

" BE ON THE LEVEL "

*Magazine  
material*

" Be on the Level", should be our motto !  
We should practice what we preach;  
An exemplary life's the only way,  
Of showing others what we say.

" Be on the level", at any cost!  
There's virtue in so doing;  
We should never stop to ponder,  
Over one who has made a blunder.

" Be on the level", there's no better way!  
Truth, triumphantly stands;  
We should bear each other's burden,  
God's command, handed down from heaven.

" Be on the level", for all its worth!  
Let honesty be our guide;  
We should adhere to the laws of nature,  
Man to man, we're all God's creatures.
