

TURN ON THE SWITCH

TURN ON THE SWITCH—peace, power, plenty await you when you do. God exists. If this is a fact, then God exists for YOUR personal benefit and use. You and God are forever linked together. None can ever separate you. Have you yet recognized the presence of God in your life? Have you thrown the switch? If you haven't, you should. for Artist Dahlman has very cleverly shown you the way to do this in the above drawing. The moment you do throw the switch, YOUR WHOLE LIFE LIGHTS UP, AND EVERYTHING YOU CAN POSSIBLY NEED FOR YOUR COMPLETE HAPPINESS AND ABUNDANCE LIES BEFORE YOU. It can be yours, brought to you through the Power of the invisible Spirit—GOD. You believe that, don't you? Of course, you do. Then, live your life, every moment of the day, in the conscious Power of this great God-Law which created every living thing, and which sustains YOUR life on this planet. As old religious superstition and tradition disappear (and they are fast disappearing) the TRUE picture of God is being found. This picture brings the above things to all who really want it to.
