# "PSYCHIANA"

Moscow, Idaho

## WHAT WILL YOU DO WITH THIS POWER?

We of "PSYCHIANA" have brought you messages of Power---dazzling pulsing Power. We tell you once more that this God-Power exists for you. This mighty resistless force, this ceaseless, deathless, ever-enduring Power may be yours--what will you do with it? Through it you may partake of the Power and Wisdom of God, for the Power we teach IS God.

Have you prayed for the many things which seem to be lacking in your life--and have you prayed without results? We think you have. We did, and for a long time. Time was, in years gone by, when we would spend whole nights upon some lonely mountainside, imploring God to come to our aid. But he didn't come. We would importune him to bring into our lives the things we so much yearned for, but he didn't do it. With an open Bible in our hands we would point to one of the many promises written there, and demand its fulfillment. Our lives were as empty and void after these prayers as they were before.

Now just what was the trouble? Did not God exist? Had we been misled all our lives? No--that wasn't the answer. The truth was that we did not know how to ask, and, as the Bible writer stated:- "YE RECEIVE NOT BECAUSE YE ASK AMISS." That's exactly it. We were asking amiss. We didn't know that all the good things we desired and needed already existed for us, simply for the taking. We did not know that there exists a God-Law, which, once contacted and used can bring to us the very things we were asking an "unknown god" to bring to us.

But that's all changed now. Now, when we need anything we usually find it here before we can even express a desire for it. "Well do you mean material things such as money, health and happiness?"--you ask. That's exactly what we do mean. We mean to tell you that there exists today a stupendous God-Law, which can, and will, and does bring to everyone who uses this Law, a superabundance of everything he or she can desire. Do you believe that?--well we of "PSYCHIANA" are telling you that it's true whether you believe it or not. We are trying to bring to you a realization of the little-known God-Law, which, as the years go by, will be better known. The methods of drawing on the great Power are simple and direct--"The way is so plain that the wayfaring man, tho a fool, need not err therein." Will you walk with us a little while?

Remember this--the promises of God are sure--yes very sure, and they are for YOU, if you want them. All we want to do is to show you the way to use this God-Law yourself. After we have done that our job is finished. Will you let us do that? If you will, then start your application for enrollment blank to us today. Follow that "still small voice," for it is the voice of God calling to you to follow.

Dr. Frank B. Robinson

Dear Dr. Robinson:

It would be utterly beyond the power of language to adequately express to you my gratitude for your recent help and especially your immediate response to my cry for help.

I should have hesitated to impose upon you but for the added tragedy that the baby's three year old brother was the cause (even if unwittingly) of the accident. Had the baby died - we of course would never have told his brother the real story - but some "kind friend" could have been depended upon to do it, and the knowledge that he had been the cause of his little brother's death, might easily have wrecked his whole life.

Last Thursday in a moment when his mother was down stairs, he got the zinc stearate powder can and was "powdering the baby for you" as he said. The top, although supposed to be practically immovable, came off and the powder was a half inch thick on the little fellow's face. He was rushed to the hospital and oxygen used constantly but that night pneumonia started. When I first wired you Friday morning, he was not able to swallow at all and nourishment was being given by means of a tube through his nose; they were using saline solution and he was having frequent sinking spells.

Soon after the time I figure you received the relayed message, he took a decided turn for the better and held his own until Saturday night when he seemed to lose ground again and I sent the second wire. You already know the result of that from my night message that Monday noon he was pronounced out of danger. NO ONE thought it was at all possible at any time to save him and it is counted simply miraculous. I was of course, all the time working as hard myself mentally as I knew how, but anything so close home engenders a lot of fear and my understanding is not yet sufficient that I could trust to it alone.

Johnny Lee is now well on the road to recovery - his chief trouble now being to convince them he needs food - and lots of it. That he lives and that Laddie is spared the tragedy of killing his baby brother I attribute entirely to your understanding of the Truth - and from the bottom of my heart I thank you.

Needless to say I am more interested than ever in the study of your Lessons and feel one should be able to "conquer the world".

Gratefully yours,

I knew that I was amply fitted to find this way once I hit upon the right track. Early theological training combined with the more recent study of PSYCHOLOGY looked as if it held the key, and

## I CAN HELP YOU . . .

I AM NOT a "miracle-man" nor am I a fortune-teller or crystal-gazer or mystic. Nor am I a "fake psychologist," nor have I any magic potion or formula which will bring success to you overnight if you buy it. Nothing on that order about me. I am just a plain ordinary he-man who struggled with the winds of fate and adversity for almost 45 years, only to be defeated at every turn of the road. A bigger failure never lived than I was. However, all that is past, for less than four years ago I put a theory and philosophy of life which took me a lifetime to formulate—put it to work in my own case and

## IT WORKED!

I AM CONVINCED that there is in existence an almost unknown power, which power, once recognized and used for success, health, or happiness, is abundantly able to bring these things to pass in any normal human life. That is what I believe and what, in my own case, and to my entire satisfaction, I have proven. There is nothing wonderful about the existence of such a Law, if it be proven that it does exist. Twenty years ago one would have been laughed at if he had stated that one could hear music in San Francisco originating in New York City, and without any wires. But it is being done. And in the spiritual realm I believe lie untold powers that man to date has been ignorant of. Maybe I'm wrong—but I don't think so. Surely that great overwhelming power or Law which caused this created scheme of things to be, is powerful enough to give you and me whatever little things we need for success, happiness and financial independence—Do you not think this mighty God-Law is able to do that? I do. However, if you are in earnest in your desire for the better things of life, then put yourself under my instruction for a few months and let's see what happens. If nothing happens and you do not benefit, then I lose, for I have made provisions which give you 45 days in which to make up your mind whether or not my instructions will help you. If they do, you will be, like thousands of others, mighty grateful to me. If they do not—you are out nothing—all you have to do is return the lessons you have received within the specified 45 days, and a check for what you have paid in full with no deductions will be mailed you.

## IF YOU THINK THE GOD-REALM DOES NOT EXIST

(DON'T YOU THINK YOU HAD BETTER ENROLL NOW)

Dr. Frank B. Robinson  
Moscow, Idaho.

April 5, 1935.

Dear Friend:

And what a friend. Let me tell you the story.

I received by second Lesson yesterday. We read it in the family group last evening and then went to bed. I commenced the mental exercise and after a little while the thought came to me, I have found the power of the Living God and I call upon it to manifest through my eyes.

During the World War I was knocked out in France, almost blinding me. Since that time I have seen very imperfectly, seeing everything through a haze or mist and seeing double. After changing the mental exercise last night, I had a good sleep and upon rising this morning, went to the window and looked out. I saw everything, both near and far, as clearly and plainly as any pair of eyes could have seen it. All day today, I have been trying to accustom myself to my perfect vision.

When six weeks is up, don't look for my Lessons back with a request for a refund. Mr. Man, you may well know I have received my money's worth already.

The funny thing about this is that I took this up for financial gain, not thinking of my eyes, long since having been reconciled to my fate. Now, I am still looking to "Psychiana" to give me sufficient money to give my family all the necessities of life, many of the luxuries, with enough left over for travel, both here and abroad. If I had not firmly believed that "Psychiana" could and would do this for me, I would never have taken it up. I believe it all the more strongly now.

I am enclosing a list with eight names on it. I did not just sit down at home and write these names in, but I went this morning to each one and had a personal talk with him and sold them all sufficiently on "Psychiana" to have them express a desire to receive your literature. I would have more names for you, but many I called upon were not in. I shall send you more names at another time.

If anyone at any time wants to know if "Psychiana" really works, give him my name and address and tell him to drop me a line. I will let him know in no uncertain terms whether or not it works.

Sincerely yours,

(Signed) M. H. M.
