question. "Oh but they preached Jesus Christ" I seem to hear some say. True—but that was not enough. The Squadron failed to deepen the Spiritual experience of Christians.

And every spiritual movement, regardless of how honest it may be, and regardless of the organization behind it, will fail if it leaves God Almighty out of the picture, and substitutes in the place of God—Jesus Christ. The substitution will not work. Even though these good folks do believe in Jesus as God, they still have what they call the Holy Spirit left. That is the Spirit of God I am teaching. But they will have to preach and teach and experience the Power of that Spirit themselves. Then, they will go places for God. There is little use beating around the bush. The story of Jesus as God has been preached by the Protestants for 400 years now, and look at the world. The Catholics have been operating on the same theory for longer than that, and they too have been able to get just exactly nowhere in bringing to the world the knowledge of the Power of the Spirit of God. With them the whole thing is the Roman Catholic church. And even that is not sufficient to bring a knowledge of God to humanity. It may satisfy itself, but it does not prevent war, nor does it do one single thing towards bringing to humanity, the priceless truths of a priceless God. So some other and more potent conception of God and some more potent outpouring of the Spirit of God will be necessary, and is necessary now.

I do not know if such a movement as I am speaking of can be started in 1940. It would take a lot of money to start it, although I believe after it was started it would finance itself. But we won't worry about that. When the proper time comes, the Spirit of God will bring to me the man or the woman who has ample funds with which to do this, and then we shall start. I learned a long time ago not to try to force God.

Everything we all need is in the Realm of the Spirit of God, and he is a happy man who has learned to "be still, and know that I am God." The trouble today is to get men and women to act when they know the leadings of the Spirit of God. But there is a danger too of trying to go ahead of God. That is disastrous always.

Now what shall we of "Psychiana" do until such time as the Spirit of God reveals our next move? Well, the main thing now is to direct our every effort to the bringing of the Power of the Spirit of God to the world, so that this horrible carnage in Europe can be stopped. Nothing else matters. To help accomplish that, our Students are spending a few moments three times daily with God, and are throwing the Power of the Spirit of God against those powers which are devastating Europe today. That means much. It probably is meaning much more than most people realize. For it is impossible to *DIRECT THE SPIRIT OF GOD ALONG THAT CHANNEL WITHOUT DOING ITS WORK VERY EFFICIENTLY*. Never forget that. And at this very moment, on New Year's Day, 1940, both Hitler and Stalin are feeling the effects of this Spiritual Movement of God. It cannot be otherwise. Those of us who know very much of God, and how the Spirit of God operates, know very well that it is possible for us to sit quietly here in America, before God, and throw the Power of the Spirit of God against any Power opposed to God anywhere.

I said to my Students in one of the Lessons—"Your thoughts are part of the Living God." They are. And that is the reason it is possible for me, or you, to sit in our rooms, and through our knowledge of the Power of the Spirit of God, make it so uncomfortable and so miserable for the one the Power is directed against, that such a one will know something is going on. If just my Students alone, all over the world, will keep these affirmations up against Hitler and Stalin, and will be in close touch with the Spirit of God while doing them, anything may happen. Of course, what I would like

to see would be every church in existence working with us in our efforts to make God a Living Reality to mankind. The Protestant church may. The Roman Catholic church never will. At least it would surprise me greatly if it did. But any of the Protestant churches alone should be sufficient. If I can get them to lay aside their cherished Jesus tradition, and exchange it for the actual Presence of the Spirit of God, I shall have accomplished wonders. I believe it can be done. I believe *WILL HAVE TO BE DONE* peace is to be restored to this spondent world.

So then, we of "Psychiana" will up the banner of the Spirit of God to the world. We have taken our stand which will put God to the test. And God never fails. So that we are assured of victory because we fight our battles, not in the name of Jesus Christ, but in the Power of the Spirit of the Living God. And that's different. I want every Student of mine to live in the fullness of the Power of the Spirit of God. I want every one of them to send this Power against those who would drive God, and justice, and love from the face of the earth. If you will do that, this Movement will make its Power felt in Europe in no uncertain manner, and, perhaps before we know it, the Great Day of God will be ushered in.

I don't know what to say about the personal appearance tour. T

By Dr. Robinson

Would you like to know the answer to this question? Dr. Robinson's new book gives you the answer when he sees it. This book costs \$1.00 and may be had from our International Headquarters in Moscow, Idaho.

have to wait for the present. This Weekly to write on top everything else, I'm afraid my will be very full. However, I that someone will make it possible for this tour to be made. We see. In the meantime, send us the names of your friends you and we will send them our cure, and through it they will God. What the story will be one from tonight, I do not know. I know that the world will be in a different condition from what it is in tonight. These devastating cannot keep up their destruction much longer. Hitler said today—"The success of Germany is absolutely assured." I beg to disagree with him. Before he declared war or rather before he started dropping bombs on Poland, I sent a wire. The wire cautioned him against taking the step which would lead the world into disaster. He took that step. Now, he must suffer the consequences. I told him in that letter that he was not now fighting for Great Britain, I told him I was fighting against the Spirit of God, and that he would most certainly lose against such a Power. I am more convinced of that today than I ever was. You may depend upon it I am throwing whatever Power I may have against the men, and they cannot keep going indefinitely. They will be brought to their knees. Let every member of this organization all over the world work with me. We shall

from the bottom of my heart for your kindness in sending me this course."

Well that letter warms us to the very core. It is letters like these which prove that the Power of the Spirit of God actually is behind what we are doing. God, through us, is making Its greatest Power known to human beings. That's the way the world will be saved. You will note that Mrs. Algate states that the Spirit of God has given her everything she desired. Well—did not God make the cattle on a thousand hills? Why should not this Mighty Spirit be able to give us all what we desire? It can. It will. It does. Glory be to the Spirit of the Living God. (If I ever felt the Spirit of God close to me as I write this to you, it's now.) But shall we get along, and see what the next letter has to say. This one is from Mr. Embrey in Missouri. And listen to it, you who do not believe in the ever-existing Spirit of God—you priests and preachers who are reading this magazine—what criticism can you have to offer for this work? You will have to sooner or later. Better start now. Now listen to what Mr. Embrey says:—

"The recovery of my baby was almost instant, and the child is entirely well of a serious throat trouble of five weeks. His general conditions are perfect. How wonderful, yet so very real. We thank you very, very much for your wonderful work. In words I cannot express my thanks."

This was a case in which the child unquestionably would have passed away had not the Power of the Spirit of God been thrown against the disease. As is always the case, the healing Power of the Spirit of God drove out INSTANTLY the illness which threatened to end that little life. We are very happy Mr. Embrey, very happy. May the Spirit of Infinite Peace be with both you and that little fellow forever. I imagine the word "wonderful" has been used in letters to us more than a million times. It is the most outstanding and most used word in our files. It is wonderful my friends. God is very wonderful. And the Power of the Spirit of God can be used by you any time, anywhere. Remember that please. Now to another letter. This one is from Mrs. Bach in Wisconsin. Chippewa Falls to be exact. She says:—

"I am deriving great benefit from the Lessons—a greater calmness and hopefulness seem to predominate. I have the promise of employment, also. May your efforts continue, in spreading the knowledge of the God-R Realm to the world."

Well God bless you Mrs. Bach. You will have more than the promise of employment before God is through with you. Never forget the Power to get employment lies in you. IT IS GOD IN YOU. That Power will direct you to the proper place. May the Spirit of God abide with you for ever and ever.

(Continued next week)

Please do not address letters to individuals in "PSYCHIANA" except Doctors Robinson and Tenney. Put "Lesson Dept." or "Students Accounting Dept." on them instead, depending to what department you are writing.

## A Request

Hundreds of thousands of people, actually and literally, write to me asking for these Lessons. I am unable to send them because we have not the money with which to send them to those who cannot pay for them. I wish we could. But it may be that you would like to send us enough money with which to help at least a few of these good souls who cannot afford to buy our Lessons. Some years ago I started sending them free to everyone who asked for them regardless of the expense to us. Well it wasn't very long until the postage on the free Lessons exceeded that on the paid Lessons, and had I kept it up, we could not have operated. However, this Movement is getting pretty widely known. And its merit in human lives is being rapidly publicized. If you can pay for these Lessons to be sent to others who cannot pay for them, please do so. If you can endow this Movement, it is your privilege to do so. Please get in touch with me if you have substantial means, or if you know of someone else who has substantial means, who would like to put that money to work for God and human souls. The day will come, and the person will come who can do that. In the meantime, if you can afford to send in here a sum of money to pay for Lessons for some unfortunate who cannot pay for them, we will send the Lessons to those who we believe need them most.

We have a nice binder for the WEEKLY. You should keep each issue of this magazine. It's good to go back and reread it. Price of binder is 50 cents as long as the supply lasts.

Don't forget to wear your "Psychiana" Emblem. It will surprise you how many other Students you will meet if you do. Emblem may be secured at Moscow Headquarters, \$1.00. You may secure three emblems for \$2.50.

We need a larger building here in Moscow, Idaho. The total cost of the building we should have would be in the neighborhood of \$25,000. Would you like to build it for us, or help us build it? If so, get in touch with Dr. Robinson. If you send a financial gift, mark envelope "building fund."

## With Our... Students

Another letter comes from Mrs. Algate in Honolulu. That's a long way off. Here at Mrs. Algate says:—

"It has been in my mind always to write you and thank you for these most wonderful Lessons. The ever-present Life-Spirit, ever-existing Power of God that made me a human body, has given me everything I desired. I never thought this ever-present Power of God could be known by anyone and shared in the lives of everyone for health, wealth, and happiness. I am very happy in the Power of God, and thank you a million times

## Another "Church" Attack

The latest church magazine to "attack" this Movement is the Methodist Advocate, the official organ of the Methodist church in the west. These are days in which every organization which claims to be representing God, should do everything in their power towards throwing the Power of the Spirit of God against these abominable world conditions. Wherever you find a magazine editor who has nothing better to do than to attack this Movement, you find there a man who is not in the least disturbed by world conditions, else, he would give every line of his magazine to his duty of telling men and women of the ability of the Spirit of God to come into their lives and completely transform them.

The Methodist church has, to date, left this Movement strictly alone, and I don't believe the editorial this magazine ran represents the feeling of the Methodist church as a whole. I don't believe the pastor of the local Methodist church would have ever run such an article. I predict the editor of the Advocate will hear from many good Methodists who are also Students of "Psychiana." In any event, this world needs every line of religious type these days, if the true picture of God is to be brought to it. You cannot save this world Mr. Methodist editor by "attacking" another system of religion. You had better get wise to yourself and leave "Psychiana" strictly alone. You may find any attack on this Movement or its officers will prove to be a boomerang.

## Centers--?

We continually receive letters asking us if we are going to open "centers" in different cities. No. Our idea on this is for our Students to do as they are now doing. Run a small classified ad in your local paper asking other "Psychiana" Members to get in touch with you by phone. Give phone number. When you have the nucleus for a little group, meet at each others' homes

one day in every week. Then you can bring in a friend, study the Lessons, and send the friend's name and address to us. In this way the Movement grows under its own power, and no artificial methods are used. This is the old "cottage prayer-meeting" idea and it's a good one. Use it. Your home might easily be a Power-House for God in your community. And don't forget to put out the "Psychiana" Student sign if you feel so inclined. That will help too.

## Are They Ready?

The only way this world can ever know of the Power of the Spirit of God as this Spirit exists, is through "PSYCHIANA." Sooner or later, the churches will have to face the issue of whether they choose to stick with their present theory of God, or whether they will accept the True story of God as we are giving it to the world. What I would like you to do is to write me and tell me whether or not you think they are ready to unite with us, bringing to this world the Power of the Spirit of God, which Power can bring peace out of chaos. Write and tell us what your reaction to this question is.

If our readers are looking for a good national magazine which is published in Washington, D. C., and which very faithfully depicts happenings in the national capital, we suggest The Pathfinder, published in Washington, D. C. We have no interest in The Pathfinder, but it is a real weekly magazine and one which you will enjoy reading.

## Divinity Course

This Movement has recently added an extension course which, after years of intensive study, leads the degree of Doctor of Divinity. We invite all Students who complete their first Advanced Course, to inquire of Dr. C. W. Tenney for particulars of this new addition to already large activities. Dr. Tenney is well qualified to handle this of the Movement, he having been President of two Methodist Colleges.

There came into my possession the other day a little pamphlet put out by the Unity School in Kansas City. It was written by Emilie Cady and anything she writes is well worth reading. I suggest that every Student of "Psychiana" write the Unity School for that pamphlet. It is titled "All Sufficiency In All Things." I don't know whether they charge for the bulletin or not, but I suggest that you send a nickel along and I'm sure they will send it to you. Then read it. Mrs. Cady has the true picture of God. Others have the true picture of God, but we all present it in a different manner. You may find her presentation simpler than mine, and you may find mine simpler than hers. At any rate, this bulletin appeals to me and I would like you to have it.

In the Pathfinder magazine issue of December 23rd and published in Washington, D. C., is a promising article on Dr. Robinson. It is well worth reading. I wonder how Peg felt when he saw that article.
