

THE "PSYCHIANA" SPIRITUAL AWAKENING

In an effort to throw the Power of the Spirit of God against the forces which are trying to rule this world by brute force, and believing that God still lives, and can manifest here and now on this earth, bringing peace, joy, and eternal happiness, I, the undersigned, solemnly promise to do the following things faithfully.

FIRST

On arising, at noon, and before retiring, I will keep very quiet for a few moments, forgetting the things of this life for the time being, and will repeat, earnestly, and forcefully—"I BELIEVE IN THE POWER OF THE LIVING GOD."

SECOND

Visualizing a picture of Adolf Hitler, I will work with the Invisible Power of the Spirit of God against this man and the brute forces he stands for, by repeating, earnestly and forcefully—"THE SPIRIT OF GOD WILL BRING YOUR DOWN-FALL."

THIRD

Recognizing the fact that God, the Invisible Creator, lives every moment IN ME, I will, from henceforth, recognize that in dwelling Spirit, and through its Power I will live an overwhelming life, to the end that peace, joy, harmony, and world happiness may be manifested on the earth.

I solemnly promise to do these three things unceasingly, confidently and continuously.
