

OUR SECRET WEAPON

The United States has a secret weapon which will be used before this war is over with telling effect. It does not know yet what that secret weapon is, therefore, it cannot know how to use the weapon. When that weapon is finally discovered and brought into play, Hitler, Hirohito, and their satellite Old Musso will go down to their doom in a very spectacular manner.

For this weapon will strike in an unexpected manner, and the enemies of democracy and godliness will not know until they have fallen just how they fell. They will not know until then, what the weapon was nor how it was used. Nor will they know who used it.

If the United States knew of this weapon today, it would be able to at once discontinue the race to produce arms in a greater quantity than the rest of the world combined. (Many of which arms are going to the bottom of the oceans incidentally).

This weapon is not a bomb-sight. It is not a death-ray. It is not a new device of destruction which can be used from an airplane. Nor is it a new rifle or piece of artillery. It is not a gas. Matter of fact, our secret weapon, about which very few know anything at this writing, has no physical form whatsoever. Yet when used, it manifests and operates in strictly a physical manner. And the beauty of this newly-discovered secret weapon lies in the fact that it is instantaneous in its effect. It never falls because it cannot fall. And there is another advantage too; any true American, anywhere, at any time, can bring out his secret weapon, level it at world-desolators, and witness their immediate fall.

It's interesting to note that America seems to have no knowledge of this weapon yet. So its efforts are strictly along the same line

as are the efforts of our enemies. Tanks. Guns. Submarines. Flame-throwers etc. All physical. material means of destruction. Whichever side can manufacture the greatest quantity of these death-dealing instruments, and can deliver them on the battle line first, will win this war, whether it be the democracies or the Axis fiends. It's purely and simply a matter of delivering the greatest number of men fully equipped with the greatest amount of death-dealing machinery, at the proper points at the proper time. A mathematical proposition.

Let us analyse a bit and see if we cannot discover what our secret weapon is, and how it works. For after all, once the secret is known to our enemies, they will at once realize that while they know what our secret weapon is, they will not be able to use it. For this weapon cannot be used by forces bent on world desolation and destruction. It can be used to destroy those forces, but it cannot be used by them to conquer the world. That is where we have the advantage over them.

We know that the only hope for the mad Axis partners lies in the creation of more physical material weapons than we can build. That is their complete stock-in-trade. Submarines. Tanks. Flame-throwers etc. If they cannot manufacture more of them than we can, delivering them on the battle line, they are finished. THEIR COMPLETE ARMAMENT IS PHYSICAL. Not one single moral argument do they have. No matter what the circumstances may be, they can never justify the ruthless slaughter of human beings to such an extent as we are witnessing that slaughter today. If these war forces of destruction were to conquer and subdue the whole world, they could not hold it because, in those conquered nations would lie higher forces than the brute physical forces which they possess.

It has become quite a platitude that "right makes might". And it does. It not only MAKES might--IT IS MIGHT. And this is America's secret weapon--THE INVISIBLE POWER OF RIGHT OVER WRONG. The Axis forces are adepts in the use of physical brute force. They can outmanoever the British in tank warfare every time. Their sheer bestial brutality is bound to overcome finer instincts which do not depend upon brute force for their success. And until America as a whole discovers the hidden power of right, the chances are many to one the Axis forces will be overwhelmingly successful.

No one would say the Allies are winning this war. Deep down in many American hearts is the lurking suspicion that we are losing the war. And we are bound to lose it until we can outproduce, and outdeliver the combined Axis forces. At the rate of present ship sinkings, it will take us a long time to do this--if indeed ever.

YET WE POSSESS AN INVISIBLE SECRET WEAPON---AN INVISIBLE SECRET POWER WHICH CANNOT FAIL TO BRING THESE MAD-MEN TO THEIR KNEES. But we do not know how to use that weapon. This Power must be the very opposite of the physical brute power being used by Hitler, Hirohito, and Mussolini. It must be very much more effective.

The idea of a spiritual or moral force being more powerful than a physical material force, may be new. It may seem incredible. But I hasten to assure my readers it is nothing of the sort. There never was a time when the applied power of right could not at once down the inferior power of wrong. That is because the two forces or powers are the antithesis of each other. Common sense tells you that to kill, to maim, to murder is wrong. Common sense also tells you that to pillage, starve, crucify innocent human beings is wrong. Therefore---all America needs to do is to discover how to APPLY THE OPPOSITE POWER OF RIGHT AGAINST THE LOWER, INFERIOR POWER OF DESTRUCTION.

That is not as hard as it seems. As a matter of fact, it's very simple. Leaving all theology completely out of the picture, we know that somewhere there exists an invisible Spirit of Power. This Spirit was directly ##### responsible for the creation of this world and every living thing in the world. In some mysterious manner, at some time or other, the Life-Principle came to this earth. It is still manifesting on the earth. Its very essence is CREATION---not destruction. Every power or force which would seek to rule, or to destroy, is in direct opposition to the Power of the invisible Spirit of creation, whose sole aim and object must be the creation of a finally beautiful world, where peace, harmony, love, and joy reign supreme.

Call the Power God if you wish. Better not to perhaps, for the word "GOD" seems to be the signal for theological arguments etc. So shall we just allude to this Power as the Spirit of Life. It is in this Power of Life the secret of how to destroy Hitler and his ilk lies. And the means which must be used to bring about their downfall, must also lie in that Realm of Life--or God, if you will have it that way. Makes no difference whatsoever. The one supreme fact remains, outside of all theologies, that the invisible Spirit of the Creator--who gave life--STILL LIVES ON THIS EARTH, AND STILL MANIFESTS AS THAT LIFE IN US.

Now then--the finer instincts of life are the beautiful things. They are life, love, happiness, wisdom and, above all peace. And all these lie in us through the invisible Power which created us. They must. Certainly one would never look for these finer and more powerful instincts in Hitler, Hirohito, or Mussolini, would one? All they know is the power of brute force. They actually believe that the one who can amass enough brute force to conquer the earth can subdue the earth, can control life, INCLUDING THE POWER OF THE CREATOR WHICH LIVES IN US ALL. It must live in us all. Did not God make man

In His image? But whether He did or not, the fact remains that the Creator of this universe, who gave us Life, with all that true Life entails, STILL EXISTS ON THIS EARTH, AND THE POWER OF THAT SAME CREATOR STILL ABIDES IN EACH ONE OF US.

That gives us our secret weapon. That puts into our hands all the Power there must be in a Spirit so great that it bring this intricate universe into existence, including God's masterpiece---MAN. In that man, so long as he lives must live the Spirit which is God--the Spirit which gave us all LIFE. And as long as we manifest on the earth, alive, we must have at our finger-tips, the Power which must live in us. That secret weapon will be found in us, through the Power that created us.

But how are we to use this secret Power of Life, or God, to dethrone maniacal world despots such as the unholy triumvirate of Hitler, Hirohito, and Mussolini? In other words, we all agree that the power of Right is greater than the power of wrong--but just how may we dethrone the power of wrong by the Power of Right?

The answer to that too, is very simple. Wrong manifests in a physical manner. Right also manifest in the same manner. We each have in us enough of the Power of Right to at once dethrone Hitler etc, but we must change that invisible, static Power of Life, or God, into # dynamic action. We don't care what form that action takes. Matter of fact, we won't know what form it will take. Nor will we know how it will operate. We do know that the Power of God, or Life, thrown against the much inferior power of wholesale brute destruction, CANNOT FAIL TO ELIMINATE THAT LOWER, INFERIOR POWER.

The writer is in a position to speak with a certain amount of authority on how this invisible Power of Life--or God, really operates. First let me say unequivocally that the invisible Power of God CAN BE THROWN INTO PLAY AGAINST ANY WAR-MAD DESPOT, AT ANY TIME. And he is equally positive that no inferior power of destruction can be anywhere near as effective as the Power

of the Creator of all Life.

I have not the slightest desire to see any article of mine in print in any large national magazine. I have not the slightest desire to secure the plaudits of men. I have no desire whatsoever to accumulate money. I have all I need, and more too. But I am exceedingly anxious to bring to my beloved America, knowledge of the method by which the Power of the Creator can be used to stem this unholy tide of human slaughter. The fact that we are adopting the same methods of destruction that our enemies use, is conclusive proof that we, as a nation, do not know how to apply the Power of God--our secret weapon--against world desolators. Equally sure is it that no system of theology on the face of the earth knows either. They are all good. BUT IN THIS CRISIS, WHEN THE VERY EXISTENCE OF OUR BELOVED AMERICA IS THREATENED, THERE IS NO IDEA OF GOD AND NO THEOLOGICAL FORMULA WHICH CAN BRING HITLER AND HIS GANG TO THEIR KNEES. Yet the formula exists. If there be a God, IT MUST EXIST.

Some fifteen years ago the writer was perhaps one of the world's prime failures. We won't go into how big a failure, nor shall we deal with the form the failure took. These are known to the Editor of Liberty. In his earlier years he had been trained for the ministry. From earliest childhood he had wanted to know God. By that I mean he had wanted to become acquainted with a real Power called God. For there was, and always had been, deep down in his life, the conviction that God, as a living Force or Power, COULD BE ACTUALLY AND LITERALLY CONTACTED BY ALL MEN HERE ON THE EARTH.

He respected deeply the theological training he received. But he was never able to get beyond the "I believe" stage. He was never able to make a contact, definite and positive, with the invisible Spirit of Life. God--if you will. For something like twenty years he spent almost every waking moment

trying to establish a definite connection with his Creator. He seems to know that such a connection was possible, could he but find it. "Believe this" or "believe that" did not satisfy him at all. He did believe. He believed in God as few men have ever believed in God. What he wanted, however, was to be able to MAKE A DEFINITE CONTACT WITH GOD, WHEREBY THE POWER OF GOD WOULD BE AT HIS IMMEDIATE DISPOSAL AT ANY HOUR OF THE DAY OR NIGHT. His theological organization could not bring him such an experience. He was told, when he inquired about such an experience, that it was not meant for man to know God now. After death-- in another life, he would then know to the very full, all the power there is in the Invisible Realm of the Spirit of God. But to know the Power of God now---? could not be done.

But your writer believed it could be done. His argument was that if there is a God, able to manifest such Power after death, then that God must also be able to manifest the same degree of Power BEFORE DEATH. It took many years of heartrending search and experience, and it took the tenacity of a bulldog. But your writer finally bled through to God. He finally came to an experience in which God was available, with all the Power there is in God, to him, here and now.

I shall not go into details here as to what happened after ## the experience of the Power of God came to me. That story has been told elsewhere. It is immaterial anyhow. All it does is qualify the writer to reveal to America, in this its hour of mortal peril, not only the Power that can save America, but the method by which all peace-loving peoples can be delivered from the tyrannical yoke of the despot. It is the message that counts--not the messenger.

Suffice it to say in passing that some fifteen years ago, the writer walked out the little drug-store in Moscow Idaho, where he worked, to bring to this world his message that the Power of God can be actually found and used here and now.

His first advertisements created a national sensation. "That man's crazy". "He's a racketeer". ### These, and many more epithets were hurled at the author by many who should have been the last ones to criticize one who was trying to lead the world to God. But the author knew his experience. He knew his vision was true. He knew he found a pathway to God, and he knew all can tread that pathway. He knew that all the Power of God is available to all who want it, here and now. He left the drug-store with \$42.00 in his pocket.

Well--inside of a year, so amazing had been the demand for his teaching that it was going into 67 different countries. At the present writing, more than a quarter of a million letters have been received, each telling that # the writer too had found the Power of God and was using that Power.

His case was proved. No longer was God an experiment. Illnesses of every conceivable sort and kind disappeared before the touch of the Power of God. Where poverty was, success manifested. Undesirable conditions were swept away when the Power of God was used against them. Today, fifteen years later, the Movement is a phenomenon to all to who know it. But how could it be otherwise? When God speaks, the world knows that God is speaking. And it matters little through whom God speaks. What matters is---"IS THE POWER OF GOD BEING MANIFESTED THROUGH THAT MOVEMENT?". The answer is unequivocally "YES".

Now as to the method used by the author, and now being used by hundreds of thousands to defeat Hitler and Hirohito. Here it is. It is entirely different from any method ever advanced by anyone to find the Power of God. We have been so filled with the theory that God CANNOT be found here and now, that no matter what formula may be advanced which proves God CAN be found here and now, must of necessity be quite different from those formulas which are predicated on the ABSENCE of God. This formula is predicated upon the PRESENT EXISTENCE OF THE SPIRIT OF GOD--IN EACH ONE OF US. And if that Life

which is God were not in us, we could not take another breath.

It is the very Life of God--yes it is God in personal spiritual form which gives us the ability to live, to think, to plan, to love--not to hate. The Christian Bible states that when God made man He "breathed into his nostrils the breath of Life". Well that Breath still lives. It has never been withdrawn. And so long as the Life of God lives in us, WE HAVE AT OUR DISPOSAL A DEFINITE PATHWAY TO ALL THE POWER THERE IS IN THE INVISIBLE REALM OF ALMIGHTY GOD. Whether we see that, and use that Power, is up to us.

Your author saw it. He used it. And he knows that when the American people collectively use that Power, Hitler and Hirohito haven't a ~~###~~ ghost of a chance to stand against such a creative Spirit as that. Their trump card is physical destruction by brute, material force. Our trump card--our secret weapon is THE POWER OF THE SPIRIT OF GOD---NOT IN THE SKY, BUT IN US.

* * *

Now how can the Power of God in us be used against Hitler et al? Very simply. THIS POWER CAN BE SPOKEN INTO EXISTENCE. It lies static and latent in each of us. THE SPOKEN WORD MAKES THAT POWER DYNAMIC. This invisible Power of God will, when once directed, begin at once to bring into existence the objective desired. And, once begun, no power on earth or in heaven can stop the ultimate consummation of that plan.

You can speak the Power of God into existence. That's only common sense. God exists for one sole purpose. That is to make man like God. The ultimate aim of God is the complete unification of God with man. God cannot do that until man discovers that God can do that. The method provided by God is the simple expedient of speaking the Power of God into existence. It never fails to respond. I know.

Every right-thinking American has but one aim--that is the driving from the earth of Hitler and his gang of bandits. We have then, in us, the secret weapon which can do that. We have the method by which this can be done. We just simply SPEAK THE POWER OF GOD INTO EXISTENCE AGAINST HITLER AND HIS GANG. How may we do that? Simple indeed. If God exists to bring to man all the beauty and power there is in the Realm of God, and if God has provided the method whereby that may be done, then most certainly the Power of God, intelligently directed against Hitler, will find God more than anxious to accomplish that end. In God's own way, of course. We do not know how the Spirit of God made man. Nor do we know how that Spirit can stop Hitler. But we know it can because all Hitler stands for is the very opposite of what God stands for.

~~This is the only way to stop Hitler and his gang of bandits. We just simply SPEAK THE POWER OF GOD INTO EXISTENCE AGAINST HITLER AND HIS GANG. How may we do that? Simple indeed. If God exists to bring to man all the beauty and power there is in the Realm of God, and if God has provided the method whereby that may be done, then most certainly the Power of God, intelligently directed against Hitler, will find God more than anxious to accomplish that end. In God's own way, of course. We do not know how the Spirit of God made man. Nor do we know how that Spirit can stop Hitler. But we know it can because all Hitler stands for is the very opposite of what God stands for.~~

All this boils down then to to the Power of right over wrong. Right makes might. But right must be intelligently applied against the wrong or it cannot make might. The reason the Axis powers have been so successful to date is because of their dynamic action. Ruthless brutal extermination of human beings---a ghastly thing---but it constitutes dynamic action. It is wrong in its most horrible form. And we, the Allies, because of our ignorance of the Power of God, are using the very same methods these gruesome murderers are using.

But surely there is a better way. Surely God is not so impotent that He cannot, by means known to Himself, halt this brutal human slaughter. It must be so. Otherwise---there is no God. But there is--and the Power of the Creator can be very speedily manifested if the American people will show enough interest and confidence in God to give Him a chance to WORK THROUGH US. For the sword of the Spirit of God constitutes America's secret weapon. It is the most powerful weapon God can devise. It is entirely possible, for an America

collectively using the Power of God against the Axis, to bring it to its knees in the next thirty days.

How may we sue that weapon of God? Let's try this---three times daily, recognizing fully what we are doing, close our eyes, and DIRECT THE POWER OF GOD AGAINST THE AXIS BY OUR OWN SPOKEN WORD. Use these words---"THE POWER OF GOD IS BRINGING THE SPEEDY DOWNFALL OF HITLER, HIRCHITO, AND MUSSOLINI".

This cannot do any harm, and it may stop the war. It is not Coue's system of auto-suggestion. It is an intelligent attempt on the part of the American people to SPEAK THE POWER OF GOD INTO ACTION AGAINST THE AXIS. We may fail. We may lose this war. But we will never lose the war if America as a whole directs its "SECRET WEAPON" against Hitler and his gang.

I SEE THIS

PART ONE

I write to you as a mystic. I write what I write as a direct result of a definite and permanent communication which has been established by me with the invisible superhuman Realm of the Great Spirit of creation---ALMIGHTY GOD. The Spirit of Almighty God is upon me as I write. What I write, therefore, is a direct revelation from the Realm of the Spirit of God to the human race. It does not originate in my mind or brain. All I do is keep in tune with the infinite Realm of the Spirit which is God. By so doing, I catch quickly the spiritual thoughts and impulses which come directly to me from Almighty God.

Not all human beings are able to do this, but all should be able to do this. For direct contact with the Creator is the birthrite of every created man and woman, of every race, color, and creed. When this condition is attained, this earth will be a place of supreme happiness, joy, peace, and, better than all---ETERNAL LIFE. For when man knows God, death, that greatest of all enemies of the human race, will be destroyed. It has no place in the future of humanity. God is the cause of all Life. God is the essence of all Life. God is Life. And Life is Life and not death in any sense of the word. There is no need for death--even now. And there will be no death when the human race discovers what God really is.

This world does not know what God is. It does not even suspect what God is. It cannot know, because none has appeared on the earth who was in tune with the Infinite God. What we see and know as "religion" is but the result of man's feeble, though honest attempt to find God. But the time has not been ripe until now. Man was not ready to receive the revelation of God which you will receive as you read this book.

So man, not ready and not willing to receive the sublime world-shaking revelation of Who and What God really is, endeavored to discover the facts of God--not through Almighty God direct as he could have done--but through man. The origin of God not being in man, his efforts naturally failed. Not until the present has humanity been brought, through its own wilfulness and foolishness to the place where it is ready to receive the epochal truths of God as those truths exist. Man has conjured up, in his search for God, many different theories of God. But--the source of the origin of those theories being human, of course the truths of God cannot have been delivered to this world yet.

The actual truths of God have never been "delivered to the saints". Had they been, this humanity would not now be blasting itself into eternity for no logical cause at all. And none can tell what the nations are

fighting for. The Axis powers say they need more room to live in. Some of them go so far as state that they are ordained by Almighty God to bring the rest of the world into harmony with God. By the sword? The hordes of Hitler have been told that he is to establish a "new order". But that is not why they are fighting. No new order, ordained and built by man can be a permanent order. And no order, built and propagated by the sword, the flame-thrower, the tank, and the submarine can ever endure, if indeed it can ever come into existence.

The Allied nations say they are fighting to preserve democracy. Seems to me we fought for that same purpose some twenty-five years ago. But what sort of civilization are we fighting to preserve in the name of democracy? That is not the reason we are fighting. That is not the reason the entire earth is bathed in the most ghastly amount of human blood that has ever been shed in known history. Each nation trumps up a fallacious theory that Almighty God is on its side, and will help that nation to win the victory.

But Almighty God is not in this mess. And it is quite impossible for either side to call upon the Power of Almighty God to help. If either side really wanted God to assist it, its plan of operation would not be the ruthless destruction of any human being, regardless of what his race might be. We can very safely eliminate the name of the Creator from either side.

The Invisible Superhuman Creator of this universe is a completely unknown factor in human life. The Power of the Spirit of God has never been demonstrated on earth, nor has anyone to date brought to this earth the plain simple facts about God. And they are plain simple facts--otherwise the author could not have grasped them. But simple as they are, dynamic as they are, powerful as they are, they remain completely unknown facts. And humanity is living in complete and absolute ignorance of Who and What the Creator is.

The human race has many theories of God, and we shall look into these theories. But they are only theories. As theories, they are powerless. If they were facts, there would be so much power affiliated with them that such a ghastly world conflict as we now witness never could have happened. Two things have forced this revelation of Almighty God to appear. One is the absolute impotence of the multitude of theories concerning God, and the other is the hopeless condition into which humanity has lowered itself.

The human race could not continue as it now is. If, as a result of this war a universal system of world government is established, say the equal of our own beloved government--it still could not endure. It ~~###~~ would have in it the seeds of decay. We see those seeds on every hand now.

Many fantastic theories of government have been advocated here in the United States during the past few years. But they have brought nothing but confusion. We see labor unions, drunk with power, threatening our whole economic structure. We see sugar rationed, and at the same time the same government which rations sugar refuses to allow American beet growers to raise all the beets they can. We were told to kill the pigs and we killed them. But now we are crying for more pigs. Mr. Roosevelt and Mr. Churchill met on the high seas, and it is quite likely, from the utterances of both Mr. Roosevelt and Mr. Churchill after that secret conference that this nation was there and then committed to war.

But no nation, and no man, knowing the Power of God ever goes to war. They never take the sword. They know of a far more effective way of settling national and international differences. ##### This then, is proof that Almighty God is not really being considered in this international struggle. The name of God is bantered round ^{by} \$\$\$ all the warring leaders. But God--as an existing spiritual creative entity is positively unknown on the earth. And this, in# spite of the fact that eleven major systems of religion are operating on the earth, each supposedly teaching the truths of God. These eleven major systems of religion have millions of followers, but--

none of these systems, and none of their followers are able to manifest any actual power coming straight from the Realm of the Spirit of God to this earth. They have many theories of God. Usually, those theories embrace a belief in a virgin-born, immaculately conceived deity who, on account of the hopelessly lost condition of man because he won't believe those theories, had to be crucified on a cross and later, usually three days later, resurrected from the ~~####~~ tomb. The object of the resurrection of these gods is to impress upon the followers of these many "faiths" that they too may live again, after they have once died. They cannot ever live again on the earth--it is always after death.

Now there have been about thirty-five different gods who have come down from "heaven" to bring "salvation" to the world. I should say though that they have all failed. In past ages these gods offered good selling arguments to heathen, benighted minds, but they have no appeal to the bulk of the human race today.

The theory is wrong. It is impossible for Almighty God to make an imperfect man. For God is quite perfection. In fact God is the very essence of perfection. How then can God make anything imperfect? This, of course, is but added proof that humanity has never had the plain simple truths of God

brought to it as yet. The revelation of the existence and Power of Almighty God which is now in your hands, is the only true revelation of Almighty God ever to be brought to humanity. Humanity will accept this revelation. It will have to because the revelation is true. If it should be that humanity rejects this divine revelation, it will destroy itself. But that will not be so long as there is but one man on the earth, who knows the present existence and Power of the invisible superhuman Crator. For the Power of God IS an invisible superhuman Power. If the world knew this Power---there could be no such horrible slaughter of human beings as there is. When this Power is known, and only when this God-Power is universally known, this war will cease.

I do not see a speedy end to the present conflict. Nor do I see an Allied victory. Nor do I see an Axis victory either. I see this struggle continuing until the bloodshe, suffering, disease, ~~#####~~ are awful. I see blood flowing like water in our American cities. I see men and women fleeing in haste to escape to our own mountains to escape the unspeakable horror which will be pursuing them. I do not see either side successful. What I do see is this--I SEE KNOWLEDGE OF THE POWER OF THE GREAT SPIRIT, GOD, BEING BROUGHT TO THE EARTH. I SEE MEN AND WOMEN USING THAT INVISIBLE SUPERHUMAN POWER, AND ENDING THIS GHASTLY CONFLICT BY THE USE OF THAT POWER ALONE.

Regardless of which of two opposing military forces conquers the other, permanent peace cannot come that way. The method is wrong. Two opposing hates cannot bring peace either. For true and lasting peace cannot come through the victory of either army, or either hate. It can only come to this earth as a result of someone's bringing to this earth the actual truths of God. Those truths will be accompanied by the Power of God. And the Power of God, being the Power of Good, will, as # surely as the night follows the day, banish once and for all from the face of the earth, the causes of hate and war. As long as those causes exist, and as long as ignorance of God persists on the earth, there cannot be peace. I see this very clearly. I have seen it for years. I have warned the churches and the laity that this period of utter horror and spiritual darkness would hover o'er the earth. I have begged "divines" of many systems of theology, to lay aside their unprovable theories of God, and learn direct from God Who, What, and where God really is. I have begged them to use the same Infinite Source of Power that I use, for their inspiration. But they laughed at me.

Now, they will have to learn the hard way. It will be a bitter pill for these good honest religionists to swallow, but the pill will have to be swallowed. IT IS ABSOLUTELY ESSENTIAL THAT THE POWER OF ALMIGHTY GOD BE

REVEALED TO THIS EARTH IMMEDIATELY, OR HUMANITY WILL DESTROY ITSELF.

I see this come pretty close to happening. I see such a time of bloodshed and horror as never was before, and never can be again. FOR, IN THE MIDST OF THIS GRUESOME WHOLESOME MURDERING MADNESS, WHAT I HAVE WRITTEN WILL BE UNIVERSALLY ACCEPTED, AND THROUGH WHAT I HAVE WRITTEN, THE FULLNESS OF THE POWER OF THE INVISIBLE SUPERHUMAN SPIRIT OF GOD WILL BE KNOWN ON THE EARTH.

* * *

My father is a Baptist minister in England. Some years ago he cast me off. Said he had no son called Frank B. Robinson. He said that anyone who questioned the tenets of the Baptist Church was hopelessly lost. Unfit to live. Then, in a letter to a friend he ~~#####~~ said--"Does Frank think the whole world of religion is crazy?". I wrote a letter to Dad. In that letter I made this statement--"Dad--you know as well as I that neither the Baptist nor any other Church can reveal the actual Spirit of Almighty God, in all of It's Power, to this earth. Until they can do that--THEY DO NOT KNOW GOD".

I have known since early childhood that I was a mystic. I have never advertised that fact. But I have always had intercourse with the Realm of God. I can enter that Realm spiritually any time I care to. As a matter of

fact, I have automatically lived in the secret of the presence of Almighty God, and I have abided under the shadow His wings for many years now. That just simply means that I have known of the superlative, omnipotent Power of the Realm of the Spirit of God for many years. I have known how to use that Power. I know now, as I write this, what is necessary to instantly stop this brutal war. The time is not ripe just yet. The world will have to bleed, suffer, and die for quite a bit longer. Not because God has ordained it so, but because mankind will not give up his false theories and notions of God.

Our churches, the best-meaning organizations on the face of the earth would rather hold to a preposterous theology than they would open their doors to the invincible, invisible, superhuman Power of Almighty God. As long as that condition exists, then the Spirit of God will have to come to the earth through someone, or some organization entirely outside of the church. This is what is happening now. The churches suspect it. They suspect the trouble is with their theology. But hang onto that foolish theology they will. So they, with the rest of the human race will have to suffer. They will have to bleed. They will have to die. They will have to witness the spectacle of the Power of Almighty God being brought to the earth through an entirely different message than they had.

This, then, will be humiliating. But it must be so. The revelation of Almighty God which is now coming to this earth is coming direct from Almighty God, through a man who is in definite communion with Almighty God, and upon whose head the Spirit of God has chosen to rest. Not that I personally am anything. You will see that as you discover a bit later in the book how the Spirit of God operates. The channel through which the Spirit of God will work must ever be a mystery to the rest of the human race. When my work is done, which will not be too long, I shall be taken from you.
