"PSYCHIANA"

Dr. Frank B. Robinson, Founder

Moscow, Idaho

WHAT IS THERE FOR YOU?

It isn't quite ten years yet since I gave to the world an idea--a discovery--just as revolutionary as the ideas of flying and radio and talking pictures were a century ago. I made the bold, blunt statement that pervading the universe is a powerful force--a force which men and women can use to turn failure into success, discontent into happiness. At first, this philosophy was met with doubt. "Why--such a thing is impossible," they said. Only it WASN'T impossible, that's the funny part of it. People saw this force I told them about actually work; they saw it produce definite, tangible results. And doubt turned into admiration, and admiration into acceptance. Today this philosophy has invaded every civilized country on the globe; has thousands upon thousands of followers; has been written up in leading magazines and newspapers; and the man (myself) who gave this discovery to the world is one of the most discussed figures in the realm of religious and scientific thought.

As I write this to you today, I am sitting far away from the clamor and clash and tumult of the cities--out where the wild pine-clad hills of Northern Idaho are silhouetted against the calm sweep of the sky. And as I sit here, I am thinking how I startled the whole world with this amazing philosophy which was so revolutionary that at first people were staggered by it. Then gradually the illuminating truth of it all burst upon them; and in my files today, in this little city of Moscow, Idaho, I have tens of thousands of letters from all over the world telling me in no uncertain terms that this invisible Power I am teaching has ACTUALLY MANIFESTED ITSELF in the lives of these Students of mine.

Material results--spiritual results--physical results--all these and more have been manifested in the lives of just plain folks even as you and I; and the staggering fact behind it all is that no magic formula has ever been used or applied by me. I am not a mystic or crystal gazer; but I do know something of the rugged power, the intense satisfaction, and the overwhelming peace which comes to human hearts through the application, here and now, of the Power of the God-Law.

Of course, if you are satisfied to plug along day by day, trusting to just plain luck to help you out, I have nothing for you. But if you actually want to find and use the most dynamic power this world has ever known (the Power of the God-Law), then send this application blank to me in Moscow today.

Is there anything more I can do than ask you to investigate? There is something deep down in you now telling you to enroll for this Teaching. You will do well to follow that impulse. Such impulses never mislead.

Cordially yours,

Frank B. Robinson
