THE FIRST FOUNDATION STONE.

"There is a SPIRIT WITHIN ME and the INSPIRATION of the ALMIGHTY gives me the WISDOM, the KNOWLEDGE and the UNDERSTANDING of GOD'S ETERNAL TRUTH".

The Spirit of your own Soul knows all things. It has kept a record for millions of years. The Spirit within you is going to inspire you and reveal the TRUTH to you. Something within YOU is going to say - that is right - that is true - and you will find the co-arbitration from within you. You will be reading your own life as you can read the Bible. The Bible is the history of man; the travel of man from Heaven to earth and back again. It was written by Mystics in their language. We must understand their language and read it with INSPIRATION. Close your eyes and say - "There is a SPIRIT WITHIN ME and the INSPIRATION of the ALMIGHTY gives me the WISDOM, the KNOWLEDGE and the UNDERSTANDING of GOD'S ETERNAL TRUTH". Father, I THANK YOU for the Message; for the Message which you have for me today out of this precious book. You open that book, especially the NEW TESTAMENT, which represents the fulfillment of the Law. Moses didn't give the people true bread, He only gave them the Letter of the Law. The world is tied up with laws, more on the statute books than we could ever fulfill. Jesus taught us the SPIRIT of the Law, - LOVE, FORGIVENESS and MERCY which was lacking in the Old Testament. The Spirit of the Law gives Life, but the Letter of the Law binds Man hand and feet. That is the new consciousness of God. Wherever you open your Bible, if it is only one sentence, read it and memorize that sentence, as it will be enough for you for that entire day. Go into the silence before opening your Bible. - BLESSED FATHER, WE THANK THEE FOR OPENING THE WINDOWS OF OUR SOUL AND GIVING US THE LIGHT.---

(Our Teacher, Mrs. Holmes, draws on a blackboard with white chalk 3 triangles, one up and the lower one inverted, forming a 3 pointed star in the center of which she prints A--I--M then encloses this star with the first circle, touching each point, and 6 circles around it, each an inch apart, making 7 circles in all.)

The triangle which points downward is connected with the physical body and the one upward with the super-conscious mind. Every time that you say I AM sick, I AM afraid, I AM limited, I AM out of a job, I AM poor,-- all of these are negative words, you are using the MIND OF GOD to say these words with; you are using your human Mind, you are using the Conscious Mind that everybody uses on this earth with business of business, your home, your affairs, your physical personality; you are using the lower part of that Mind; the Conscious, the subconscious, the super-conscious. In your every day affairs you are using that Mind. That is the thing that rules your life. What you think and say and do with that Mind, determines what your life is going to be. It actually determines what tomorrow is going to be; what your next month, next year is going to be. What you sow today, you are sowing those acts on the wings of ether, the invisible. Those thoughts record

themselves immediately upon the atmosphere. You are sowing upon our soul the same as you sow upon the soil. Your soul is the same as the soil. The earth does not change the nature of the seed, so the thoughts that you send out into the universe are not going to change when you send them out into the ether. Every thought of a negative nature vibrates in a negative nature and hits somebody that way. They affect even the marrow of the bone, and record themselves as so many seeds sown in your soil upon your soul. I AM sick, etc., thoughts - your body responds; when these seeds come back you lose your sight, your teeth, your hair, have operations performed, you lose your home, your money, etc., because you have sown poison ivy, poison oak, thistles, thorns which represent sin, sickness, poverty and death because you have violated the Law of God. You have created all these conditions for yourself.

You have taken the name of the FATHER in vain. "I AM" is one of the names of God. "I AM" is the name He gave to Moses. JEHOVAH is God's highest name.

God is the owner of the universe. He is never sick; he can not lose anything; he is the Owner of the universe.

People who violate automobile laws are yanked up before the judge; and God says, -I will not hold him guiltless who uses MY NAME in vain in ignorance. I have given you the power of choice. Choose life. Animals have not the power of choice. You create all the misery in the world for yourself. Stop creating along the negative plane as it acts as a boomerang. Never let the sun go down without forgiving your brother. Never let your wrath be recorded overnight, as it is recorded the next day. Ignorance of law excuses nobody. The eternal law of cause and effect which Moses gave us, constantly works. Every cause has an effect. Jesus told us - never to get mad with our brother; never to owe anybody because you put yourself under the law every time you do it. Love your enemies. Don't hate them. Bless them that curse you. Fulfill the law of the Spirit. You don't have to punish anybody. Pray for them that curse you. If you get mad and say things, "that's coming to them", its going to come back to you. If you do wrong, death is to follow. If you do right, life and truth, and joy and prosperity is sure to follow. If you deliberately choose to do the wrong, God won't stop you because you have the power of choice.

Soul Freedom. We can choose to do anything we want; but there is a consequence, and if we violate His law, we close the doors to blessedness. Adam was given the power to choose in the Garden of Eden for good or bad. He chose bad, and instantly he realized he was naked.

The moment that man takes the name of God in vain by appropriating to himself of the fruits of evil, that moment he begins to die. In his body is inharmony. He is committing suicide even if it takes him eighty years to do it. The door closes to the Kingdom of Heaven and you are absolutely separated from life and that is the reason people are withering and dying. You can get back into your kingdom by knowing truth about yourself. Jesus says, "Have the knowledge and know the Truth, and the truth shall make you free". Jesus knew that he was life eternal and that they could never kill Him.

The moment you say you are sick, by mistake, or that you feel sick, that moment the door has closed and you are out of your kingdom, and you begin to get worse and worse and you don't know what has happened.

I AM life and health and vitality; I AM youth and wisdom; I AM love and I AM everything that God has created me to be. You are vibrating from the upper angle. You are using the mind of God; your subconscious mind is recording all these words making you feel happy, making you feel joyful, making you feel like a million dollars; the same mind that can carry you to the depths of Hades can carry you to the heights of Heaven. You don't know what is wrong with you when you are out of your kingdom; it's the same as when you are out of your house, you have lost your key to the Yale lock, no other key will fit it, and it is pouring, and even the cellar door is locked. Jesus says, "Anyone who tries to get into the kingdom, but the right way, is a thief and a robber." If you are trying to get into your home any other way but the front door, you are wrong. Get down on your knees and say - "Blessed Father, you will have to help me out; what shall I do?" That moment that he has said "My Blessed Father" - - the door of the kingdom is opened to him and immediately the Father sends someone to him to help him out of his difficulty. Anybody can get in the moment they realize they have sinned; they have violated the laws of God, and say -- "My Blessed Father" etc. Evangelists only know how to teach to open the way for people to come into the kingdom. They were only wayshowers. They did not know how to heal the people. They have not given you the secret of the laws of creation. The moment that you recognize that you have let a word slip, that you shouldn't, right then say "Father, Blessed Father, here I have gone and said a word that I shouldn't; I didn't mean it, I didn't mean it; it slipped out before I know it; forgive me Father, open your arms to me and strengthen me so that I will never do that again"; and at that moment, you are back into your kingdom. Jesus said, "Forgive seventy times seven times a day;" that you are to forgive yourself as well as the other fellow. Never condemn yourself, or criticize yourself, or belittle yourself more than you would anyone else. Forgive yourself and acknowledge your mistake. Be big enough to face your mistake. He is so full of love, the moment you acknowledge your mistake to your Father, you are forgiven; it is crossed out; it is erased and you are forgiven. The moment that we ask forgiveness in the name of the Master, Our Blessed Father. 70 x 7 x a day that is wiped out, don't keep it in mind, don't bring it up to yourself; forget it. Every day is a brand new day. Every day is like a clean sheet of paper. Everything that you put upon your soul is recorded there.

The more we say, "I AM a child of God, I AM rich, I AM joyful, I AM wisdom, I AM knowledge, understanding", these are the things you must say every day; even if you are walking the street, or on a street car, make these affirmations. It is spiritual food for the soul. The soul rejoices; and when we are giving the soul the real bread of life, we are partaking from the tree of life, we are creating new cells of life. In 9 months you will not have a single cell in your body that you have now. We come into the resurrection of our body every day.

We have 13 different centers located in our body. When we come into the knowledge of the truth, we illumine all these centers. We open up the light. 5 physical senses, the 6th sense and 7th sense. The idea, the thought, the word and the form. First you conceive your idea that you are weak, I AM sick; that is your idea of sickness. Are you going to think that you are well? Are you going to speak and tell your friends how well you are? Do you expect a healthy body if you have thought and talked about sickness? NO. Your idea is your seed; as you sow, you reap. You can not sow corn and reap barley. You can not conceive the seeds of sickness, illness, weakness and bring forth a healthy body. It's absolutely impossible. Everybody creates their own condition in this life. They are using the power of God to do it with. Insane institutions and hospitals are filled with such people when they could have the fat of the land, by creating idea, thought, word and form. Whatever your idea is, your thought is going to follow; whatever your thought is, your word is going to follow; whatever your word is, you decree that form to follow. That is why Jesus said, "Let there be light".

You are building your human body. You are building physical body, etheric body, which is a perfect counterpart of the physical; and you are building your astral body; and you are building your spiritual, mental body and one dovetails right into the other. While you are building a new physical body, you are also building a new etheric body. You are building a new mental body because you will begin to have wonderful dreams, have wonderful thoughts, etc, through your spiritual words, etc. Every phase of character you are building into your physical, is weaved right into your etheric body, it dovetails in. You begin right away to change your character. When a man grabs liquor in his physical body, all the passions of the flesh, etc., are woven into their etheric body; that is why we have so many earthbound folks. The desire for smoking, the desire for sex, the desire for dope, etc., they are to be pitied. The dope fiend's etheric body is in the same condition as their physical body and they die. They are earthbound and suffer untold agony. The Lord promises everything to those who learn to overcome all these tendencies. What you don't overcome, will overcome you. You must be the Master of these things. The Lord within us is our strength, and when we rely upon Him, he helps us to overcome. Mrs. Holmes is a Mystic; has gotten all this knowledge from within, and knows it to be true.

(INTERMISSION. Remove your hats.)
Relax.

The right eye stands for wisdom and the left eye stands for Love and if you don't use love and wisdom, that is why you have to wear glasses. Your eyes are the windows of your soul. Your physical eyes are only the windows of your soul. Your right eye affects your left foot, and your left eye affects your right foot, and the 2 work together. You must manifest wisdom and love every day in your life; you will manifest the truth. If you see and manifest the truth, you will have to take off your glasses. The truth of wisdom and love must work together, they are married, (Mrs. Holmes draws a cross to demonstrate) they come together. These are the qualities of the soul. They are the wisdom of God.

THE BASIC PRINCIPLE OF LIFE IS THE FIRST FOUNDATION STONE.

Representing the true living and realizing the existence of God and the Divinity of man, and the Heavenly world.

What is real and what is unreal?

Every single thing that is real, God has created, and it is eternal and will always live. It is real. You can not improve upon it. I have never assumed to improve upon anything that God has made. Every single thing that is invisible, every thing concerning the Heaven, and in the world it includes the soul of man.

Every thing that is unreal is what man has produced upon this earth; because every minute man is learning to be a better builder. He can not see far enough with his physical means so he does the best he can, but an architect makes plans and blue-prints and when it is finished He says we can improve upon it. Man is constantly enlarging his knowledge; even with automobiles, see how the Ford's have improved. Every thing that is real can not be changed, as the work that God has done can not be changed. That is why we have been set down here to learn, and that to learn to create by experiences, by applying ourselves, and every time we do something, we learn how to improve it. If what we do was a finished product, there would be no use to improve it. That is why we learn to be wonderful builders. Jesus was a carpenter, and was taught from the very beginning how to build a house. He learned to build his own temple so perfectly, that even death could not break it down. Life is not a mystery, but a challenge to every one of us to build character, and when we build character we build the living temple of the living God. Man's supremacy in the world is based on his ability to think for himself; to have visions, to be inspired. As long as he thinks for himself, he will have superior knowledge, and superior knowledge will find expression in every thing that he does. There is no power in the world to hold you back except yourself. Nobody else does it but you with your own state of mind.

*****THE FIRST KEY IS IMAGINATION.

Imagination is the will that unlocks the greatest faculty in man. Imagination, - the power to visualize; to make a mental picture of what you want, that is the greatest faculty. To achieve the wonderful, to say wonderful things, everything that you desire, hold it in mind; hold the perfect form of that in your mind; visualize it; imagine only the good and it will come to you. Don't imagine yourselves in the hospital, in the poor house, in an accident. You are then creating that situation you are raising a vibration that will attract an accident; you are dangerous to other people. Jesus said, "Be not yoked to unbelievers". We must choose our friends, as we are apt to have what is coming to them. Before you can have all these beautiful things, you have to imagine all these beautiful things. Visualization is one of the greatest powers, but before you can be a prosperity magnet, you have to be able to see money coming to you. It is just as easy to see your pocketbook bulging out as it is to see it flat as if an elephant had stepped upon it. Always see all the good that God has coming to you. Always when you open your pocketbook, thank God for what it contains. You can, when you put your hands in your pockets, bless your money, even when you pay your car fare. Bless it, and send it out saying - I want you to go forth and buy food for somebody and come back to you 10 million fold. - If you can not think in millions, think in thousands; if you think in nickels, with a hole in it, that is all you will get. You must enlarge your money consciousness and know that God is your source of supply.

Everyone has this key for increasing their storehouse. Don't limit it by saying, "I AM poor, I AM limited." All these beautiful stores, homes, etc. wealth and every thing that is lovely, desire it and use that key. We are in the air age now and you must think and use your mind. God does not want man to slave 10 or 12 hrs. now. He wants him to use his mind. Imagination is the power of God. Without that faculty, man fails to lift his spiritual eyes to heaven. Imagination is a million times stronger than the will. A person who does things through physical will power alone, will never get anywhere. A good punch in the tummy will knock him out, where are you then? You are nowhere then. Anyone that wants to become a great inventor, or great singer, or teacher, or whatever you want, you have that power within you, visualize that what you want to be and the Father will see that you become it. All the great poets use visualization to become what they are. To have the power to create, is the activity of the creative mind in manifesting. Manifesting spiritual ideas and ideals in time and space. We contact the creative mind by our imagination and then tune in to vibrations and thoughts of the omnipresent mind and we read - "Let this mind be in you that was in Christ Jesus." That is the mind that he used, the mind of God. Jesus of Nazareth became Christ at his baptism. He knew that he was the Ambassador sent down here from heaven; and he also saw the cross. Whatever we are doing in this world, we are not doing it for ourselves alone, we are doing it for someone else. Always somebody is benefiting by what we do; the joy of service is the greatest joy in the world. If it was only a handshake, a little word that cheered them up, it is recorded in the Book of Heaven and all these treasures are laid up for you in Heaven. For every paper dollar you have, represents a dollar in gold laid away in the Treasury. When that money goes back, that money is to be honored. When you issue a check, you must have the money in the bank to honor it, or what happens?

*****MONDAY, Dec. 8th, 1937. - 2nd Class Day.

Opening prayer: "There is a Spirit within, and the inspiration of the Almighty gives us the wisdom, the knowledge and the understanding of God's eternal truth. We do thank Thee that Thou has heard us; we know that Thou hearest us that Thou givest us the desires of our hearts, the upbuilding of the Kingdom; we ask it in the sacred name of Jesus Christ; Amen."

FIRST FOUNDATION STONE. Building for yourself a new consciousness. What is real? That which God creates. What is unreal? That which man creates. We have been given the power within us to think, speak, do or see and by the grace of God we can begin to change our mistakes; rebuild that which does not measure to the true character of God, to the true character of the soul. We have a yardstick to measure every single thing on this earth. What is true of God is true of man. If God is love, strength, vitality, wisdom and understanding that is true of the soul and we must manifest it. We must build upon the same characteristics of God. We are then spiritualizing matter, NOT DENYING IT, and sticking our head in the sand like the ostrich, and say "There is no matter", but acknowledging matter that is serving us in rebuilding our character. We are spiritualizing matter.

Every single thing on this earth is of one substance and God is omnipresent, He is everywhere. If I had a big ball filled with air, could there be anything else in that ball but air? This planet is a big ball and it is filled with the spirit substance of God; God is everywhere. If there was a crack, or place as big as a pinpoint in that ball, it would collapse; and the thing that held this earth together is the power of God, the substance of God, the wisdom of God.

The physical eyes cannot see spiritual substance. You can not see electricity; you only see the manifestation of electricity, the light. You can not see spirit, but you can see the manifestation of spirit. You can not see the spirit of that piano in your mind, only its concrete form. If every piano on the face of the earth were destroyed, God can build as many again. He has the pattern. The spirit of the tree lives eternal, just the same as our spirit lives eternally. The tree was cut down and prepared for this beautiful piano here. Its the same tree, the same substance. It can serve you much better as a beautiful instrument than it could as a tree. The spirit of that tree is still on the invisible. Your friends and my friends who have left us on this earth, are still living. Their spirit can still see us. Through the power of our thoughts, through the power of our word, it takes form, but it is never destroyed in the spiritual universe. You must take this as a basic principle and carry it to the finished product. We are all here to reproduce on this earth what is in God's mind; that is why Jesus told us to bring forth on this earth what is in heaven. The piano is reproduced by the power of mind in the spiritual world, but on this earth it is reproduced with the hammer and instruments used by man. According to the character of God, be perfect as Jesus said "the Kingdom of Heaven is within you;" and through the key I told you, you can go to work and bring forth that which you want.

The cause of accidents is that man lacks the power of visualization. He could develop his intuition and he is then able to realize what is ahead of him. If he was climbing a mountain, and knew what was ahead of him, he would be able to avoid all accidents. He thinks he owns the world, and the road, and when he gets to the top, he finds 2 or 3 other fellows who think they own the road too, and then there is a collision. (Read article in yesterday's Examiner, Sunday, Dec. 5th, entitled - NEWEST DEVICES TO CURE THE AUTO DRIVER'S "MENTAL BLINDNESS".

Man tried to reproduce a picture of his mother millions of years ago. Yesterday's Examiner also has an article entitled - THE OLDEST WOMAN'S FACE IN THE WORLD. - 30,000 years ago a sacrilegious Stone Age Genius broke the most sacred Taboo and carved the first human Portrait. Read that article also.

We are here to learn how to produce a perfect masterpiece. We have been given the power of visualization to realize the beauty of the soul, that we can reproduce our own body. Every year people are becoming more beautiful, more symmetrical. That is why the white race differs from all other races, because they come from the sun, and the colored race are coming through, or unfolding the law of evolution. The white race belongs to the Christ, while the other races are unfolding through the law of evolution.

THE END STONE.*** THE RECEPTIVE CAPACITY OF THE MIND.

In the measure that you are receptive to the Truth, you have the capacity to think, to exercise wisdom. You have the understanding and the knowledge that gives you understanding. With all that getting, get and know how. The understanding of the Truth gives you self-confidence because you know who you are. You know that your body is not the real you; the real YOU is SOUL. SOUL and SUN means the same, because the soul is a shining sun. That is the real you. The body is as bright as the inside of that (lighted) globe there. The soul is composed of the spirit, the substance of the spirit. I have a book here. It is outside of me. I can lay it down, or leave it home. Anything you possess you can do what you want with it. You can lose it, sell it, bargain with it, but you don't possess your soul. YOU are SOUL. That book is a book, but you, yourself, are a soul created in the image and likeness of God. You can never be judged as you were never born and YOU can never die, because God made you up here in the invisible and then he sends you down in his workshop to create. You can never be lost out of God. Even if you don't believe in God, he will wait fifty million years for you to believe in Him. If you had a child and she didn't obey you, or believe in the good you expressed, etc., would you disown that child and burn her up? NO. Be perfect as our Father in Heaven is perfect. Have patience and love with the poor little unknowing child and say, "She doesn't know I as her mother," etc.

To have self-confidence, is to have confidence in God, who is our Father; the Father of our soul and that gives us courage. To believe that we are God's child, gives us independence. We learn to look to God for all things as we know the arm of flesh is not to be relied upon; it plays tricks upon us; and when we want to depend upon it and ask a favor, or lean upon others, they are apt to cross away from us, and God is the only one to rely upon for our desires. He will never forsake us. He never refuses us and that is why everyone else forsakes us. When we know the source of His supply that opens the door to greater opportunity, we open ourselves to wisdom, to greater understanding of knowledge of the universe, and the truth of our being is that WE ARE A SOUL, not that WE HAVE a soul; WE ARE THE SOUL ITSELF. That is principle. The principle of life is that you are the image and likeness of God. SOUL can never be born; it is only the flesh that IS born. This soul is the cosmic building of life, and of success and character. We are truly temple builders of the new age. Young people are old souls. They are much older than the parents. They have been here many more times. They are coming back to old (earth) to create a richer and fuller and a mightier civilization. That's the reason everything is changing and crumbling away. It has been built upon - "Thou shalt not" - the law of criticism, the law of an eye for an eye and a tooth for a tooth; no forgiveness, no mercy. People are ruling by that law and all that is crumbling away. That all is to pass into the nothingness.

Christianity, as Jesus Christ taught it, has never been put into manifestation at all. By the jail officials and by the courts, it has been punishment instead of correction. Condemnation of the young people because they seem to live so differently; because they seem so free from care and love enjoyment; their parents don't understand them as the young folks belong to the 5th generation, and the old folks to the 8th generation. The young men belong to the new dispensation. The young people are more open, have more receptive capacity of the mind and have the power to visualize much more than the old people because the old people have failed to develop themselves. We must have no condemnation of them because they are departing from the old standards, and they are all falling to the ground and crumbling, for they have not been built upon a solid foundation.

Wisdom must be tempered with love. The two must always go together and it must be the foundation stone upon which we build. Never before has humanity faced such a wonderful opportunity to build a nobler and higher and greater temple of God, on earth, as we have today. We are working to rebuild our own temples, and in so doing we are helping to beautify and glorify this great temple, OUR BODY, in His planet.

Those that receive these affirmations are the ones who are going to lead the rest from the darkness of depression into the promised land of hope and light and glory. Remember that wisdom and love has been crucified in the past through all the centuries through restriction. Past thinking and believing has been governed by power, selfishness and nationalizing, and creeds and dogmas, instead of the one supreme God over us alone. Only those that have the receptivity of the mind that can receive the greater vision, can enter into that new temple. Only those who know wisdom, through life's experiences, are fit to lead the onward march, of the son's of man into the spiritual promised land; the unbeliever, the grumbler, the pessimist that sees only the hole in the doughnut, the fearful, all of these are outcasts of the truth. They will find no place on this earth. They are the laggards, lazy, not thinkers; they have not learned how to use God's power; so the task belongs to the idealists, the man and woman with great ideas, the dreamers, they are the builders of the future. They are those that are going to know achievements of prosperity and peace. In the past the dreamers were called unfit because everybody had to roll up their sleeves and work. The man that had a vision, the creator, had to work for nothing because they had not received the equipment of what they were to produce. The dreamer dies a poor man, but all the others that stole his inventions were made rich men; but now the dreamers and inventors will rule the world, and the man who does not know how to think, or invent and has depended upon his hands and physical strength only, will be out of work. The machinery has taken the place of man because man was not supposed to work like that. Now that the machines have over-produced, they are going to have to dump those machines.

The finest wool, silk, leather, every thing that we need, is taken right out of the atmosphere; that instead of the cow having to eat grass to produce milk, they can now get milk right out of the atmosphere. It is a richer milk. They will be able to produce, right out of the atmosphere, finer cotton, wool, and silk, and sell it cheaper; better silk than the worm can produce. We are in the air age. Now they are growing all the vegetables and fruit in water and sawdust, without any earth; the sawdust is to keep the seeds from washing away. We are in the air age.

Those of us who have the knowledge are the pioneers to lead others. When you bring wisdom right down to our common level, it is called common sense. You don't have to be a millionaire to use common sense, you can have everything you want. The loss of your home, money, reputation, etc., is due to the lack of common sense. They have allowed someone else to overpower them. They have to learn through experience. It is the hardest teacher. Some people don't learn until having the same experiences two or three times. We must never disobey God's laws. No matter how much God loves us, we must never disobey his laws. That is the reason that the crash came, the depression, the whole world was violating God's laws. The crash was inevitable, something had to happen.

There is only one law, but everybody is using it in a different way. One person is building for himself a spiritual world and is happy and prosperous. Another is thinking only in materialism. They are not thinking of soul unfoldment, they are only thinking about their intellect. Only soul food will satisfy the soul. Only by operating the spiritual law can the soul grow. Only those that recognize Christ in man are building for themselves a spiritual world. When the indwelling Christ in you is found dwelling in you, then manmade laws have no effect over you. You don't come under the manmade laws. They can never bind you. The past has nothing more to do with you when you recognize the Christ in you, that will be wiped out completely as though it has never been, and all the mistakes that you have made in the past will be just exactly like a dream that is fading away. That is the reason, in building our foundation, we have to forget the past completely. We have to make up our minds that we are not going to live in the past. A wife who lived in the past became petrified. Anybody who lives in the past is always crying over spilt milk. Say, "I have made a mistake, and Father forgive me and help me so that I won't make the same mistake." The more you look back and the more you look forward, the more you separate yourself. You can't be looking back and thinking of the future; you can't be in two places at the same time. Your future has not come yet. The quicker you forget your mistakes of the past, the more you live today. Watch your steps today and live in the NOW so you will cease to make your mistakes. Anyone who is constantly visiting their grave of their child, or their husband's grave, or those who are constantly thinking of the dead, their soul, their heart and mind becomes anemic, and soon they will be in the cemetery themselves. Let the dead bury the dead. Jesus says, "Come, follow ME, I represent LIFE." -- In so doing, you lose your magnetism, you lose your vision, you lose your desire to live, and so you don't accomplish anything. When people are always crying over what they lost, and ruming here and there trying to find out what's in the future, they absolutely lose their magnetism, and you lose your power of attraction. You should declare, "I AM a mighty magnet for the abundant supply of all that I need. I AM a magnet to attract success, and a mighty power to radiate prosperity." Every time you visualize the troubles of the past, you are making another mental picture and you are bringing to yourself an avalanche of rubbish. Anything that is wrong, is rubbish. Don't dig up old dead bones. They're skeletons. Get them out of the closet, out of the storehouse, as we accumulate all these old experiences in our house, we accumulate in our mind, and we have no room to fit good thoughts of good things, peace, life, joy, health and happiness. Make your mind empty, and your house empty of such, and fill your mind and your house with all the beautiful things of life. The quicker you do this, the quicker you will demonstrate and attract prosperity. God can give you a thousand times more than you have ever had in the past. When you are thru with things, empty your closet and give them to someone else. Give your old things away, and God will send you the money to buy new things. When you are willing to give your old things to someone who hasn't anything but a fig leaf, you will really get new ones. Repeat then: "I AM a mighty magnet to attract success and the power to radiate prosperity." You either radiate prosperity, or the other. Which do you want? The little tadpole can either have a tail to wiggle, or 3 little legs; and when he chooses the 3 little legs, he loses the little tail.

YOUR FIRST KEY:*****IMAGINATION.
YOUR SECOND KEY:*****RICH MENTALITY.

You must begin to use your first key to imagine nothing but wealth. You have to expand your consciousness to nothing but wealth. It is the key that you use to attract success, and this is the key you use to develop your chief talent for greater results; training all your faculties to work together; harmonizing the power of your individuality. What is your individuality? Your soul. The animals have a group soul; they are not individuals. They have one soul for a whole group, but humanity, the white race, is individualized. That is we reason we have forged America, to draw to us the people who wanted freedom and we are through with being followers, being lost, or being held down by rules. We came to this country to have freedom and express our own individuality. We are all souls. Each individual soul is a miniature planet within itself, and some day that individual soul will represent a polar system. Some day we will be the ruler of our own planet; just the same as we will be the ruler of our home. You are different from everybody else. You have characteristics that nobody else has. When you realize that you are an individual, it enriches; it gives you greater power. It enriches your capacity for miraculous increasing when you realize that you stand out in God's mind and you have been given a work to do that nobody else can do; you have certain responsibilities that nobody else has. You have to fulfill God's plan for you. We can not all be teachers; we can not all be musicians; we can not all be singers. One will have a talent for painting, one for writing, etc.; when we know that we are a soul, a son or daughter of God, when we develop all our talents we open our channels for Him to pull the wires and work his plans through us. The more ideas we can put into manifestation, the better the world is going to be. New ideas in art, music, in writing, in every single thing, it has to become new. All these new ideas are already recorded upon the tablet of our soul, and we have to bring them out. They are all in the creative mind. When we learn to tune in to the highest realm, we will be inspired with these ideas. The voice of the universal spirit is coming through and down through the ether of space, and that is the reason if you take an idea you would like to work upon and take it into the silence and you say your affirmation that we say before we start, "Father, there is a SPIRIT WITHIN ME and the INSPIRATION OF THE ALMIGHTY gives me the WISDOM, the KNOWLEDGE and the UNDERSTANDING of GOD'S ETERNAL TRUTH", and listen, and you center your mind upon this new idea, you have and let the spirit develop this idea, - that is how new songs are written, poetry comes forth and that is how wonderful inventions are brought forth. Every song that comes through the spirit that way can make a person a multi-millionaire. Every single thing that you see in the 10¢ store, had to be an idea first, and every one of those people who brought forth these things are becoming millionaires because they are selling these things by the million. LET THE SPIRIT WITHIN INSPIRE YOU TO BRING FORTH. By so-doing, you are putting the substance in the subconscious mind, and the subconscious mind will work it out for you. If you do it the last thing at night, you will get wonderful results.

You must also live the victorious attitude; that you are victorious over institutions. Realize that God within you can do all things for you, all things through you. God can not do FOR YOU what he can do THROUGH YOU. So many people are looking at someone to do something for them, instead of through them. If the mother walks for her baby because he was too small, and she continued to think that until it was 3 years of age, that child would never walk; but she lets it exercise its own legs and she expects it to get a few bumps. When I was a child, they wouldn't think of letting a child walk until it was 1 1/2 yrs., but now they let them go around shortly after 6 months. God lets you do things for yourself so that you will learn by relying upon Him, and doing for yourself, gives you wonderful confidence. When you realize that God in you is the life, the power, the manifestation of all things, then life becomes a great achievement. You can see that you are getting ahead. GOD HELPS THOSE THAT HELPS THEMSELVES. That is true. Don't wait. Say, "What can I do?" Faith without work is dead. Every day is full of new inspirations, new visions. Remember that this is the school of life. We are all at school. And it is the spiritual creation, -- is the pathway of the Gods. It is the secret power of your own true self. The greatest, the highest experience of living is to find yourself, your own true self. That is to learn that the SPIRIT OF GOD IS WITHIN YOU. Life is controlled from within, not from without.

And there are 3 vital steps, the vital laws that you have to fulfill. 1st: RELAXATION. You must learn to relax. You must learn to receive by relaxation. You open yourself to receive inspiration. Then you have to DEMONSTRATE. If you realize that life is controlled from within, and you have the urge to do something, you are going to do what that urge tells you to do; that is MANIFESTATION, and manifestation is DEMONSTRATION, doing something, accomplishing something. That is what you go into the silence for and concentrate upon what the Father wants you to do. Anyone who is scattered in their mind, in their body and in their affairs, you will find scattered in their homes; things that should be in the parlor, are in the kitchen, nothing is in order and that is why nothing is in order in their mind. By relaxation, we free our mind from affairs. If you realize that the spirit of God is within you, all is well, and this brings joy, peace, happiness and harmony, and all these bring SUCCESS. The opposite brings the lack of success, they bring everything that does not belong to you. These are the lack of joy. It is the creative activity of God, who giveth life and breath to all things. TO BE JOYFUL IS TO BE IN THE PRESENCE OF GOD. The Psalmists wrote: "In Thy presence is fullness of joy, and at Thy right hand are pleasures forevermore." When you have that kind of a consciousness and you realize the indwelling presence of God, you have power, and that power will cause your purse to be filled. You will have clothes. I know what God has for my purse, and he fills it. I know that I have clothes because all the clothes in the universe belongs to God, and I am one with Him. I have health, happiness, friendship and I give service to others. You must always say to yourself, "I AM financially free; I see myself with a good bank account. I will use the law of prosperity until I have made all my demonstrations." Another thing for you to realize is that the things that you want, wants you, because those things have no power unless you give them power. Money wants you because it wants to be used. You become a powerful attraction, by your quiet confidence and your attitude of faith that the things want you. It gives you faith to know that the things you want, want you. This is an irresistible power of strength. The more you keep that affirmation working, "wants you, wants me", it gives you faith to know anything you want. That thing has no legs to walk with; how is it going to

get to you? You have to make yourself a living magnet to be attracted to these things. The more you see money, money, money coming to you, the more it will come. Money has no power without you. It has a mode of exchange, and waits to be used by you for the glory of God, like a merchant waits for his customers to come in. That is why he has bargains, because he knows that everyone is always looking for bargains, and they flock in there by the hundreds. Pay no attention to your old conditions of life. Know that you have entered into that kingdom where there is an abundance of everything, and you have drawn to yourself every thing that you need to make yourself comfortable and complete. The Almighty power uses the dollar and your power to attract it as you need it. The principle of prosperity is that thought is the only power that produces wealth. The magic power of the mind. It has to come from form substance. Every form that you see in nature is a visible inspiration of the thought. If you think of a certain form, it takes that form. That is why that every thing that you see is a different form. It all came out of spirit substance. Man is a thinking center, and every form that you fashion with your hand has to come from your mind. It has to first exist as a thought. That is the reason that you have to co-operate with God; God's intelligence to work with the Father. The Father's intelligence is everywhere present, and when we co-operate with that intelligence, the Creator of all things, that He is our Father, then we will draw to us everything that we need absolutely.

AFFIRMATION: " I AM a mighty magnet to draw to myself everything that I need to make my life comfortable and complete."

You must realize the allness of God; God the good is all in all; the only presence and the only power working in and through me, and through all my affairs, adjusting all things in divine order.

Any time that you find yourself having a problem, suppose your pocketbook is empty, say "God is all in all, the only substance, the only presence and the only power I am working through filling this pocketbook; my life is being adjusted, my affairs are being adjusted, everything in divine order. Father I thank you with all my heart that you are the divine order working through me, adjusting my life," etc.

CLOSING AFFIRMATION: Day by day I AM growing younger, stronger, healthier, happier and more prosperous.

GOD BLESS YOU. ---

December 7th, 1937. TUESDAY. (Eve. class.)

Opening prayer said aloud by Mrs. Holmes, our Teacher.

"Dear Precious Father, we do thank Thee that Thou has opened the windows of our soul that we may receive the outpouring of Thy spirit upon us; that our spiritual eyes may be opened; that we may see Thy precious face and that we may know that Thou art all in all, the only presence, power and intelligence working in and through us watching over Thy children that we may realize that Thou art mine, and may we watch -----
.....Blessed Father, we know that Thou has heard us, and that Thou has given us the desires of our hearts because our words are Spirit; they are life and have been recorded in heaven and in earth for Thy glory, we ask it and for the upbuilding of Thy God, in the sacred name of Jesus Christ. Amen

***** THE THIRD FOUNDATION STONE. *****

The 3rd foundation stone teaches us how to develop initiative and how to have self confidence, making the most effective mental combination and what faculties to use. A combination, when you wish to bring forth new ideas and ideals in any field, whether it is of nature, or music, or art, or invention, whether it is physical, then it is you have to know how to harness it to all your faculties. There has to be perfect unity in your whole make-up. There are many more people that are desiring to develop a musical talent. They are becoming more and more desirous of hearing beautiful music now that the jazz age is passing. People realize the difference between beautiful music and jazz, which is not music. The reason we had jazz age was because the whole world was in an uproar and they needed something to stir them up. Any real musician would not touch it, and it has caused many a person to become upset, and some became unbalanced. There is now a desire for more harmony. People who have neglected their music for years, are now desirous of taking it up again. My husband taught a woman 80 years of age, in Chicago, to play a guitar. She wanted to play some stringed instrument. Although she was 80 yrs., she came to be a wonderful player. She could make that instrument talk. Music brings out the finest qualities in a person, and people are feeling wonderful things that are coming from the inner planes. They are reaching up to God. These sounds are perfectly new vibrations. Musicians are going to be able to compose more beautiful music and songs than they have ever heard before. I heard a beautiful song long, long before, in heaven, and someone caught hold of it and played it and I knew then that I had heard it before in heaven. The highest spheres are all being cleared up and you are going to more and more dream, see and have visions and you are going to hear these beautiful sounds coming to you.

I met a beautiful woman, in the 70's, who was able to go into the silence and penetrate the darkness between this earth and the universe and she could bring back and describe and even paint the most beautiful pictures that she had seen. Some of them required between 15 to 18 palettes to produce the different colorings. This was in 1908, and since she has passed on, but her pictures are still being reproduced. She saw the original in heaven.

There are still thousands of beautiful things yet that are waiting to be brought forth by inventive minds. The knowledge that you are now developing, after these classes, you will know how to make yourself a representative instrument so that whatever you want to know, and want to be, will be flashed into your consciousness. You have tuned yourself and nobody can take that away from you. You can reproduce it and that is what we are here for. We are here to make our brains so sensitive that the spirit God can flash that picture, flash that poem, flash that

invention and you will see it in a flash, the whole thing; that is how inventions are brought forth and that is how inventors receive their knowledge. They all come from the invisible. There is not a single thing that you see on this earth, that has not its replica, its duplicate on the inner force. Everything has come from the mind first before it can be brought forth in a concrete form, and then when you are able to bring it forth in a vision, you are developing your talent. That is where all the source of knowledge comes from, from the invisible, and that invisible is within you, and you make it visible by bringing it forth as a hunch, or an impression, as a picture, or as in so many words. That is why so many people say, "I am sorry that I didn't have the chance to go to college, or to a university", etc., but Bless your heart, people are better fitted than if they hadn't. Why some of them came out with such a swell head that they thought themselves too far above others. One girl from college was constantly criticising, and would not associate with her sisters and brothers, so much so that she had to leave home. No one could live with her. That is head knowledge, but spiritual knowledge is better. It is the real truth. It makes you humble; it makes you calm; it broadens you and it unfolds to you all the realities of our God. Where did Jesus get all his knowledge? He was a carpenter, brought up in a carpenter's shop. To be a full fledged Rabbi took 38 years.

It is the spirit that gives life and inspires and helps you to unfold. That is the difference between the successful people and the unsuccessful. We all have access to the very same power. Some are open to it, and some say, "Oh, there is nothing to it." Those that believe, that have the art of concentration, and are able to tap the inner forces, you are to have access to God's storehouse, and when you have found the store-house, you have found every single thing that the Gentiles were fighting over. You will have found more than that. Nothing in the world can be denied to you. The Gentiles, who are working to bring forth nothing but the material things, will have nothing but the material things. The man who has wealth and never knew God, and lost his wealth, is such worse off than the man who never has had wealth and had nothing but God, is better off than the multi-millionaire is without the knowledge of God. Everything that they have they got by executing pounds of flesh, and all that wealth never brought them happiness. They had to forfeit the companionship of their wives and children, they had to forfeit everything that they held precious and dear, and when they have made all that they want, then they have to lay down and die, and they go saying, "Oh, what a fool I was." Men are now saying, "I AM going to be the Executor of my own will and everyone that I want to remember in my will, I AM going to play Santa Claus for awhile. I AM going to see what I can do for poor Mrs. Murphy, who has been our laundress for years and yrs., and she has scrubbed our floors. I AM going to help educate her children. I AM going to reward her for washing my shirts and underwear, and help her take life easy in her late years." Wealth is no good unless you make somebody happy. If you make somebody miserable, you can't sleep, you are miserable yourself.

We are in a changing world. Every thing is changing for the better. Every thing that is not built upon the solid rock laid down by Jesus Christ, is not going to stand. It will crumble down. Every single thing that is tottering today, are the things that have been built upon sand. Every thing is going to be taken away that is not fit for the new world that is coming.

You are being trained to be a leader because we are going to need leadership more than ever before, because people are going to stagger when they realize how little they know about the truth, and the people that are getting the truth will be the ones who will be able to give it to the ones that will need it so bad. Everyone that is successful are the ones that are using the laws of God in the right way, and all the heaven is helping them in the right way. That is the only way that people are going to be able to succeed. We are going to find that every thing that you have done in this world that is good, that is recorded for you in the treasures of the kingdom of heaven. Every thing that we do that is worth while is just exactly the same as the man that lays money in the bank. Whenever he needs money, they honor his check. Every kind deed that you have ever done, you may have forgotten it, but the Father has not, and the equivalent of that must come to you during the rest of your life because you are fulfilling the law and coming into the kingdom; because you have already got a good, big bank account to your credit and everything that you need will be given you.

Worms. If you are going along the street in the summer, especially after the rain, they were in the atmosphere; they were taking form and the rain brought them down, and they haven't yet enough life in them when the fall stunned them and the rain cleared up the atmosphere and brought them down. I have been told that if we see a worm crawling on the ground and if we have enough compassion in our hearts to say to that worm, and shoe (shove) it in the grass and say, - "You better get in there or someone will crush you"; you just think even that kind act, just that small act is recorded by God as the Father forgets nothing at all. Every kind act you have ever done is recorded to your bank account in heaven.

Humanity represents 3 brothers, one went off into the far, foreign country and the other stayed home. Everyone that lost the consciousness of God is the prodigal son who went off and lived in riotous gambling, and he ended up feeding the swine; and all the human race has been prodigals until they realize they have lost that state of mind where they felt the presence of God.

You begin to use that which was your's all the time, and which you desire as soon as you have more faith in God and more faith in yourself. God's promises will always be fulfilled and our part is only to recognize him and live the life that will become the son of God, recognize his laws, obey his laws so there can be that sweet communion, sweet recognizance between us and the Father. He wants our faith, recognition and our love so that he can prove himself to us. The only way he can prove himself is for us to come back to him. He is our life, strength, vitality, and we live and move and have our being in Him. That presence is indwelling, and in that way can we manifest, have everything and bring everything in form that we need. There is to be a constant activity because it is only through activity that the spirit can work. You can have such problems that they seem like mountains. If you have faith, you can say to that problem, "I know that you are no problem to God." You can say, "Be Thou cast into the sea;" which means, Be cast into oblivion. Say, "I AM going to stand upon that rock of faith", and know that believing in God, everything will be all right.

Remember, my children, when you are about to pass through an initiation, when you will stand firm, whenever you face the opposite, your faith will prove to God that you are sincere. When you have the faith of a mustard seed, you have red hot faith. When I said to a ten pound tumor, "I COMMAND YOU TO DISAPPEAR", - this was in a young girl, this was on Sunday, and on Tuesday, there was no sign of it at all. The tumor had collapsed, and on Wednesday, her physician was astounded; there was no sign of it. When you realize that God Almighty, and Jesus Christ, and all the angels are in back of you, you will speak with authority; and when you realize that God is using you to heal his children, you have got to be positive; have no wishy-washy; the power of your word, your faith will do the work.

***Affirmation: "I AM a SUN OF GOD, one with his eternal, limitless supply. I AM surrounded with money substance and all that I need to make my life comfortable and complete."

While I was washing dishes one day, the voice said - "You are a Sun of God." I said, "Oh, yes Father." The voice said, "You are a S-U-N that means a shining SUN that gives light; A SHINING LIGHT." Why the sun of our planet is life and light. Yes; that is what you are; that is what the soul is. SON is your personality, and SUN is your shining soul; shining through your body. That is how you get your revelation. I know that the soul is shining bright. After that, it was shown to me.

(recess.)

*****THIRD KEY: DEVELOPING YOUR ORIGINALITY.

To be original, don't copy anyone. Be your original self. God never made two blades of grass exactly alike, so you must develop your own originality in mind, soul and body. It is the key to your own individual efficiency, our highest order, in any field of achievement. Every soul has something definite to do in this Universe; and the quicker we find that work, the quicker we realize that Heaven is here now and we are able to see the beauty and the glory shining through all the common things of life so that our homes, our life, even our gardens become permeated with a new life; when you realize that you are an INDIVIDUALIZED SUN OF GOD, that God has chosen you among the millions and billions and trillions of His children to do a particular work that no body else can do.

We advertised in nearly all the papers, day after day we called; that was an invitation given to them which they received to come and drink from the fountain of life. God caused thousands upon thousands of people to come and drink from the FOUNTAIN OF LIFE. Out of all these thousands, you heard and you came; and out of all those thousands, YOU WERE CHOSEN. (San Francisco's population as stated by gentleman student, is 682,000.)

We read in the Scripture that certain ones had an excuse; one had a pair of oxen and he had to train them; and one was going to get married, and he had all he could do, and that invitation went out everywhere and the same thing applies now. I never knew who would be chosen, and out of all those thousands the Father called you, to re-instate you into His kingdom so that you will not be snatched out of His hands again. And everyone of you are going to find YOUR place in this world, and YOU WILL. Little did I think when He called me that I WAS going to be a Teacher, and for thousands of the people. Every day I have to make

myself a magnet, and He draws them, and I never know how many He is going to draw; I know that THOSE WHO ARE READY ARE GOING TO BE DRAWN. Did Jesus draw everyone who called Him? No, indeed not.

Remember, your life is going to be changed. You have never known true happiness until you get all these lessons, and then you will realize what true happiness is. When we get our 6th and 7th lessons - -I am going to take you up to the 7th heaven. You have a power that you do not know of. Somebody will be asking you something and you will tell them, "don't worry, you will come out all right", and something will be given to you to say for that person; and that person will go home and ponder over everything and there will be a change come over that person; and that person will say when they meet you again, "What did you do to me? That burden was lifted." You will not realize that you did so much, but it was the Father speaking in you, and you were only a mouthpiece. Everytime someone comes your way and you are able to say a word to help someone, you are now being PREPARED FOR THE FEW TEACHERS FOR THE SIZE OF THIS BIG CITY.

They are so busy in the material world, that they never heard the word of God; they have no room; yet, when CHRISTMAS comes, they will give gifts and celebrate that birth tho' someone has written a thousand times, 10,000 times, that Jesus is born in Bethlehem; that unless He is born in YOU, what good does it do to celebrate His birth; that the birth of Christ means the birth of Christ in the manger of your soul. What good is it to know about His life, about His precepts? They will not know the significance of the true knowledge. This will be the greatest CHRISTMAS that YOU will ever have. You will have a knowledge that money, ten million dollars (\$10,000,000.00) could never buy.

Every thing in this universe, as well as each individual that is called, is being made ready to accomplish a wonderful work for the Lord. There isn't a soul but what will be busy. The Master says, "My Father was ked hitherto and so will I work. I do only the things that my Father did." In the invisible, everybody is busy; that is what we must be. The law of the universe is activity, and every soul that sees this vision will not leave a stone unturned to help to bring this wonderful day into manifestation, and that will not be done for money to gratify our selfishness; no more work for profit, but in the invisible everybody works for the glory of the Father. Science and philosophy and all religion agree that the Divine Power is made manifest in and through the ether of space, and all energy comes from motion. Do you realize why it is I never feel tired? The more active you are, the more the Father pours out his power to you. The more inactive you are, the more you sit around and mope, and you think that rest is going to cure the pain in your big toe, --activity is life--- rest and stagnation is death. When you lay down all your machinery stops and you creak. The more active you are, the longer you live and the better off you will be. Activity is life. You are using the natural forces. Every time you are active, you are calling upon the universe to supply you. Every thought that you think, you are steering the universe; then your thoughts come into form from this etheric substance. In Dr. Waddell's -Ether is a thinking stuff out of which must come all form. Whatever you desire you bring forth your idea and your thought, and before you even speak your word, that thing begins to take form from this etheric substance, and the more faith you have, the more you keep this thing in your mind. The more active you are mentally and physically, the more you accomplish. By the power of your thought and your will, that causes an energy of Spirit that is brought into the plane that we call matter, or material, and the first thing that you know you have seen objective form, the thing that you desire in every

way; that is the reason that you have got to know what you want. Every single thing that you desire, you must see in concrete form. The more active you are mentally, the more you create everything that you want. In the new age the slogan will be, "MOVE ON OR MOVE OFF". There will be no stagnation. People that are not bringing forth for the glory of God, will be taken away. Only those that God can use and will use everybody that is possible and that is in tune with Him, and everyone else will destroy themselves. All these wars and accidents that are taking place in the old world that has been built up on false ideas and premises, is going to fall to the ground.

The principle of the laws of life, and laws of health, the laws of right thinking, is the rock of FAITH, and that is the rock we have to build upon; the solid ROCK OF CHRIST JESUS. He started a new kingdom, and now the time has come for Him to come back and claim his Kingdom, and so every single thing that does not vibrate to Him will not be able to stand. If you will see an old building that is an eye-sore to everybody, and someone purchases that lot and tears down the old building and puts up a beautiful new building, you wouldn't feel sorry. You would rejoice at the improvement. That is exactly what is happening in this world today. All the rubbish is being cleared away, and EVERYONE WHO HAS BEEN HERE IN THIS ROOM IS GOING TO RECEIVE HIS REWARD AND THEY SHALL INHABIT THIS EARTH.*****

THIRD KEY: YOU MUST PRESS ON, is the cry of **DETERMINATION**. You must use this key. You must never stop. Praise us. You must exercise your Will; the Will to Serve. You have got to manifest self-confidence. You have got to express **FAITH**. You have got to direct the **POWER**. You have got to **DESIRE TO SERVE GOD AND MAN** so as to keep the power flowing for self-expression. Press on is the cry of determination. There is no stopping place. Develop your mind and your soul. You are going to be a veritable magnet. You are going to have **FIFTY TIMES MORE FAITH THAN YOU EVER HAD**. Faith is a real substance.

There are three powerful steps you have to take:

1st: **CONCENTRATION;**

2nd: and **REALIZATION**, this is your definite purpose;

3rd: and **MANIFESTATION**.

When you realize a thing, the realization of the thing causes it to manifest instantly. You can **AFFIRM** and **AFFIRM** and **AFFIRM**. There comes a time when we don't need affirmations; when we can realize the truth of that thing, or the words you are affirming, Lo and behold you don't need to affirm it again upon your subconscious mind; you **REALIZE** that **JESUS CHRIST** is my own true self; I **AM** filled and thrilled with God's own presence; filled with knowledge and wisdom of God's own truth. I **AM** broadcasting that to all the world, and say - humanity awakens to your true being. You, too, will be able to stand in your room and **BROADCAST THAT TO ALL THE WHOLE WORLD.*******

Wed., Dec. 8, 1937. -

"There is a SPIRIT WITHIN ME and the INSPIRATION of the ALMIGHTY gives me the WISDOM, the KNOWLEDGE and the UNDERSTANDING of GOD'S ETERNAL TRUTH."

Prayer by our teacher, Mrs. Holmes.

"Precious Father, we praise Thee for the outpouring of Thy Spirit upon Thy children; we know that Thou had heard us for we know that Thou hearest us always, and that Thou has given us already the desires of our hearts, -- (etc.)

In the sacred name of Jesus Christ we ask it. Amen."

Today we take the power of the word, which is first the idea, the thought and the word.

*****FOURTH FOUNDATION STONE*****

4th Foundation stone which represents the power of your word, where you decree. Your word is a dynamic spiritual power, or force more powerful than electricity, one million times greater in voltage. We read then the word is sharper than a two-edged sword, cutting asunder even the bone and the marrow. The word is so powerful that it penetrates, registers upon every cell of your body; it causes the bone to crumble and it even affects the marrow of the bone; and it says, that "every word that man shall speak, they shall give an account thereof". That is the Scripture. Now do you realize that of never taking word of God in vain. You should never say, "I AM poor; I AM sick, etc. It registers upon every cell of your body. Do you wonder why children have infantile paralysis? I knew a man that always was swearing, using the name of God in vain. He was only 30 yrs. of age. It was not only affecting his body, but it was affecting his feet and legs, because our feet and legs are our understanding. He could not use his feet and legs. We read Proverb 3-33-7: "Again by Thy word Thou shalt be justified and by Thy word Thou shalt be condemned"; and again we read, "A wholesome tongue is as a tree of life". This is in Proverb 15-4; and again, "The tongue of the wise is health". Prov. 13-18. Again, "Every man's word shall be his burden, or his joy." This is Jeremiah 23-36. In Job 22, 31 & 33 we read, that "by acquainting ourselves with God we shall be at peace; we shall lay up gold as dust and have plenty of silver, and we shall be creating, and it shall be established unto us. If man will be master of his body, you must first learn to bridle the tongue. The Father judges no man. He has committed all judgment unto the Son. It is only the human mind, called the flesh, that judges the flesh. So you must judge righteous judgment. You must judge with wisdom and understanding. You must clear your mind of all wrong; of all wrong before trying to help another. Cast the bean out of your own eye before you can see correctly. Never pass judgment over anyone without knowing all the circumstances. You must know both sides of the case before you can truly be able to judge correctly, because remember, as you judge, you shall be judged because you are recording there something against yourself; because as you judge the other person, that judgment shall come back to you. If your judgment is wrong, you are heaping coals of fire upon yourself. The only way we should try to judge a person, is to help them. The Christ in us never judges, and if He does, He judges correctly. He judges according to the truth, you see. How did Jesus judge Mary Magdalene? when she was taken in adultery and brought to the Master? He was upsetting all the laws and rules. He told them that they were living according to the letter of the law, and he had come to establish the spiritual law; to open their eyes. He said, according to our law, that sin was punishable by death. The only way to punish adultery was by

death, and their only way was by stoning. They had no other way to punish. There is enough stones in Jerusalem to build everybody a rock house.

The Jews never executed Jesus. Humanity lays that to the Jews, but if Jesus had been executed by the Jews, he would have been stoned to death. Where does the cross belong? It belongs to the Romans, because all the Jews belonged to the Roman Government at that time, and that is the reason Jesus had to die upon the cross. They crucified Peter too. The Jews have taken the blunt of it all these centuries, so did all the others, and it was the pagan priests, the Roman priests, because He was trying to open their eyes to what they were doing. It was the Roman soldiers that crowned Him, that drove those nails; it was the Roman soldiers that chose that spear.

We are now passing through the same identical thing in the old world. At that time they were pagans, and that's the reason they worship all kinds of gods, just the same as they do in India. The Christian church was built 500 years before the Romans came into Christianity, and that was discovered in England this year; and in the vaults they found the record and they wrote to the Pope, and he acknowledged that it was so, that the Christian church was 500 years ago; that they found all the records in the vault in a little town in England. They were excavating to put up a building, and it was found that it was the first site to put up a church. The Jews in this country are under our United States Government. Whatever our Government does, if our Government executes anybody, our Government is responsible. That is the reason that they had to seal the sepulchre, and they put their own soldiers to guard that sepulchre. You put your soldiers to watch and you guard the door of the sepulchre, which is a huge great big stone. These sepulchres are made similar to a berth in a steamer, in tiers, one above the other; the slabs are about as wide as that desk. For a larger family, they have six; the one I was in had four. Their troughs have a slot in it where the flesh of the body dries up and the bones lay in this trough; and then they rake these bones away to make room for the next body.

In these days, Mary Magdalene should have been stoned to death because she was caught in adultery. If that happened now-a-days, they couldn't find enough stones to punish the guilty ones; the woman pays but the man goes free. He runs away. Jesus said, "Let him that is without sin cast the first stone". He turned the searchlight of God's eternal truth upon those people. He opened the book of life. He wrote on the sand so the waves could come and wash it away so that it could not be recorded. Everyone was more interested to see what He was writing, than they were to punish her. He wrote the paramount sin. He wrote the first name, the bully, he was there, and when he saw his name, he says "He's got my number, I better get"; and then the next one and the next one, and when they were brought face to face with that woman, they could not accuse her; and when they all finished, one by one, they were not there to condemn her. So He said, "Neither do I condemn you". He threw three stones to her. They are the stones that will heal instead of killing. **THE FIRST IS LOVE, - FORGIVENESS - and MERCY.** These stones everyone is called upon to throw; and these stones will heal completely. As you give, so shall you receive, and Mary was so completely healed, there was nothing that she would not do. She radiated such perfume that they knew she was somewhere in the neighborhood. Jesus said wherever the Gospel is preached, He used her name because she showed such gratitude; so you see we must never criticize no one, because "As you give, it shall

return to you. You give only the truth to those who are ready to receive. Don't force the knowledge you are being given now; if you force the knowledge of the truth upon anybody, it is like waving a red flag in front of a bull. You will see that it wiles them up, you are trying to direct them from the outside. You cannot ripen a fruit from the outside. You have got to wait. There is always one of two apples which will ripen first. You have to wait for the others. Don't try to force your opinions, or ideas, upon anybody. The more patient you are, the more blind you are to their faults, and the more you magnify their goodnesses, they will want to live up to the goodness you hold of them. When you point out their faults, it does not pay these days. John, the Baptist, lost his head because he knew too much about condemning people. If you cannot help a person never air their faults. Hide them instead. Poor John the Baptist lost his head because he exposed, so don't do that, hide them instead of exposing them.

You are here in this world to unfold your own self. You are not called upon to unfold anybody else. You are not responsible for anybody else, and never allow any one to interfere with your way; the way to do is to prove to your friends, and to every one that you are right, not by preaching, but by living the life. Prove what you are doing is true, because signs will always follow, because you are right. Demonstration is MINDING YOUR OWN BUSINESS. The more you show an indifference, you show to others who are not ready, the more they want to know what you have got in any way; so make every demonstration you possibly can that will enable you to get what you want, and if they want to get those things, you will tell them that they haven't the knowledge of the truth, and if they are anywhere near ready, you can teach them what you know. When they know that you get everything that you desire, while I get it through the knowledge of the truth. But if you attempted to give them the truth before they are curious for it, they will not appreciate it. When they say - you are carefree and happy, they will want it too. When you want to, desire to travel, or a home, etc., write down the things you want on a separate piece of paper. You have closed all your avenues through wrong thinking, so open up all your avenues and say, - "I thank Thee Father every day", and write down whatever you have written on the cards, and even more, and every day you ask the Father. That is the only way we can commune with the Father, and I want you to talk to Him exactly as you would to me. The moment that you say, "Precious Father" that moment you are talking to Him, and that moment He has heard you. You notice I always thank God in advance; JESUS ALWAYS THANKED GOD IN ADVANCE because He knew that in God's mind that thing was already done. You have made conditions that it was impossible for you to get what you want because the doors have been closed. Thank Him morning, afternoon and evening because you know that all these things are being made manifest for you. You claim Him as your loving Father. You know that all is your's for the asking. "Loving Father, I AM asking you for these things and I know that it is your pleasure to prove yourself to me. From now on I AM going to take "You as my bank, and my banker, and I AM going to believe in you, and I AM going to look to you and no one else on earth for every thing that I need; no one else on earth since you are my Father and my thinker, and my source of supply, there is no other source to look to."

HOW I MADE MY FIRST DEMONSTRATION OF \$500.00.

We had a beautiful little home in the mountains. I dedicated that home to the Father. I had a \$500.00 mortgage and there was a man who wanted that property, so he went to the owner of the mortgage, and a few months in advance, to foreclose the mortgage, and the owner sent us a letter that if we didn't pay up in one week, he would foreclose. It was only 3 weeks since I had learned the principle of the truth; since I started in adjusting my life. That man is being tested beyond his strength if he forecloses. I said to my husband, "Can you raise the money?" He said, "Money is at a premium right now; the banker said they were drawing in, drawing in everything; money was at a premium." Then I said, "I will work. We must see that man and surround him with the eyes of love and mercy."

(Demonstration.) Sit down and be perfectly still. "Precious Father, now here is a demand upon us. Caesar, which represents the commercial world, is making a demand, and you know Father that I have dedicated everything I have to you. Now then, that little home I have, I have already given to you, but the owner of the mortgage is going to take it away; that is, he is going to foreclose and take it into his possession, that is if I don't, if we don't pay off the mortgage. Now Father, since I have given you that property, it is not mine, it is your's. Now, if you want me to be the custodian of that property, you will have to send me that money so I will give it to him. Now Father, I am leaving this in your hands; I am trusting you; you are my Father; I AM your child and I know that in your Kingdom there is no luck at all, but I feel that that blessed boy is being tested by his strength. I know Father that you hear me because you are omnipresence, omniscient, because you are all things and from now on I AM going to look to you and you only for this money; and if you send it to me, it will be a sign that you want me to continue. If you don't send it to me, it will be a sign that you are transferring it to him. So Father, either way, I want it to be your will. Your Will must be done; and I thank you Father that you have heard me. You have always been so wonderful to me. You have proven yourself ten thousand ways to me, and I do love you, and I do want to serve you, and I thank you Father for this money. I THANK YOU FATHER."

This is the heart-to-heart talk I had with the Father; that was in the morning. At noon, I had a few minutes of silence, and I said, "Father, I just know that that money is coming; and the next day, the same, morning, afternoon and evening I thanked Him and I knew everything was all right; then the next day, the 3rd day; and the 4th day; and then papa said, "Mama, how are you getting along with your demonstration?" I said, "I don't know, but I feel mighty good inside. I know something is working;" and he said "You know, if you make that demonstration, that property is your's." I said silently, "Father, that property is yours. I have already given it to you. It's your's." So I didn't say any more. The thought came; what if the money doesn't come?" I said, like a flash, "If that money doesn't come, I will go to work and I will give it to Him, the property; I will go to work with all my heart and soul, and I will give it to Him. Then I will be free, and then I will have nothing to worry about." "Father," I said, "I don't care whether the money comes, or not, now, I know what I AM going to do. Blessed Father, he will be just as pleased;" and I went to bed with that thought.

In my sleep, I had my deed in my hand and I found that He was my own brother. I have ^{what} two brothers in the invisible, and this was my favorite brother. He didn't know I was thinking. I said, "Hello, Brother, I have a surprise for you. I want you to have my property. I am going all over the

world. I AM going to work for the Father. I can't take it with me. It would only be an encumbrance. I AM going to give it away to somebody. I want you to take it exactly just as it is. I won't disturb a thing. I AM giving you the furniture. I AM leaving it just as it is. I want you to take it as a gift." --"Are you sure you are all right",he says. I said,"Of course,I am all right."--He said "If you ever want it back, I am going to take it under those conditions,I can give it back to you."

When I woke up so happy that morning,I went to open my Bible,I heard a voice saying,"You're a great one,when you need \$500.00 and you don't know where to get it; and you are going to teach prosperity." I looked around and said "Mercy sakes,where did that voice come from?" I said, "I know who you are,the tempter that tried to tempt Jesus of Nazareth. You tried to tempt Him to transfer the rocks into bread. You are trying to tempt me,and I want you to know I have surrendered unto God every thing I possess in this world,and you are not going to dig up the seeds of faith I have planted in my soul.YOU GET OUT OF HERE,you old imposter, you that is traveling all over the world. YOU GET OUT." I put the book down,and I sat in my chair and I said,"Father,did you hear the impudence of that fellow? He tried to make me believe that I didn't know where that \$500.00 was coming from. Precious Father,I know that you are my Precious Father and that I am your darling,and that nothing shall ever separate me from you. I thank you Father for the infinite goodness, for Thy divine protection and for Thy abundant supply."

I got up from that chair to keep an appointment. I met a lady friend of mine. She said,"I am trying to make a demonstration",and I said,"So AM I,or I AM going to lose"-----and I checked the word. I didn't want to say it. My friend insisted that I tell her,so I did. (Repeats story about property) Then she opened her pocketbook and made out a check,after telling me her intentions,and made out a check for Five hundred and Fifty (\$550.00) Dollars,the extra Fifty (\$50.00)Dollars for something that she said I would need later on. God is our escrow. She made out that check and gave it to me. See NOW QUICK that check came?

If Jesus had transmuted those stones into bread,he would have failed in all these other demonstrations,because as you give,you shall receive. I had absolutely given up that property in my heart,my soul, my body;in the four planes of consciousness,without which you cling to a force that you are liable to lose; but that which you give up,etc, when you know that that property is not your's,you are only the custodian of it,that it belongs to the Father, you will NOT LOSE IT,for He has something better for you.

When you go to the Father with your problems,and talk to the Father,just as you do to me,after a while you wouldn't care if there is no one else in the world,even if you were in the wilderness,you would not be alone. God Almighty will even send the ravens to feed you. You will not fail.

That was my first demonstration,and I have made one after another. My next demonstration was for a thousand (\$1,000.00) Dollars. Go to the bank of the Kingdom; you know people have faith in the bank of England. It has NEVER FAILED.

*****FOURTH KEY: THE FOURTH KEY IS CALLED THE
KEY OF SELF-KNOWLEDGE, and it is the
key of SUCCESS; and it is how to

AWAKEN THE SLEEPING GENIUS OF THE SUB-CONSCIOUS MIND;
how to start for the position you desire. Now, you see in the past you
have not known, you have not realized that every thought and every word
that you spoke was recorded for yourself, did you? Every thought and
every word that you spoke from your human mind was relayed to your
sub-conscious mind, and your sub-conscious mind are thinking failures,
and that is the reason why so many people are having failures as this
subconscious mind records these words, and that is your word, and if
it is negative, the subconscious mind does not know the difference between
good words and bad words. Your subconscious mind knows nothing but good.
It does not know the difference between bad words and good words. If
people say, "God is omnipresent" and that "He knows everything", why are you
visited with poverty, sickness, loss of your job, etc.? God had nothing to
do with it. These are the things you have recorded for yourself. You have
sown that seed. You can't stop it from growing as long as you have sown it
in the soil. You have to pull up that seed. If they are weeds and thistles
and thorns, they have allowed them to grow and there is an avalanche of
unpleasant experiences. Never allow your human mind to dictate to your
subconscious mind anything that you would not want to come into your
human life.

After these lectures, people will come to me and tell me of their
troubles which happened 10 or 15 years ago, which shows that they have
not cleaned house yet; and every time that you repeat those experiences
, every time that you recall them, you are sowing them again. The only
way to do is to say "Get out of there", the same as I did to that tempter.
You say, "Get out of here, you happened in the past, you are a dead issue,
I am living in the now. I AM going to fill my heart and soul and body
with new thoughts." Every day is the starting point. Every day is a
new start. So watch your thoughts every day so that you don't give
your subconscious mind any destructive thoughts. So when you lay on
your bed at night, you must feel that you have not sent out one thought
that would hurt your neighbor any more than you would yourself.
Every moment of the day is a starting point. Every day has been a new
start since YOU ARE IN THIS CLASS. You are writing a NEW BOOK OF LIFE
for yourself, so have nothing to do with the old book. See to it that it
is a closed issue.

THIS KEY IS UNDERSTANDING; understanding the LAWS OF LIFE;
understanding the creative process. First: you must have the DESIRE TO
CREATE. Then you must have the vision to create. You must use your
power of imagination; and third: you must HAVE THE WILL TO CREATE.
When the will, the desire, the vision, then the will must be put into
action.

According to my demonstration, that is exactly what I did.
I desired to get that money, and I visualized all that the Father
had must come, because He is the owner of the universe and causes His
will to be done, so my desire, will and my vision caused that thing to
be done. The minute that we ask, God begins to work to get all these
obstacles out of the way that we have placed in the way.

The greatest study of man kind is man. The greatest study is to study ourselves. Man is God's image and likeness, and when you know God, you know yourself.

Thought is the cause of all things. What is the cause of thought? The desire to live and express life, love, truth, wisdom, happiness, joy, health, success. God desires you to have all these things; and God is Spirit, and that Spirit is common to all life. Everybody has that spirit because everybody has God. The substance of God is spirit, and that spirit is life. It is life itself; and so the body is the instrument; it is nothing if it is separated from spirit and from the mind. The body is nothing more than the clay, separated from the hand of the potter. Clay has not the power to form itself into a vase, or a monument, or anything else, unless it is in the hands of the potter. The body has no power to express itself apart from God. The mind and the body has to express itself together as a harmonious unit. Man is using the intelligence furnished to Him by the Father; and we must learn to use it rightly, by intelligent co-operation; through intelligent co-operation with the mind of God, so as to continue in perpetual consciousness of health, peace, happiness, success and prosperity. There is no difference in the power; it is only in the way that we use it. One man is more capable of receiving than another, so he is more able to use it. You must always know first what you want. You must definitely state what you want. And you must realize that whatever you want is here now in substance. A very good statement is: "I AM ETERNAL SPIRIT SUBSTANCE, FILLED WITH INTELLIGENCE AND POWER. ALL WISDOM, KNOWLEDGE AND UNDERSTANDING IS GIVEN TO ME IN HEAVEN, WHICH IS MINE, AND IN EARTH IT REPRESENTS THE BODY." The communicating link between the conscious and the subconscious mind is the brain and the nervous system, which are the wires, the telegraph wires you see. So when you ask God for anything, believe you must receive. God creates his own channels. Always remember, that in divine mind there is only co-operation, no competition. Competition belongs to earth. That is the way that you, through the realization of the power of your word, - that you make your connection with the Father, and that you build for yourself a masterful personality. The only way you can be disconnected from God is by wrong thinking. To build a masterful personality, you are placing your soul on the throne as the master by enlarging your consciousness. To enlarge your money consciousness, you must always BLESS YOUR MONEY. One secret of the Jewish people, the Rabbi said, they never send out one dollar, (demonstration with paper dollar bill) this says one dollar on it but it has twenty-seven (27) on it, (twenty-seven ones, words or figures) so they bless it and send it out as 27, but this \$5.00 (paper bill) by being sent out, will bring back hundreds more. They fold their money in a triangle, because it represents three. You should never go around without money, as money is a magnet and it draws money. Always carry money in your pocket, and don't be afraid to lose it. Roll it in a circle. \$10.00 is over \$300.00; there is one \$20.00 bill that means over \$500.00. You will always find along the edge here numbers, and always deal in large denominations. BLESS IT TO CLOTHE THE NAKED AND FEED THE HUNGRY AND RETURN TO YOU FIFTY MILLION FOLD. Every cent of money that they receive, they know it is part of the ten million they are looking for. That is the secret of their wealth. Every bit of money you have ever had in your life, you are going to draw it back to you. If it is a sum of money that you want, release it and say:

"I command you, - I now release from the universal substance of Life," if it is a home you want, say - "I now release a home", or if it is an automobile, a sum of money, etc., state the sum, and the kind that you want, and say - "I now release from the Universe ---" and write it down upon a piece of paper. When the whole world is still at about 2 or 2:30 in the morning, when I go to bed, that is the time when the world is quiet, say -- "I now release from the universal --- etc." "All these are mine by Divine rights, so I command you to manifest in form quickly and easily, by the power of my word, for the glory of God and I ask it in the name of Jesus Christ. Father, I THANK THEE that you have heard me, for my word is spirit and life and it shall not return unto me void, but shall accomplish that whereunto it is sent."

*****The best way to do is to start your demonstration the first of the week, or at the NEW MOON, for the six (6) days, and then the seventh (7th) you release and rest in the assurance and know that the thing is COMING. In the manner, in the way that you put your whole self, that you are reverent, that you have faith, that you are co-operating with God, you will absolutely get the things that you want. I HAVE NEVER KNOWN IT TO FAIL. You are using the power of your word, you desire, you have your vision, you have to use your will and you know that your will is the Will of God, you are about ready to accomplish that which you desire, and THE FATHER RELEASES IT. That it absolutely help you to make your demonstration, no matter what it is, WRITE IT DOWN AND YOU SHALL HAVE IT.*****

Thurs. Dec. 9th, 1937.

"There is a Spirit within me and the Inspiration, etc." as heretofore.
"Dear Precious Father, we open our hearts to thee at this time in praise and thanksgiving -- -- to transform Thy child. It is the alms that transmutes the base metal into gold. We thank Thee that Thou has called us; that Thou has chosen us to work in Thy vineyard. We do praise thy Holy Name in gratitude for all that thou has given us. We ask it in the sacred name of Jesus Christ, who is our Redeemer, the Redeemer of the body.-- Amen."

THIS IS THE KEY OF LOVE.***THIS IS THE 5TH FOUNDATION STONE.

The 5th Foundation Stone of love, which is the fulfillment of the law. Happiness is a universal desire. How to be happy and free from worry, distress of mind and body; and from anxiety concerning the present and the future; how to be radiantly alive and vibrant with joy; with the joy of living; this is the desire of the whole human race; and the knowledge of how to attain it is the greatest secret in the world. When you know this secret, your life will be completely transformed. LOVE is the fulfillment of the law of the whole 10 commandments. The commandments was the law given by Moses, and the first command was to love God with your whole heart, mind and spirit. It means that we have to put God first in every single thing. Let no one in your mind ever have first place in your life. God must have first place, as He is your Father, your Creator. He is the one who is constantly giving you life, by breathing breath into your nostrils. You must never forget Him for one moment of the day. You must swear allegiance to Him forever and ever, and when you love Him with your whole heart, mind and strength, and when you recognize that every single thing that comes to you, every material thing, etc., has all come from Him. He is the one that has given them to you; and you have to recognize Him by putting Him into your life, into your home, into your work, in everything that you do; and then if you do that, then you will not have to be told to be kind and loving to your neighbor, as you will then know that the same God that is helping you, is also helping your neighbor. If you fail to love your neighbor as yourself, then you have failed to fulfill the law. The whole 10 commandments hinge on these 2. You can love humanity regardless of color or nationality. If we are going to realize that God is omnipresent, he is everywhere, we are going to realize that we see Him in every living soul. That is the test of Love, and when we fail to do that, we fail to love God; for we fail to take advantage of every opportunity that is given us to show that love by helping our neighbor. -- when we fulfill that law, it means eternal life. That we shall never know death.

Jesus gave direction to the rich young ruler in regards to this law. The rich young ruler heard about Jesus Christ. He was very rich and a fine young man. He ran to him and he recognized something in Jesus that he liked, and so he asked "Him, "What must I do to have eternal life?" Jesus said, "Keep the law, fulfill the law". He said, "I have; I have kept the law from my youth because they were very strict." Every child had to know the law by heart, from beginning to end. They had to recite it by memory. He had kept the law all right. He had never violated the law. Jesus looked him through and Jesus loved him. He knew that he was a very fine man. That rich, young ruler was living on the interest of his money. He had a big income from rent, property, etc., and had so much money coming to him that he didn't have to work himself.

"If you would be happy and be perfect, go and sell thou which thou has and give to the poor and come and follow me." He asked, "Is that the price I have to pay for perfection?" -- He went home full of sorrow. That young man was a very moral young man, but morality alone will not take you into the Kingdom of Heaven. You have to exercise the spirit of the law by doing something for humanity; since God is the only one who is working in this universe, you are doing something for God. If you clothe the naked, you are working for God. Go and exchange what Thou have. It would have taken him many years to dispose of all his holdings, but while he is exchanging one piece of property for another, and then helping the poor, feeding the hungry, clothing the naked, opening up homes for the old and homeless people, then that is what Jesus was doing. He was so married to his earthly wealth, that the price was too big to pay. If he had loved God with his whole soul, heart, mind and strength he would have fulfilled the spirit and know he was following the letter married to things that came first before God, and that is what we find today. Jesus says it is as hard for a rich man to enter the Kingdom of heaven as it is for a camel to enter the eye of a needle. There is a gate there so small, it will only admit one person at a time. It isn't large enough to admit a camel and all your household goods, gold and silver, with you. These are all here for you to use while you are here. If you are married to a house and a mess of chickens, and a bird, and a few other things, a cat and a dog, if you say you are going to take care of all these, as so many people when they are called wonder all this; but when the Lord says, "Go and work in my vineyard", I said, "All right, Father, I am ready to take up your work and answer your call." I have never been boxed. I gave my chickens to a woman who had never killed a chicken. She was a woman who didn't believe in killing chickens. I said, "My dear, I am giving them to you." I didn't want any body to kill them. I want them to live their natural life. She said, "I have hens that are 38 years old and are still laying. I had 3 that became sick and they wandered away and I never saw them after that. I don't know what became of them." My little pet chicken wouldn't lay an egg for anyone else. If I left them with somebody else and said "You take care of them and you can have all the eggs," they wouldn't lay an egg; and lo and behold, they wouldn't lay an egg, and if I came home that afternoon, they would all cackle and start to lay their eggs, and poor little Biddy would raise a duck, or anything I gave to her. If I stayed away until 3 days, they would then lay a double egg, an egg with a double yolk. I would go to the coop and say, "Betsy dear, this is mama and I am giving you a good home and you are not to be afraid. I am giving you to another good mama and nothing is going to happen to you." That was when I was giving them away and her little heart stopped fluttering and beating so fast; so you see that love is manifested in every one of God's creatures. So when I heard the voice of the Father that I was to go out into his vineyard and do the work of the Father, see the wealth I have received. For everything I have given up, see the spiritual children He has given me; neither would that young ruler have lost anything if he had done likewise.

The fruits of the Father is love, joy, peace, long suffering, kindness, faithfulness, meekness, self-control; against these, there is no law. When you fulfill all these, the law of love, you don't come under the law of cause and effect. You come right out from under the law. You are operating the law of spirit that cleans and makes alive; that supplies you with everything that you need. It is the spiritual law that does that, not the manmade laws. There is only one law remember, that God is Love and love is God, so there is only one kind of love, and it is the source of all cosmic love. It is the source from where all love comes.

It is the love of our eternal Father-Mother God. Humanity has been worshipping the masculine God; they have left out the Mother-God. That is the reason the Mother has never found her right place. That's the reason man has gone ahead and done things by using his intellect; that has founded the letter of the law. They have not introduced the true love of God. It is the mother who knows the true love. Man is supposed to use wisdom and to show common sense. It is the Mother which brings her off-springs into the world. She must show love for her off-spring. That is why we say "OUR" meaning Father and Mother. Woman could produce a child without a man. MARY DID THAT, and there are quite a number of children that have been brought forth in the world, that everyone does not know about. A woman can do that because she is womb-man. The man cannot do that, because she has male and female powers within her. Man cannot do that because he has not a WOMB. The soul of Adam was taken out of Adam, so that she could be objectified on this earth; so if they had realized that God is Father-Mother, they would have worshipped Mother, but they relegated her to the caves, to the kitchen, and Paul said - "She must not be heard." He relegated her to silence. Then it became a law. It should be fifty-fifty everywhere. There should not be a law passed WITHOUT THE SANCTION OF THE WOMAN. That is the reason why they have women on the jury. Women should have a voice in every single thing, because woman represents more intuition, her sixth sense is more highly developed; she is coming into all her rights absolutely in the next year or two, so remember that she is FATHER-MOTHER GOD; and they who dwell in love, dwell in God, and GOD DWELLS IN THEM.

And we read, God so loved the world, his creation, that He gave His only begotten Son, that through Him the world might be saved; and God is still giving; He has never stopped giving. It is God giving Himself through His Son. Nothing can separate us from the love of God. Nothing in THIS world. Everything that represents God is revealed by the eternal spirit of the living Christ.

We read that if anyone says, "I love God" and hated his brother, he is a liar, and the truth is not in him. He has a grudge against someone, then he has not the truth. Beloved, let us love one another, for love is a God, and our abideth faith, hope and love. The greatest of these is Love.

We are touching a brand new life wave. It is coming forth from the realms of heaven. It is the great Mother-Father love of God calling to her children everywhere. She is calling to all her earthly children to love one another everywhere until war SHALL CEASE TO BE, and peace and joy and faith shall reign, and fill the whole world; and that this new love-wave is coming to this earth, the greatest love this world has ever known; and that is what I AM doing, preparing you children to RECEIVE THIS BAPTISM, and if you are not prepared when this great wave comes, you are liable to faint. Jesus says- "Don't put new wine into old bottles, as they are liable to crack and you lose your wine.

If you put new life into old bodies, who are not able to receive, well, for example -- Amy McPherson had a meeting, the whole place was filled to the ceiling, and they all sang and the place fairly shook, and they sang and there is nothing like singing to bring a powerful vibration. Then she said, "Anyone who wants to be healed, come to the front and be anointed; and they were anointed; but those who went forth and wanted to receive the power, the moment she touched them, over they went, great big six-foot fellows keeled over and there were rows and rows, and they were all unconscious. They wanted to receive the power and their minds were not ready. They could not stand it. They had not cleared out their bodies of the acid, and their minds of the rubbish they had accumulated. She had to take off her cape and

stockings and lay them on them to cover them, there were so many. You can imagine what is going to take place in this world if you are not cleansed of all hatred, all envy, all malice, all cleared out of our heart, and our bodies all acid and filled with poison, there is going to be a reaction.

I am preparing you, my Blessed Children, to heal instantaneously. You will be like a live wire; everybody that you will touch will be made whole. You won't have to worry about the power. There will be so much of it. It is going to be represented by the outpouring of the Christ. Every day you are preparing yourself; we are all brides, are waiting for the bridegroom. We have to practice every day while we are on the path to Divine Mastery, so you can see that recovery of every thing on this earth is the way of love. There is no committee, or League of Nations that can bring peace on this earth. Peace must come from the heart and soul of man; then we will have peace. As long as everybody is using the power of God, the highest power there is for selfishness, then we will have just what we have got now. Let us say like the poet:

Oh, love that will not let me go,
I cast my seeking soul on thee;
I give thee back the life I owe,
That in thy ocean' depths its flow
May fuller, richer be.

Love is a compound substance just like light. The scientist can take a beam of light and pass it through a crystal prism, and you will see all its component parts, so every time man says - "I AM LIFE" you radiate the color of life, RED STANDS FOR LIFE. It is also the danger signal because it is the earth's vibration. When we understand life and love, we transmute that DARK RED into ROSE PINK, so instead of signifying RED, the danger signal, it means danger, it is always at the exit and ambulances, etc., anybody can see red, - it is better to wear that rose pink.

I AM WISDOM: then you radiate ORANGE;
I AM STRENGTH: then you are radiating lemon yellow;
I AM PROSPERITY: you radiate that beautiful LIGHT GREEN;
I AM INSPIRED, what you call upon the Holy Spirit to inspire you,
then you radiate BLUE. INDIGO, that is the transmuting
color. It is always working, transmuting metal into
gold.

When a person takes lessons and begins to reform themselves, a transformation takes place in them and they sometimes become bilious; they become nauseous, everything in them is being stirred up, and the more you eliminate, the better you are. The chemicalization works like a dose of salts.

LAVENDER is higher than PURPLE; LAVENDER is the HIGHEST COLOR in the spectrum of Life. PURPLE belongs to LAVENDER, and there is the light and dark of all these colors.

Every time you use the power of your mind and say, "I AM ALL THESE THINGS", you radiate all these colors and you clear up all these things.

WHITE is the pure white LIGHT OF GOD.

All these COLORS COME OUT OF THE LIGHT OF GOD.

LAVENDER is to GLORIFY GOD. To glorify God is to radiate lavender.

(RECESS)

We are going to take the KEY, and the KEY IS ALSO LOVE. Love is the fulfillment of all. This key is the miracle worker in every human heart. This is the SECRET OF EVERY SELFMADE PERSON'S SUCCESS. Anyone who has succeeded in life has used this key. It has taught them how to get along with all types of people, and that is some stunt if you know how to do it; even their wives and husbands and relatives, because sometimes they are the hardest to get along with, because they take advantage of that relationship; they CAST YOU ASIDE AND CRITICISE YOU BECAUSE YOU WANT TO LIVE YOUR OWN LIFE. We have to use the magic key of LOVE; pay no attention to what they say or do, but still use love. That is the only way, because if you put yourself on their level, that will show that you haven't any more than they have. Anyone that does not understand you, that is apt to make trouble, is jealous, etc. You keep sending to them this thought; call them by their first name: John, listen, you are God's precious son and God is all there is, the only presence, the only power that is working in you. -- You send that thought, and they will come right out of their meanness, face to face. You just send them that thought every night. They will have a chemicalization, have a bilious spell and feel nauseated; they will be crawling on their hands and knees wondering what is the matter with them. They will come to you crawling on their hands and knees. They will want your forgiveness.

A man to hide himself, took his sweetheart out riding with the wife; and had the wife in the back seat and the sweetheart in the front seat, etc., to hide himself. At Christmas, he presented 2 pocketbooks and said, "Take your choice". Wife chose the one he wanted for the sweetheart. If you will use the spirit of the law, instead of the letter, you can touch that man's heart and open his eyes; you will win that man towards you. If you will realize that that woman is your sister; you wouldn't mind your sister going out riding with your husband. Invite her into your home and treat her just as lovely as if she were your own sister in the flesh, and watch and see what will take place. You will win your husband back, and you will say, it is the only way. She put up with all her husband's things, and in a few weeks her husband became critically ill, chemicalization taking place and she called up the sweetheart and had her come, and that man came to his senses. The woman came first and asked her, "What church do you belong to?" "I AM not a member of any church, I believe in the golden rule. I AM trying to live as close to Jesus Christ and I try to make my Christianity practical." "I have never seen it in manifestation as I have in you." "You have treated me like I was your own sister. Now my dear you needn't worry, I want your religion. I want to live the way you live and you need never be afraid I shall ever violate the trust you put in me." The man begged her forgiveness and he couldn't see why he had been such a fool. He said, "I CAN NOT UNDERSTAND MYSELF. I promise you I'll be the father that you expected me to be, and the husband, and we will start life anew. Forgive me and take me back." "Your are already forgiven".

That is the acid test, when you can love a person when they have done wrong. People who don't understand one another, can not get along with each other. You must understand how to forgive, and how to magnify their good qualities, and minimize their faults. Read: Love will open prison doors; by Star Daly. He was one of the worst prisoners; that he had them put him in solitary confinement to punish him; and he began to send out love, and Jesus appeared to him; and he began to manifest love, and they had to let him go. He has written a book and is lecturing to the whole world. When you are using love, you are using a vital power.

There's a woman in Africa who expects a little chip from heaven this month, and I told her I think she is going to have twins, and she was being treated exactly like this other woman; and now the man is so repentant; the power is working in a marvelous way. This is going to happen to the best. It is working in a marvelous way. When you can do that, you will win them every time.

Remember that LOVE IS THE HIGHEST KEY in the sublime symphony of spiritual radiation. If you will bless everybody that you meet on the pathway of Life and the power of your radiation will increase from day to day. As you build for yourself the new temple wherein dwelleth love, forgiveness and mercy, this is the KEY TO THE DOOR OF THE INNER SHRINE OF THIS TEMPLE, looking each day with confidence to the perfect realization of the eternal splendor of limitless light and life. In thought, word and deed I rest my life from day to day upon the true foundation of eternal being, the kingdom of the spirit is embodied in my flesh.

What made men like Lincoln and Washington, and all the great men that you read about in the past, who were able to accomplish so much? It was because they were great lovers of God and humanity. That was the secret. They gave of themselves in service to humanity. They were men of integrity, of honor, of loyalty, of great courage; men that were true to their conviction. They were true Christians. They exemplified the life of Jesus Christ. They loved to serve. They gave of their time and money unselfishly. Their key-note was love and service to God and man. Their names have gone down into history. Their loving deeds are recorded upon the tablet of the universe.

In Forest Lawn, in Los Angeles, there is a Court of Honor there, where the dead of the nation will be buried; those who have won honors. It is in a memorial church. There is also a picture of the last supper, of all little pieces of glass. It was brought forth by a young Italian woman, an obscure person, and she undertook to make this picture. It cost four million (\$4,000,000.00) Dollars. It took her six (6) years. The only trouble that she had was when she came to the face of Judas; and every time she fired it, it would break. She fasted and prayed, and she called upon all the powers of heaven to help her, and finally she got it. They have a Court of Honor there that no man in the world can purchase a place in. They can only get there by doing a good deed. No rich man can buy a place at any price in that Court. It is reserved only for those that are poor or rich, that have done great deeds. That picture cost four millions and when it was done, Italy didn't want it to leave because she was an Italian, but it was a bargain. She needed it, and it was purchased, so she had to sell it. -- When we live the life of a true Christian and we live for the good of His children as -- Will Rogers, his body is lying there because he made everybody in the whole world joyful. That man never had an enemy in his life. He said what he said in the newspapers, and as he had no enmity in his heart, everybody loved him. His funeral was marvelous. His casket was covered completely with flowers, a canopy of red, white and blue that hung completely to the ground. I walked two miles in line to get to his casket; 350,000 people in line, two by two, and sometimes four abreast. It was the most solemn and most impressive funeral that was ever known. Because he gave joy to everybody, the whole world was in tears over that blessed soul losing his physical body.

Green represents jealousy; red represents anger, goes like arrows by day and serpents at night. Blue for devotion.

When a person is healthy, we radiate a protection for ourselves, just like your wires for our protection. We are unable to absorb negative emotions. A person with a spongelike aura absorbs --

In the higher realms, people look and scintillate like diamonds. That is what learning will do. The more truth you know, the more you will radiate, and you regulate your thinking and your speaking, etc. You manifest exactly like this. The most beautiful aura of all these colors came from the pure white light, the soul, which is like electricity; and the soul, like the diamond, will show forth all these beautiful colors.

You build your physical body, etheric, your astral and your mental; just like you have your overcoat, take off your inner coat, your vest, and then your shirt, and still it does not change your body any. The soul has all these different layers. These are true pictures taken from life. The man who took these pictures for me, has passed on.

Every time you use, "I AM", you cause these radiations to take place in the physical body.

FRIDAY, DECEMBER 10th, 1937.

I have made a trip to the Sun in my spiritual body. I have been there and back, and that is some stunt, if you can do it.

"There is a Spirit within me, and the Inspiration of the Almighty gives me the wisdom, and the knowledge, and the understanding of God's eternal truth."

"Infinite Father-Mother God, we do thank Thee for the outpouring of Thy Spirit upon us today. We ask Thee to open wide the windows of our soul that we may be able to come into the great consciousness of our oneness with Thee. That we may realize, as never before, the great plan of life and that all that Thou has done for us; that we may have eternal life. We pray in Thy holy name for the loving and merciful kindness to Thy children. We pray in Thy sacred name of Jesus that Thou shall reveal Thyself to us in as great a measure as it is possible to receive. Amen."

***** THIS IS THE SIXTH FOUNDATION STONE OF THE COSMIC CONSCIOUSNESS; and this shows man at the apex; apex of all creation, which represents intuition, and that means hearing the inner voice, and how to apply it successfully. It is necessary to get still and poised, knowing how to tap the resources of Infinite love, wisdom and supply. It is absolutely necessary that we should use our intuition in our every-day life. It is the only way we can ever solve our problems, because it is only as we listen to the Voice that we touch this cosmic truth, you see, and we discover that man is not limited by his personality. It gives us a security that nothing else will give, for this knowledge comes from the soul. A soul knows that it is One with God, the mightiest force of the universe, and we are One with life, wisdom and love; these are always on tap.

You don't have to worry, they are always there when you use it. It is just like the water from your faucet; it is always ready for you to use. The moment that you connect up with God Almighty, the supply is right there for you to use. Remember, that your soul is the storehouse. It is the center of your being where everything is stored, stored up in radiance. It is a centralized part of you. In this great ocean of God's substance, everything has its centralized part. We don't have to go anywhere else to contact that. The soul is always in contact with God. Anywhere in this world you can always contact God no matter where you are. If you want to call up somebody, you have to call up central; central has to give you your number; so the moment that you want to connect up with God, you have to acknowledge Him with your Father. There is no other way; you are out of your kingdom, you are out of your house, you are out of every thing when you are disconnected with the consciousness of God.

Where our thoughts travel; they don't travel. The minute that you think of a person, they register wherever that point is, wherever you send them, and there we are in consciousness. The moment you thought of someone that lives in Alaska, that moment, your spirit is there. Where your thought is, your spirit is; and that is the reason, whenever I had contacted these different people, in different parts of the world, they see me and describe the very dress that I had on. I have appealed to them in all parts of the world, and I have talked to them and they have seen me, and said I looked exactly as I did when I talked to them; and sometimes it is in the morning, in the afternoon, and in the evening. That is thought transference.

My soul got the call and immediately answered. There is no point in space that we cannot connect at any time that we desire, if we live and move and have our being in God that fills this universe. That is the reason we can contact Him anywhere, because He fills all space.

The mother can have 2 or 3, or 4 or 5 children, all born at the same time, or one born right after the other. That womb can stretch, and stretch and carry that child until it is time for it to be born and come out into this universe, which is a womb, an ethereal womb in which we live, and the Mother-God can hold us until we come out into this world in which we live.

If there is no space that we cannot penetrate, then we are everywhere in spirit. And Jesus knew this; while we declare that the Father was greater than Jesus, yet as the Lord Christ, He knew He was absolutely One with His Father; and His Father as our Father. He is the Almighty God whom we are to love and recognize as our source of Life, and we are to worship Him in spirit and in truth, for He is Spirit and He is Truth. So if we know the Truth, we know God. If we know God, then we know that we are spirit substance, One with Him. There is only one cosmic Mind and one Thinker and one Knower; only one that knows all things, and that is God.

Divine Love is the key; and the divine woman that is generated out of man, divine truth which she represents, which is the point of conjunction of Father-Mother, is in the soul, or womb-man. Woman means womb-man, who receives impregnation of the holy spirit, and that is the reason that Jesus could not come through any other channel; and the Holy Spirit means the whole spirit of the Almighty God; and that is Divine Love climaxed as the immortal man.

But love degraded and generalized makes for death. There's the difference; while love resurrected, gives eternal life. This is the mystery of our being in God revealed by Jesus Christ to His disciples, so in cosmic consciousness, man is a four-fold being. Man is soul, clad in spirit, that's the substance of the soul, using the mind of God, operating through a physical body. You cannot separate one from the other without violating the law of creation. The soul is polarized to God and to the body, and so God and man are One through the Jesus Christ consciousness. The perfect system of goodness and life and love; the spirit is the Father principle omniscient, that means He knows all things. God in the highest is Jehovah, or the Lord God in the highest. Jehovah is His highest name, and He is supreme over all His creation, which is made manifest by the soul, through the spirit.

The soul is the image and likeness of God; the representative of Jehovah in which we live and move and have our being. The soul is the Mother-God principle omnipotent, which mothers all things which spirit declares. You see how impossible it is to worship a masculine God. It is just as necessary to worship a Mother-God principle as it is to worship Mother here on earth. Man is not a work-man.

There has to be a concrete form to receive and bring forth the seed, but the soul never had to be born because it never had to have a seed. It is created by the power of mind, and is of such etheric substance, it is spirit which is so fine that the physical eyes cannot see it, so the world had to be filled with these spirits; and how could they be manifested so they could be seen with the naked eye? So they had to put on clothes, and the clothes of the earth is called a coat of skin to cover the soul; and that coat of skin had to be clothed, as we cannot go around with a fig leaf! The natives can because they live by themselves and don't mingle. We cannot be judged by our clothes, as some people go around in shabby clothes and cannot afford better ones, so we must not judge a soul by the body it's in, whether it is deformed or not; you must help that person bring the soul out; so the more beautiful your body, the more beautiful you are judged, as having a beautiful temple of God, and the better you are dressed and well groomed, the better impression you make, and when you realize that your body is the temple of God, the more pride you are going to take of it, and the real temple is the temple of God; and instead of spending millions on beautiful marble temples, we should be taught how to save our bodies as well as our souls. They taught us how to save our soul, but prepare to die because death is inevitable.

My mother used to show us her burying clothes. She lived to be 90. Every time she showed them to us when we were little, she had to wash them because they had turned yellow.

You can manifest upon this earth if you haven't a body. Formerly we thought that the soul would be lost, and you would go to hell, but **NOW CAN YOU BURN ELECTRICITY?** The soul is created in the image and likeness of God, so how can you burn it? Why be so ignorant? If God is love, let's stick to that and carry it to it's ultimate. Ignorance of God's laws and God's character has caused all this trouble in the world and has caused people to die much younger.

Look at the woman who every week goes around the stations of the cross. She has sores in the center of her hand that no one can ever heal. Another woman, I have her book that was sent to me sometime ago, every once-in-a-while her head begins to bleed because she is constantly thinking of the crown of thorn, and no one can stop it. They are

constantly crucifying Jesus, and crucifying their own body, and what are they gaining by it? Nothing, nothing, nothing.

The Mother-God is constantly at work with God because this work represents her in an objective form, and every seed you give her, she has to bring it forth. The creative power of God is in the seed, and she has to bring it forth. She represents love, and he represents wisdom. She brings forth everything that the spirit of God declares; that which was in the beginning of God, the spirit, and is God, the good. God is all good. Soul is the life of God. Spirit is the pattern which the soul fulfills. Spirit is the light of the soul; that light that lighted every man that came into the world. The priceless pearl is the Christ consciousness. It is only found by those that seek goodly pearls, who are seeking the truth, you see, and these pearls represent purity, goodness, compassion, love, peace, power. These are the pearls that you gather through the Christ spirit of love and service.

Now Jesus Christ is the perfect original divine pattern. There is only one individuality and that is the perfect self; God made manifest in the flesh. Jesus was the living mold into which love poured itself. Christ is the model being evolved from that mold. Jesus stands for our humanity and Christ stands for our divinity. As I have said that Christ is the consciousness of God, He was the word that was made flesh. When God's word became flesh, the image of the invisible God became visible. That is the reason that Jesus said "I and my Father-spirit are One and the same" because the soul came out of God's spirit as the image and likeness of God and Christ was the first one that ever came out of God's mind. He was the first pattern and from that pattern, all the rest was made. Here is a pattern of a gown. This is the original pattern. I could rip this gown and make 10,000 patterns from this one, and it would not change this original pattern; and that is the same with Jesus, He is the original pattern.

Jesus was the living mold; that God so loved the world, that He gave of Himself, his only begotten son. He gave His love, that is the reason God is love. He poured Himself into the body of Jesus; just exactly as I have poured water into that glass that was empty. Jesus was a receptacle. He was a chalice. He emptied Himself. The Spirit of God and love and mercy could pour itself into the body of Jesus Christ, just as I have poured water into this glass, and during those three years that He walked on earth, God Almighty walked with Him, and that is the reason that He could say, "Those that have seen me have seen the Father", because He was the Infinite mold in which the Divine Love, the Father, had poured himself. He advanced the world millions of years. That is the reason Jesus had to die.

(Mrs. Holmes draws 3 crosses on the blackboard, the center one, the largest.)

Of these 3 crosses, the left represents the past, the right represents the future, and the center represents the now. Those two crosses were used to crucify thieves, and those thieves represent the past and the future; they are representing humanity, and as long as you live in the past, you are robbing yourself of the opportunities of today, and as long as you seek in the future, while you are asking somebody what you are going to have, whether you are going to marry, find a soul-mate, whether you are going to do this or that, or other, instead of going

to your soul for the real knowledge; those crosses represent those 3 thieves which are robbing you. Jesus represented the spirit of the truth, that is God, that is always now. He represented eternity.

We start back to the old Testament of Adam & Eve, and then came Cain, and then Abel, and you know what happened to Abel, that Cain slew him. Abel was Jesus Christ; that was His first incarnation.

After all those forefather years, they had accumulated a lot of debts, and there was no way to redeem this world and the people from the debt that Adam and Eve owed by taking the wrong path. They had come from the sun for their sons of God. There were six other races on the earth that had been created by the Eloheans; they were coming by evolution. They were highly evolved. Adam and Eve had been sent to help these souls, but they themselves became involved, so the earth was plunged in darkness. That was the first disobedience. Then they brought forth their offspring, and Cain was born, and he slew his brother, and that was the first crime, and the first debt, and there was no one to pay that debt; and Jesus was known as the son of God, and he was slain by His brother; and He had to come back as Jesus Christ to redeem the world that was plunged in darkness. He had to take on the sins of His brother.

We start with 3 and we end with 3 on the cross. No matter where we have lived in the past, we were living somewhere; and everyone who had made a mistake was involved.

Moses had bound man by the 10 commandments; and the only way they could pay off was to take up another body and be reborn, and finally they didn't know what, or how much they owed. Only one of the thieves repented; that was the future. Jesus was strung up on that cross, and when He was, He took your sins and my sins and nailed them to that cross, and that is what the cross means, the crossing out of the sin, sickness, disease and death that have been committed on earth for those who will believe in them.

If a wayward boy or girl does anything wrong, the mother suffers because her own life's blood is in that child, and she takes that wrong to her heart, and she suffers more than the child itself who did that wrong.

Jesus said, "I AM going to pay your debts; I AM going to set you free from all indebtedness." The whole human race was just as sick then as it is today. He had to die on the cross because it meant the crossing out. He had to have 5 wounds, because those 5 wounds represent the 5 physical senses, and His blood had to be spilt. Abel's blood was spilt, and as God said, "Your brother's blood is crying to me from the earth." And there had to be blood spilt to be paid, and had to have 5 wounds in order to release the life and spirit of God that had entered into His body. Just like a bottle, to receive the spirit of God. Now could He do that without dying? He had to spill His blood by dying so that the spirit of God could be released into this earth plane. Then the spirit of God into the mineral kingdom, the fruit and flower, the vegetable kingdom, the animal kingdom, and the human kingdom; and it brought them immortality and Jesus saved them from the death and the grave.

Every week we read of someone that has to have a blood transfusion, but out of several hundred, it has to be the right kind of blood. I had a friend who had to have a blood transfusion; all her children lined up, 5 of them, even her husband, but it wasn't the right consistency. Some people make a business of that, and by giving them money, they offer; but there was one whose blood was the right consistency, and he gave 2 or 3 quarts of

his blood, which was the right consistency, but he would not take a penny for it.

The whole human race was in the same condition when Jesus came. They had leprosy, and they needed a blood transfusion; they needed new life; and that is just what Jesus did. He gave the human race the new blood that we might live. He started a new race on the path of life, the race called the Sons of God, and that is the reason why He has to come back to His government, and has to rule it. If Jesus had remained on the cross, we would not have been any better off than before.

I was an eye witness to that cross, because I lived at that time in one of my incarnations I was at that time. He took everyone of us into that sepulchre that it and the waters of baptism cleanse us.

Anyone that believes on this earth, 144,000 today shall not taste of death for they have walked and talked with the Lord and they have redeemed their bodies, and it shall be their last incarnation. In the old Testament they could not do that just like when they want to come to this country, they have to wait until the quota is full.

No one can forgive sin but God, he is a blasphemer against the Father. Now you realize the difference between Jesus and Christ. Jesus was the mold in which Christ poured himself. He had to be taken out of Mary. Mary represented Eve, who had to be taken out of Adam. Mary represents the mother of all living, and He was conceived through the power of the Holy Spirit, the spirit of God, and that was the only reason He could be born because He had never lost their seed, and Jesus never married, and He had never lost the seed of life.

The moment that a person loses their seed, which regenerates every 38 days to rebuild our bodies, He had that power within him to rebuild that body.

In order to be sure that He was dead, they pierced the sack that holds the fluid that feeds the heart. That proved He was dead. He lived with His disciples for 40 days, and He ate with them in that same body. He played the greatest drama that was ever played on this planet. He lived the purest life. There is no one else that ever gave their blood to save the human race. He is your brother. Identify yourself with Him and you shall never taste of death.

***** MONDAY, DEC. 13th, 1937. *****

"There is a Spirit within me, and the Inspiration of the Almighty gives me the wisdom, and the knowledge and the understanding of God's eternal truth."

"We thank Thee, dear precious Father-Mother God for the pouring of the richest blessings upon Thy children. We thank Thee for the privilege of this message, that Thou has called and that Thou has chosen Thy children. We know that we dwell in the secret place of the most High, and that we dwell in the shadow of the Almighty, now and forever. We pray Thee, Oh God, with the knowledge that has been given to us through Jesus Christ. Amen."

TO-DAY WE TAKE UP THE 7th FOUNDATION STONE.*****

The 7th Foundation Stone is the power of the subconscious mind. It is through the superconscious mind that man finds himself, and that he finds his place in God's Kingdom. For everyone has a different place

and a different work to do, that no one else can do. That is the reason you cannot live anybody else's life, and they cannot live your life, and you must never interfere with anybody else's life, and they must not interfere with your's. By so doing, you interfere with God's plan. The more we desire to serve God, the quicker we shall find what our real work is, and everyone that is in their right place is happy. He is happy with whatever he finds to do, or called upon to do. Jesus says, "At that day you shall know that I AM in the father, and Ye in me and I in you." What day is that? That day when you come into the consciousness of your oneness with God. The day you discover your own true self, that you are one with Jesus Christ absolutely one with Jesus Christ; He stands for your flesh and He stands for your divinity. That is the only name in heaven.

Jesus represents the stone that was set at naught by the builders, which became the head of the corner. Jesus Christ is the foundation and chief stone of the building of God in man. There is no other name under heaven whereby man shall be saved. The name of Mary Smith, or John Brown, no other name can ever get you into the kingdom. When you stand at the door of the temple of the inner places, and you knock to get in, and they ask you, "Who's there?" If you were to say - Mary Smith, or Mrs. Mary Smith, or Mr. John Brown, that would never open the door. Remember that, for they don't know any such name. Then - what name do you have to give? You have got to give the name of Jesus Christ. You have got to be so well acquainted with Him; you have got to realize so definite that you are one with Him; that is your name. Jesus stands for your personality, your flesh, and the name of your soul is Christ. If you give any other name, you have not come into Christ's consciousness. There is no other self. He stands for the Almighty children of God. He has taken on your flesh. The name of Jesus Christ is so powerful, that it strikes everything in a person that isn't right. He stands for God's Almighty. He is God's Ambassador. When you see me, you see God. God is the word that became flesh in Jesus Christ. And so you are one with Him, just as your flesh is one with their mother, because you have your own mother's blood in you. You are one with her and your earthly name is the same as your family because you are related to that family, and your name in Heaven is Jesus Christ. Don't you accept anybody else, no matter what you hear; stand upon that solid rock for which He stands. From the beginning of the world He was not received. Upon no other foundation can you build.

Your body represents Solomon, soul of man, that is what that means. When they came to finish that temple, after 40 yrs., and in 40 days Jesus accomplished what it took Moses 40 yrs., because he only represented the letter of the law, so Jesus accomplished in 40 days more than what Moses could accomplish in 40 yrs. because He did away with Time, so when they came to finish the temple they couldn't find that stone. They had to dig and dig, everyone for that top stone, the corner-stone which represents Jesus, and the top stone which represents Christ.

Humanity has not built upon principle, but upon man's theories, or the law of Moses, and Jesus has been a historical Jesus. I heard a teacher, that was supposed to teach the absolute truth, and in my very presence, he said, I am going to use his very words - "In all probability, Jesus, whom people worship, never lived at all. It's just a figure-head. It's just a figure of speech, just a symbol." When he finished, I went over to him and said "Brother, how in the world can you call yourself a teacher of the truth and you repudiate Jesus Christ?" He said, "That is old fashioned".

"If you had seen Him as often as I have seen Him, you would never repudiate Him. You might just as well repudiate yourself, your mother and everything, as to repudiate Jesus Christ." He said, "Oh, that is old-fashioned." In 3 months, he had been called to stand before the powers that be. God Bless him. I have often wondered if Jesus appeared before him before he went.

Jesus Christ stands for the whole human race, and He stands for all of God's divine souls. Without Him, we never would have known God, or known what God would have looked like, or the character of God, without Him. So make your atonement with Him.

(Our teacher, Mrs. Holmes shows us a beautiful picture of Jesus and the angels, which she treasures in her room.) He always appears with white, every time I have ever seen Him. Robe thrown over shoulder, not the right shoulder. Hoffman's wife posed for the picture Hoffman made of Jesus, 12 yrs. old. -- They throw their robe over the left, to have the right arm free.

A woman in Spokane told me a child wanted its mother to take a picture, as she had promised to many a time; as she found the camera, it clicked and she spoiled a film; and again it clicked, and she said, you must have fooled with mama's camera, "as it clicked again. So she set it again and snapped a picture of her child, and when films were developed, there were 3 pictures of Jesus taken right in her yard, with His right hand raised and His robe draped over His right shoulder.

When humanity lives the sweet, beautiful life of Jesus Christ, they put on His character. He says "Inasmuch as you have done unto Thy brother, you have done unto Me." Every time humanity does anything to crucify His children, it's Him they repudiate, it's Him they mistreat, because He represents all of us.

A chicken's heart, in the Rockefeller Institute, is kept living by changing the heart fluid every day, and they claim it could live for a thousand years by keeping it clean and changing it every day. Jesus Christ became a conqueror of death and the grave.

No man ascended up to Heaven, before those who came down from heaven. You may have lived formerly in Chicago, or some parts of the East, but you had to live somewhere in order for you to wish to go back home. Suppose you were an orphan, and you say you don't know where you came from. We are in those last days when the heaven and the earth must be one, just as the physical body and the soul must be one. No man can hope to ascend into heaven unless he comes down from heaven. Soul can never die. Jesus had so spiritualized His body. Ice can never return to ice without being water, as it was water formerly. You can take that same water and boil it, and boil it, and it will evaporate as steam; it goes back into the element, and then it comes down as rain. It came from the ocean, and so it has to go back to where it belongs. The substance of that ice was water; and it had to go back to water.

Jesus said "The Father in me doeth the works." People still pray to a God up in the sky, and all the time the living father is within us, waiting for you to be still and know that "I AM GOD", that voice is constantly waiting and calling; waiting to be acknowledged. And every moment that you say "Precious Father" that moment the door is opened;

and when you use words that don't correspond with the character of God, you are outside your kingdom. You can be on this earth for fifty years, and you are outside of your kingdom when you have not recognized God as your life, and you have sickness, poverty, accidents, etc.

How can you know the power of the indwelling Christ if you don't use the power of the spirit to contact Him. You cannot contact Him in any other way only by acknowledging Him. I WILL is: I WILL TO SERVE; I WILL recognize the Father and come to Him; when you say that, that moment you have reinstated yourself to come into the kingdom; and the treasures of God are waiting for you, for Christ is rich, and all the treasures of Heaven are His; and He is still able to transmute the base metal into gold; to transmute water into wine. He can supply you with everything you want spiritually, physically and mentally; and when you can recognize Jesus Christ that way, the soul has found itself, and it begins to serve. You begin to want to do something everyday to serve humanity. Your watchword will be, I SERVE, and not I WANT TO BE SERVED, as long as you realize your oneness with God. The magic power that keeps you connected with God is, every time you do something for humanity. I give freely of everything I have to the Father because I know everything I have has been given to me by the Father. I have peace, abundance and love.

The world is in the condition it is because they have failed to acknowledge God; they have failed to manifest their true character. Look at the people that are crying to God on one hand, and they are repudiating Jesus Christ on the other because they didn't know that He is the manifestation of God. When we repudiate Him we might just as well repudiate God, because that is just what He is.

(RECESS)

MENTAL TELEPATHY, the Key to the Universal Brotherhood, your Divine Birthright. This shows you how to work your radio, for health, happiness and prosperity. You have a grand part to play. Every time that you send out your thoughts and words, you are broadcasting all the time, and you are using your seventh sense through which the brain receives vibration.

The thought waves coming from the mind near the middle of the skull, is the pineal gland. It is shaped like a cone and it is a reddish gray color, and it is a mass of nerves, of nervous matter of substance containing corpuscles, and gritty particles called brain-sand. This is larger in children, but much more developed in women than in men because women have developed their intuition to a greater degree; and the intuition is the sixth sense of the soul.

We reach this superconscious mind in the silence by tuning into the Christ-mind. The subconscious is the storehouse of memory, and that is the reason that you can tap the subconscious for anything that you want, because it has stored up the memory of all that you have ever done. Anything that is forgotten by the human mind, is not forgotten by the

subconscious, and that is the reason that you can say - "Father, help me to remember" such and such a thing, or help me to replace such and such a thing, and you can find it because the soul knows where it is. A record has been kept by it.

The superconscious is all powerful and is the source of wisdom and inspiration. This is the mind of Jesus - uses in all of His great works. All His works of healing was done through the super-conscious mind. And He knew that God was the creator and provider, and He knew the principle of spiritual telepathy. And He knew how to tune in to His Father. The only time that He used His human mind was when he called man a viper and told him that he was a generation of vipers. Then He used His human mind. All the other time He was always in tune with God, but at that time He tuned in to the law of vibrations. He didn't borrow His doctrine, nor His words from Egypt, Persia or India. They had nothing to give Him. They are not even followers of Him to this day. How could they have given Him His doctrine? They recognize only Buddha; and they don't know that Buddha, whom they worship, is in this life Jesus of Nazareth. They repudiate Jesus for Buddha when Jesus was Buddha. India is one of the most deplorable countries in the world. There is no country that has so much ignorance, as India. Read in Sunday's Examiner, yesterday, about the peculiar diseases they have in India, cured by hugging. It's a racket. The eastern religion is not for the western people.

In the New Testament is everything that everyone can possibly need. The New Testament is the fulfillment of the old. Don't be carried away by any magic, or thrill, take Jesus Christ only. Remember that Jesus Christ was not a son of God by proxy either. He presented His heavenly credentials to the whole world. Jesus was the only representative of the Lord God, Jehovah. He represented the three-in-one, the Father, the Son and the Holy Spirit. The son represented the perfect idea, the Father represents the principle, the created principle, and the Holy Spirit represents the eternal Motherhood. The real soul-man is spirit Jesus Christ. He is Jesus Christ and that is the reason that He is the SUN and is always in God; and rightly related to His eternal Father for He is His image and likeness, so the sun abides in the presence of the Father always; and that is the reason it is possible for us to consciously walk and talk with God in joyous companionship, for He says - "Lo, I AM with you always."

Affirmation. "Oh, Jesus Christ, Thou Sun of God, my own true self, Thou livest Thy life in me. Thou doest Thy Will in me. Thou art made flesh in me. I have no will but Thine. I have no self but Thee. I AM Thine and Thou art mine and we both are one in the future."

That is the salutation to Jesus Christ.

Prayer given Sunday. -- "Oh, Christ light Thou within my Soul the flame of Infinite love and wisdom. That I may dwell forever in the radiance of Thy countenance, and rest in peace in the light of Thy smile. Christ is now walking through me with Infinite charm."

Use for obsession, or anything that is stubborn or hard to heal. Never start your day, or never go to sleep, without saying this and you will more quickly recognize, or realize, your oneness with Him.

Prayer as follows:-

"Jesus Christ is my own true self. He abides within me strong and positive, radiant from the center of my being to the circumference. I AM filled and thrilled with God's own presence; filled with life, health, strength and vitality; filled with wisdom, knowledge and understanding of God's eternal truth."

There has never been a day that I don't say that ever so many times. I never enter a taxi, a train or any kind of vehicle without saying it. It is constantly with me all the time. You can send this to anybody that is ill. You can send this to anyone, as your mind is a radio mind, to all parts of the world, and you are constantly receiving what you are tuned up to. You will never be sick or have anything wrong with you - - -

Your five senses: seeing, hearing, tasting, smelling and feeling; and your sixth sense of intuition; and then your seventh sense, which is your superconscious mind, the power of contacting God.

Your solar-plexus is the organ through which your intuition, - you hear the still small voice; and the brain is the organ of telepathy; and these (Teacher points to lines extending from circumference of circle on chart) represents the 13 centers of consciousness, and these lights become dim through sin; through violating God's laws.

In the temple of Solomon there was a candle-stick with seven lights, 7 candles, and another one with three, representing the Trinity; and one candle representing the one Supreme light; and our body represents the Temple of God. Seven is a mystic number. That is the reason there are 7 senses, and 7 days to the week; and 7 years in the cycle. Our life is made up of cycles of 7 yrs. and there are 7 colors in the spectrum; and there are 7 letters to the musical scale. There are also 7 spirits that we send out on the earth.
