A MOVEMENT OF THE SPIRIT OF GOD ON THE EARTH

## STUDY LESSON NO. 2

### 'Man Can Now Talk With God'

In Portland, Oregon, recently, a minister who had only one eye. wanted another one. He advertised for some convict who was about to be hanged or electrocuted or otherwise legally killed by some State, who would donate to him one of his eyes after death. A colored convict who was shortly to be hanged in San Quentin Penitentiary in California, agreed to give this minister one of his eyes, but some of his relatives objected to this.

An elderly lady, however, made arrangements with this good brother, providing for his procurement of one of her eyes after she had passed away. This she did but a few weeks ago. Now listen to what happened, for it will give you a faint idea of the Power we are to teach to you as we journey together along this pathway which leads to God. If you will grasp what is involved in this comparatively simple operation of transferring a dead eye to a living physical body, it will give you some idea of the magnitude of the invisible Power I am attempting to teach you to use. And a mighty Power it is, too. So mighty, in fact, that no human being can ever begin to duplicate the things this Power does every day, and which, because of the many times this Power does these things, seem so commonplace to us.

This incident of the minister and the dead eye will serve my purpose here, and as the case was written up in the papers from coast to coast, you will see that I am not using far-fetched illustrations

to make my point—but something which the whole world knows actually happened. The remarkable part of this whole happening lies in the following fact. The dead eye was taken from the body of this lady after her decease, WAS KEPT REFRIGERATED FOR SEVERAL WEEKS, AND WAS THEN TRANSPLANTED INTO THE MINISTER'S HEAD. The result was that the minister secured his sight through the dead eye which had been taken from the corpse of a dead woman. Let me repeat that statement. This man saw, and he saw through an eye which had been taken from the dead body of a woman who died some weeks before.

Now, shall we analyze that a bit? There may be some things there of great magnitude which we overlook, we all admit the physical operation was a very fine one. It was a wonderful thing to do. Yet it was not too hard for medical science. BUT WHERE DID THE SIGHT COME FROM WHEN THAT DEAD EYE WAS GRAFTED INTO THE HEAD OF THE MINISTER? Had you ever thought of that? The dead eye certainly had no element of sight in it, for the woman from whom the eye was taken was dead. Therefore the eye was dead, too. IT WAS ABSOLUTELY SIGHTLESS. YET—WHEN IT WAS TRANSPLANTED INTO THE HEAD OF THE LIVING MAN—IT SAW. Or, rather, the man saw through that dead eye.

Now, from whence came the power to see? You will admit that it was not in the dead eye. Then there

is but one place this power could have come from, and that is from the living body of this minister. That will be clear to you. This living body of this minister had power enough to give sight to the one good eye he had, BUT IT ALSO HAD POWER ENOUGH TO GIVE SIGHT TO ANOTHER EYE, EVEN THOUGH THAT EYE WAS DEAD, HAVING BEEN TAKEN FROM THE DEAD BODY OF A WOMAN. There is no other answer to this. The very moment a dead eye was placed in the minister's head, THE LIFE-SPIRIT IN THAT MAN WAS OF SUCH TREMENDOUS POWER THAT IT AT ONCE CAUSED THE DEAD EYE TO SEE.

You will begin to see here, I think, the first faint glimpses of what I am driving at, and the staggering Power I am attempting to teach to you. I could give you many other illustrations of what I mean, but you will see this one very clearly, I'm sure.

Last fall, a certain radio corporation ran a series of programs, designed to try and find out if things happened that were beyond the pale of human effort and intelligence to understand. I followed those happenings very closely, as did many millions of people. I don't think there is any question but what the result of that series of broadcasts showed very definitely that many things have happened, and still are happening, which seem to be entirely outside the realm of human understanding and of human power. I WONDER IF THEY REALLY ARE.

In writing to a certain lady today who has been connected with a very famous scientist at a certain eastern university, or rather, southern university, I made this statement—"WHAT YOU HAVE BEEN DOING BACK THERE WITH PACKS OF CARDS, IS BUT KINDERGARTEN TO WHAT HAS BEEN HAPPENING HERE IN MOSCOW, IDAHO, FOR THE PAST TEN YEARS." And I think it is. This famous scientist recently published a book which leads one to believe that there are undiscovered frontiers of the mind—so-called. There certainly are undiscovered frontiers, but they are not of the mind. THEY ARE UNDISCOVERED FRONTIERS OF THE INVISIBLE REALM OF THE GREAT SPIRIT OF GOD. AND MAN, FOR THE FIRST TIME IN HISTORY, IS BEGINNING TO FIND THAT THERE IS A LOT MORE TO THIS GOD PROPOSITION THAN HE HAS EVEN FAINTLY IMAGINED.

The word "mind" is a very convenient term. Yet it is an indefinite term. "Conscious Mind." "Sub-

conscious mind." Objective mind"—we have all heard these phrases many times. Yet what is the mind? Who has ever given us a plain understandable definition of what "mind" is? No one. As a matter of fact, before you have progressed very far with me in these Studies, you will find out that "mind," whatever that nondescript thing may be, HAS NOTHING WHATSOEVER TO DO WITH THESE HAPPENINGS. I have heard good folks tell me that there is such a thing as a "universal mind." Perhaps so. But one must ask for a much better definition than that. WHAT IS MIND? I always ask these good folks. What is the universal mind? What is any sort of "mind"? And they do not answer. They cannot answer.

Before you will grasp an understanding of what this Realm of Invisible Power is, it will be necessary for you to grasp completely who and what God really is. And you will find that we shall not beg the question. We shall not point up to the sky and say—"GOD IS UP THERE." Nor shall we tell you that no one knows who and what God is. That statement may have been correct in the past. It is not correct now. For unless we can come to you with a reasonable and logical explanation of who and what God is, we cannot under any circumstances show you how to avail yourself of the Power which is God. For if God cannot be comprehended by you, then we should be wasting our time in attempting to teach you the things of God. That's the reason for the failure of so many organizations which tell us they know all about God.

No one, unless he or she absolutely realizes what God is, can ever intelligently use the Power of God. For God is not some blind thing, operating indiscriminately at whatever whim or vagary arises. NO. No—not that. There is nothing of the "supernatural about God. God does not operate without rhyme or reason. God operates with the same remarkable precision that covers and governs the operations of any law. For, as you progress with me, you will see that God is just that—A LAW—A MIGHTY OPERATING LAW. A little later you will see just how close this God-Law is to you, and you will, in all probability, marvel at the stupendous fact that YOU, of all folks, can use this mighty God-Power here and now.

Millions of honest Americans are rushing here and there, hither and yon, trying to find the truth of God. They join this organization and they join

that organization. Just like I did before I found the truth. But God may not be found running hither and yon. For this mighty Power is closer to us than you dream at this time. A little later in your Studies, you will learn to tap this Power as you now use the telephone. And with this difference. You will never be told "Line is busy." For the line to the Supreme Power of the Realm of the Spirit of God is never busy. IT'S A PRIVATE LINE. IT'S YOUR LINE AND NONE MAY GET ON THE LINE WHILE YOU ARE ON IT. This is a crude illustration but it carries my meaning to you clearly. A telephone connection with the Power of the God-Realm. Yes—it's more than that. It's closer than that. It is more powerful than that. IT WAS SO POWERFUL IN THE CASE OF THE PORTLAND MINISTER THAT IT COULD RISE TO THE OCCASION AND GIVE SIGHT TO A DEAD EYE IN HIS HEAD.

I said this Power is a Law. Therefore, being a Law, it is absolutely silent in its operations. For that reason, some may think this God-Law does not exist. But it does, as you will discover before too long with me. And if you are one of these earnest souls whose life has been spent in an attempt to find God and use the Power of God, may I suggest that you, from now on, cease your efforts. For any efforts you may make, instead of bringing the Power of the God-Realm closer to you, will only tend to hinder its operations in your life. Remember that, please. CEASE ALL TRYING TO FIND GOD. KEEP STILL. You will discover that you don't need very much effort to find God.

At this point in your Studies, please remember two things. First—THE POWER THAT YOU ARE ATTEMPTING TO FIND IS AN INVISIBLE POWER. We have seen already that it is a silent Power. Now we see that it is an invisible Power—silent too. Now do you know of any other power on this earth that is both silent and invisible? Think for a moment! Is not electricity both silent and invisible? True, you can see the results of electricity in an electric light bulb. But it's only the RESULTS OF ELECTRICITY IN OPERATION that you see. YOU DO NOT SEE ELECTRICITY ITSELF. You hear the hum of the turbine—the motor—the power line, but you do not hear electricity. You only hear electricity in action through some medium or other.

This is the same thing as the invisible and silent

Power of the Realm of the Spirit of God. You cannot see it. You cannot hear it. YET YOU CAN DO BOTH OF THESE THINGS WHEN THIS GOD-POWER IS IN ACTUAL OPERATION THROUGH THE MEDIUM OF A HUMAN LIFE. You will both see it and hear it in action when you begin to understand and know just how close this God-Power is to you, and when you begin to allow that Power to operate in your life. For this is an absolute possibility. Just as possible it is, as it is for me to throw the light switch in this room, and flood it with light. Many problems arise in my life. As Leader of a Movement as large as this Movement is, these problems arise all the time. Yet when they do arise, I IMMEDIATELY THROW THE SWITCH AND INTO THE LIFE COMES BOTH THE NOISE AND THE POWER OF THE REALM OF THE SPIRIT OF GOD. The Power is there. I THROW IT INTO OPERATION and men who know how I handle problems will tell you that it oftentimes seems miraculous how everything which seems insurmountable seems to vanish the moment I get busy on it.

Can you realize in your life, even at this moment, a silent, invisible Power, more dynamic than the law of electricity, which Power you may throw into operation at any moment? Can you imagine that? Then let me tell you something else, too. THERE IS NO PROBLEM THIS POWER DOES NOT HAVE THE ANSWER FOR. There is no circumstance which can possibly arise in your life and affairs, which this Power cannot govern completely. You didn't know this—did you? You have not, to date, had the faintest idea that such a God-Power was available to you. Yet it is. HAD IT BEEN YOU INSTEAD OF THE PORTLAND MINISTER WHO NEEDED A NEW EYE, THE POWER IN YOU WOULD HAVE GIVEN SIGHT TO IT JUST AS IT DID IN THE CASE OF THIS GENTLEMAN. Remember that, please.

Are you poor—then the irresistible Power which dwells in you can bring to you an abundance. For this Power, which is available to you, made the world and everything that's in it. You have not known of the existence of this Power before. Had you known of it, you would be happy, prosperous and a power for good in the world today, instead of just being able to "get by" as you probably are doing now. Are you unhappy? There's a great peace available to you through this God-Power.

Does life seem to withhold its beauties from you? That's because you have never known of the silent, invisible Power of the God-Law in you, round about you, and available for you all the time.

The advertisement which first attracted your attention to this Movement was headed "MAN CAN NOW TALK WITH GOD." You may have thought that was just a clever piece of advertising. But it's far more than that. It happens to be an absolute fact. For, in addition to realizing the existence of this invisible silent Power which is God, YOU CAN TALK TO IT, AND IT CAN BRING TO YOU THE THINGS YOU SO ARDENTLY NEED TO MAKE YOUR LIFE THE GLORIOUS SUCCESS YOU WANT IT TO BE, AND WHICH IT SHOULD BE.

Now when you awaken in the morning, do as I asked you to do. Now that you have a faint glimpse of this dynamic God-Power, let's see if you can't find and use it. I happen to know that you can. Keep still, and study these Lessons alone as I asked you to before. Close your eyes. Just relax. Think this thing out for yourself. In your quiet period

when you are thinking about this dynamic Power which is available to you, I want you to realize the fact that this vast ocean of Power about which I am telling you, is very close to you.

When the day's work is done, keep quiet, relax, and think upon these truths you are now learning. If the Power of God dwells in you and can be used by you, then you will, of course, make an honest effort to find the place in you where God dwells. It is there. You will find a rather pleasant, peaceful feeling coming to you as you do these simple exercises. In a few weeks you will know what it means to be alone with God. For this Presence will begin to make itself known to you as you earnestly expect it to. In your next Lesson some very interesting exercises start. If you care to, have your quiet moments at noon, too. The more of them you have, the more successful you will be.

Cordially your friend and teacher,

## SPECIAL NOTICE!

\* \* \*

What the future holds for you, is entirely in your own hands. As I write this special message to you, I'm thinking of the day, not much more than ten years ago when, with a wife and baby I got off a Northern Pacific train here in Moscow, Idaho, to hold down a job in a drug store at \$175.00 a month. THEN SOMETHING HAPPENED. Today, this Teaching is known all over the civilized world. The eyes of the religious world are upon it. Those who specialize in "orthodox" theology are mystified. They cannot conceive of anyone outside of themselves having any picture of God which is true. Yet, they have to realize the amazing growth of this Movement of mine. They see the statements (unsolicited) made by our Students all over the world, and they know that something REAL is happening in the lives of those who follow us. They don't know just what to think. Yet, when one considers the helplessness of any or all of these systems of "orthodox" religion to do anything constructive for humanity here and now, is it to be wondered at that someone didn't question the truth of their teaching? The reason I began to investigate was because I tried so hard to find God by their methods. And I failed. I wanted God here and now. I wanted a Power which could bring to me, here and now while I am on this earth, some of the things which could make my life happy and successful. Imagine my amazement when I found such a Power actually existing. It didn't take me long to find out who and what God really is. And I was very happy over it all. Now, of course, I have everything I want. The Power of the invisible God-Law brought it to me. Home, life insurance, two cars, bank credit, and better than all, I have been able to teach scores of thousands how to find this same God-Power. I'm trying to teach you, too. Play a fair game with me. That's all I ask.
