

# The "Psychiana" Revival

A MOVEMENT OF THE SPIRIT OF GOD ON THIS EARTH, MANIFESTING THROUGH  
DR. FRANK B. ROBINSON AND HIS STUDENTS.

## WHAT CHURCH LEADERS THEMSELVES SAY:

"We are living in one of those rare periods of time from which greatness can emerge through the renewal of the human spirit by a more vital contact with the great Spirit. Such moments, so pregnant with tremendous possibilities, are not often vouchsafed to man. A sweeping movement climbing upward toward the building of the world of our dreams—or, a spiral downward toward disaster, seems to lie just beyond the border of our day. One cannot view with serenity the possibility of our failing to take advantage of this supreme moment in time. Out of such periods magnificence comes. The Christian Church has an opportunity now, which, if she lets slip through her hands, she may never have again. She must prove herself worthy of the leadership demanded of her. She will serve the modern world with Christian greatness or **BE REPUDIATED BY IT. THE SPIRIT OF CHRIST WILL NOT LEAVE THE EARTH, BUT HIS SPIRIT WILL LIVE IN INSTITUTIONS OTHER THAN OUR OWN.**"—Closing paragraph of "THE SKY IS RED" by Dr. Jean S. Milner, Pastor of the Second Presbyterian Church of Indianapolis, U. S. A.

What Bishop Ralph Magee of the Methodist Church says:

"BISHOP J. RALPH MAGEE OF ST. PAUL URGED ADULT EDUCATION HERE YESTERDAY TO COMBAT SLUMPS IN SUNDAY SCHOOL ATTENDANCE. HE SAID THE M. E. (NORTH) CHURCH LOST 2,859 SUNDAY SCHOOLS AND 732,271 STUDENTS DURING THE 12 MONTHS ENDING 1935."

Now read what the newly elected primate of the Protestant Episcopal Church in America said in Chicago on October 25th, 1937:

"UNLESS THE CHRISTIAN CHURCH DEVELOPS AN ENTHUSIASM FOR ITS WORK COMPARABLE TO THAT OF SOVIET RUSSIA OR WARRING JAPAN, THE CHRISTIAN CAUSE MAY FAIL AND PASS OUT OF EXISTENCE."

Religious leaders the world over are telling the same story. Their organizations are utterly powerless to stem the tide of atheism or to stop war, or to straighten out the economic situation, or to bring to men and women, any of the truths of God. They do not know them—hence they fail. *Truly it is time for someone with a vision from God to start a Movement which will bring the Power of the Spirit of God to men. We intend this Revival to do just that.*

**WHAT COMMON SENSE IS THERE IN KEEPING ON WITH APPEALS AND METHODS THAT HAVE BEEN TRIED FOR HUNDREDS OF YEARS, AND THAT NEVER OFFERED SO LITTLE PROMISE AS THEY DO TODAY?**

# Why This Revival?

This world is nearer to hell today than it ever was. Church leaders admit they are baffled. They admit that what they are offering in the name of God does not even interest the world—let alone save it. Nor has the church anything in its entire philosophy which can banish war, straighten out the economic situation, nor bring hope and peace to the hearts of men. Can you imagine the church as we know it doing that?

Never was there the possibility of such devastating and savage war; never the possibility of such fierce internal strife. And the church can do absolutely nothing about it. It never has been able to stop war, nor to bring the Power of the Spirit of God to this war-sickened earth. Look at Russia after a thousand years of the Greek Catholic Church. Let the Roman Catholic Church tell us what condition Italy and France and Spain and Mexico are in after centuries in which these countries have been in her hands as clay in the hands of the potter. Let the Church that Luther founded tell us what condition the birthplace of Protestantism is in, and let the Church of England tell us if she is satisfied with the moral and religious conditions in England. Let Scotland tell us whether the hopes of the martyrs, saints, and mighty preachers have been fulfilled.

The world as we see it today is exactly as these above mentioned churches have left it. They have all had full opportunity to show what they could do. Now let someone else have a chance, for *this world can be saved*. No church will ever do it, however, for all of our present religions are man-made in their origin—hence their failure. *This world has not seen to date a religious movement founded on the Spirit of God until "PSYCHIANA" was released nearly ten years ago*. As a result of the Teachings of Dr. Robinson, perhaps more actual demonstrations of the Spirit of God have been witnessed than all the church organizations put together can show. All of which proves that the Spirit of God, *if given a chance, can, and will save this world*. It can abolish war. It can bring economic peace. It can heal all diseases. It can bring men to see that all are brothers and it can, and will, demonstrate its living potent Power in human lives here and now.

So the time has come for us to step out into the front of the picture, and to bring to the world the truths of the mighty Life-Spirit as we know these truths to exist. If the Spirit of God can find men and women through whom it can operate, the results will be sure—we don't need to bother our heads about that part of it. Our Leader, Dr. Frank B. Robinson, has the vision, there is no question about that. He has the Power, and, more than that, he is not afraid to give the Power of God an opportunity to do its own manifesting. He is utterly fearless, and his life is lived apart from the world—with the Spirit of God. He can, and will, with your support, start a revival for God which will bring to this earth a realization of the presence of the Spirit of God, *here and now*—not in "heaven" or somewhere else. This recognition of the Power of the Spirit of God *can and will save the world*. It can and will bring God to men, and that's what the world is dying for. The churches have utterly failed. They have tried to tell us what to do for a long time. Now let us tell them what to do, and let us show them how to do it.

# How It Will Be Done

We feel and know that Dr. Robinson has the Message, and we also believe he has the Spiritual Power to put the message across to a discouraged world. So the first thing will be public appearances of Dr. Robinson in every large city in America. He will probably speak three times in the largest auditoriums available. This will do two things—it will give all Students an opportunity to meet him personally, and it will call the attention of the entire United States to his message. It will also make it possible for every Student to meet other Students in every city, and form their own permanent group.

On November 28, 29 and 30 of this year, Dr. Robinson spoke three times in the Shrine Auditorium in Portland, Oregon. We were informed that no other man has ever been able to draw the crowds Dr. Robinson drew. The message was eagerly received, and the consensus of opinion after the meetings was "That fellow certainly has got something." We of "PSYCHIANA" know the truth of this message. For nearly ten years we have seen thousands of lives changed by the Power of the Great Life-Spirit. We have seen what a wondering world has called "miracles" happen in human lives, and today, if never before, we *know that the Spirit of God is on this earth*, ready and willing to manifest its Power in every life which will let it. What then is there to do? Just go—that's all. Go into all the world with the message. That's what we intend to do.

Dr. Robinson, who has the energy of three men, will give his all for God at any time. He will tear himself to pieces if need be that the amazing Power of the Life-Spirit may be given a chance to make its Power known to men and women. He would very gladly lay down his life if by so doing he could bring the picture of the present existence of the Spirit of God to the world. You know that. You have seen him, through the Power of God, surmount obstacles which would have downed almost anyone else. Yet he stands unharmed today, protected absolutely by the Spirit he believes in and personally knows. To send Dr. Robinson round the United States with his message would be to start the greatest revival of Spiritual Power this world has ever known. Its results could not be measured. It might be the very thing which would bring this world to its senses, and make it see for the first time, that the Spirit of God exists here and now, to satisfy every human heart, by revealing itself to every human heart. This it will do if it can find a man or an organization through which it can work, and which will make even a sacrifice for the Kingdom of God if necessary.

It is a rare privilege for you to be a member of "PSYCHIANA." It's a privilege perhaps you do not know the full significance of yet. But we are depending on you to do your part to make this Movement for the Great Spirit a success. It can be, and it will be, for Dr. Robinson would not start it if the time were not ripe. But the time is ripe. Men and women are hungry for God, and there is no organization in existence capable of bringing God to men. They have not the vision nor the Power. We have. You have. The work is yours. Do not fail us, for in helping with this *revival* you will be doing both yourself and humanity a service it will never be able to repay.

# How the Revival Will Be Financed

This revival will be financed by our Students, and by those who wish to have a part in this Movement of God. For that's exactly what it is. This is not Dr. Robinson's Movement—it's a Movement for the Life-Spirit and the human race. Each Student will be asked, and is now asked, to make a voluntary contribution of a certain sum, and a further contribution month by month. It is suggested that a certain percentage of your earnings be set aside each month, and sent to us to help finance the "PSYCHIANA" *Revival*. The important part will be the initial donation, which should be as large as you can make it, for the expenses will be very high. If you are a wealthy man or woman, then send a substantial sum. If you are a "middle-class" Student, send what you can.

Now please make no mistake about this end of the Revival. Your support, at the start will be absolutely essential. Later on we may not need it. Now, we do need it. It may entail a sacrifice on your part, but is it not worth it? If war could be abolished, if all sickness could be banished, if the economic structure could be straightened out, and peace be on the earth and good will to men—would not that be worth the price? We think it would. We know it would. We believe absolutely that the Power of the Spirit of God, working through Dr. Frank B. Robinson, can, and will bring to this earth, a demonstration of Spiritual Power such as it has never known before. Don't underestimate the meaning of this Movement. Don't underestimate the vision of Dr. Robinson. You are fortunate indeed to be affiliated with him.

We in Moscow alone cannot bear the expense of this Revival. Nor should we be expected to bear it if we could. The same Life-Spirit which operates through us here also is in you. It's One Great Life which is God. Therefore, the work is yours, even more than it is ours. This is your opportunity, and what a beautiful opportunity it is. You cannot go and preach to the nations perhaps, but you can make it possible for this man of God here in Moscow to go. We say once more—don't underestimate the value of this opportunity to you. Make it a definite plan, and a definite part of your life to be an "active" supporter of this Revival. Never has the world before seen a Movement like "PSYCHIANA." Its true significance has not been realized by many yet. When you receive this announcement, fill in the enclosed form, send us as much as you possibly can send, and then each month send whatever amount you have agreed to send. As soon as sufficient money is available through our Students, Dr. Robinson will leave Moscow on the first leg of his journey. All Students will be notified. If you are wealthy—give heavily, but in any event, give as liberally as you can, and let's show the world what the Spirit of God can actually do for humanity when given an opportunity. The load on Dr. Robinson is very heavy. His heart is weighted down in his anxiety to tell men and women of the Power of God. So stand behind him, please—it's not for him, it's for the Life-Spirit and the human race.
