

THE LEAGUE OF ETERNAL LIFE

MOSCOW, IDAHO

LESSON NUMBER EIGHTEEN

The one question asked me perhaps more times than any other, is this:- "To what do you attribute the amazing results which follow your endeavors?" My reply invariably is this:- "I am dealing with the Power of The Spirit of God". Let it be distinctly understood please that the very methods I am trying to teach you, are the methods which have been employed by me in demonstrating God over the past twenty years. What I have been able to do--you can do, for it is not my power--it IS the Power of God, operating in response to the Law which is God. I merely apply the Law, believe God, and automatically the desired results follow. It's as simple as that.

I find, travelling round our country that I am amazed at the ready acceptance of these simple though profound truths I find on every hand. It makes me wonder what the preachers and priests are doing, fooling round with rite, tradition, ritual, theory, when all this world needs to completely redeem and renovate it and join it to God, is the plain simple TRUTH of the present existence of God--right in our own lives, therefore, in our midst. We have looked everywhere under the sun for God except the one and only place He can be found. That is--IN US. God, of course, is everywhere. But you wont be able to pick God out of the sky. You wont be able to go to some evangelistic meeting and find God. IF YOU EVER KNOW THE POWER OF GOD, YOU'LL KNOW THAT POWER HERE ON EARTH.

You will not find it all at once. You will learn to apply the Law of God exactly as you learn to apply the Law of Physics--by studying it, applying it, and demonstrating that it is a law. The same thing in the Realm of God--this God to whom you are looking for Eternal Life here on earth. You will study the Law of God. You will apply the Law of God, and you will demonstrate that Law--if you go very far along the Spiritual Highway. You know that It exists. You know where it exists. You know how very close to you this dynamic God-Law is. The actual demonstration of this Law is your business. I am only your Teacher. I can only give you what I, in turn, have received after many years of intensive study of God, the attributes of God, and the LAW GOVERNING THE REALM OF THE SPIRIT OF GOD.

In your quiet moments of the study of these truths, as you express your idea or desires into that Realm, into the Great Silence that is the Power of God, there will come back to you an answering echo as it were. You will know that you are not merely talking to yourself. You will know, as surely as you know you are alive, the tremendous possibilities lying close to your hand. You will never be able to fathom them all. You dont need to. All you need to know about God now is how to make definite contact with God, so that He may provide you with whatever it is you lack. And you lack everything which separates you from God. You know--you really are not separated from God. You just simply have never been told the truths of God. No minister or priest ever told you that all of God was as close to you as life itself--did he? All these good gentlemen of the cloth seem to be interested in is "saving your soul" and there is not a single one of

them can tell you what the "soul" is. Really, there is no "soul". You have no sould, really. What you have is the Life of God--the Spirit of God living within the confines of your physical body, yet joined to the vast ocean of all the rest of The Spirit of God. I sometimes use the illustration of the reservoir supplying water to a large city. Hundreds of thousands of faucets. In homes. In shops. In fire-hydrants. There is sufficient water supply, and sufficient pressure in the reservoir, to supply every faucet, from the smallest to the largest. THE SUPPLY OF WATER FLOWING TO EACH IS LIMITED ONLY BY THE SIZE OF THE FAUCETS.

There is enough water to fill the fire-hydrant with pressure, and there is little enough water not to hurt the smallest faucet. What sort of a faucet are you? A small one? Then pull yourself out and make yourself into a much larger faucet. That can be done. You can do it. By following these simple TRUTHS closely, you will understand how it can be done. DONT FORGET TO READ THIS LESSON SEVERAL TIMES DAILY UNTIL THE NEXT ONE REACHES YOU.
