

LESSON 3

One friend in Australia wrote Dr. Robinson recently: "Yes--the God-Law WORKS. It's the most stupendous truth I've ever known. I cannot remember ever being fully satisfied until now. Again I want to thank you and "PSYCHIANA" for what you are doing for me. The tide has turned at last and I feel like living again." In our files are thousands of letters such as this from Students whom we have never seen. It makes no difference where you are or who you are--the GOD-LAW can do the same things for you, so study these Lessons very carefully. It's your problem--not ours. We will point out the way to you--you must walk in it.

NOTE:-Just a little business message. We depend absolutely for revenue on the payments of our Students. Do not let a single remittance lapse, as you cannot expect the GOD-LAW to work unless everything you do--all your dealings are absolutely honest and straight. Don't break the LAW. Be fair with us--we will be more than fair with you.
