SUPERCHARGED CORD

Last week Dr. Frank S. Robinson of Moscow, Idaho, took delivery of a Supercharger Cord from Irwin-Jones, Washington distributor. The internationally known religious leader has driven Auburns, Duesenbergs and Cord cars before, but this is his first Supercharged Cord.

"Science" and Demonism United

When shallow minds find that there are invisible powers that may be drawn upon, they think they have found something new and valuable. Nothing of the kind. They have found only the same old evil powers that were in existence in the earth before the Flood and that were the cause of Jehovah God's blotting out the Canaanites, Perizzites, Hivites, Jebusites, Hittites, Amorites and Girgashites from the land of Canaan.

A Western man is flooding the mails with offers to teach anybody for \$20 how to know God and obtain health, wealth and happiness. *The Golden Age* has purposely avoided mentioning this man and his alleged "staggering truths"; his demands that the minds of others be submitted to his mind and that in the presence of his lessons they "be quiet; try to dismiss all other thoughts from your mind" and thus get the "dynamic unseen power" to "heal the sick, cast out devils, raise the dead", etc.

This man, demonized, purely selfish, and teaching pure selfishness to others, claims to teach others about God, but does not cite a text of Scripture and is merely a tool of the Devil. He claims to have had all this knowledge revealed to him when he was "quiet".

This is a request to readers of *The Golden*

The GOLDEN AGE

Age not to send in any more "Psychiana" literature; for such is demonism, pure and simple; nobody who loves either the God of the Bible or Jesus the Ransomer and Savior of men would have anything to do with it if he knew its origin.

A FUNDAMENTALIST'S RELIGIOUS VIEWS

Editor, Free Press:--I am writing concerning my letter replying to Dr. Frank B. Robinson, of Moscow, Idaho, U.S.A.. Dear Dr. Robinson your many letters received and contents noted, and in the last one especially of recent date referring to those who have inquired about your new religious teachings, you wonder if I am one of those who claims to be more interested in my soul than I am interested in material things. Well I have always been more concerned about my soul's welfare, spiritually, than for the good things of this world. I have all my life believed there does exist a personal God who is the creator of all things, the heavens and earth and all things in it, the sun that shines in the heavens and lights our day and the moon and stars which give us light at night. I still cling to my own religious beliefs and it sounds awful to me when you say you are not concerned any more about your soul or with what will happen to it in the future, as it will have to take care of itself and work out its own salvation. In whatever environment it finds itself. You also say you are not interested in any mansions in heaven nor wish to fly to the breast of Jesus, or to be washed in the blood of any lamb. All you are concerned about or interested in is a comfortable home and enjoying the good things of this world. It seems to me you care nothing for the hereafter so long as you can wallow in wealth and worldly happiness and now on earth. You go further and say there is no God, and that the Bible is a fake and should not be allowed to exist.

You say you have sought our God for 40 years and found not him. Then you founded your new religion to suit your own fancy. My opinion is your so-called religious teachings will get you nowhere and after you have enjoyed the jokes and amusements in this world you will not have a Saviour Jesus Christ to go to when you die to be saved and enjoy eternal life throughout the countless ages of a never ending eternity. In your letter you quote a great scientist, to prove your contentions saying who is this God of Isaac that we are asked to worship, who so bungled all creation that he had to employ a fig leaf and a snake to find an excuse for a flood, and then had to send his son to redeem mankind. Such an expression is an insult to God, denying that the Bible is a true teaching of the Gospel of Jesus our Saviour. You further claim there is no God existing; no hell, no sin, no devil, that the Bible is a fake and was written 4,000 years before Christ was ever heard of, which you say is all tommy-rot, and should not be allowed to exist.

I am awaiting his answer replying to my question asking him what will become of his soul after death in the hereafter if there be no God to save him in that terrible day. I am afraid if he relies upon his God, law religion as he calls it there will be no saving grace for his soul's redemption.
