

TO ALL ENQUIRERS

"PSYCHIANA" has but one object and that is that men and women throughout the world may learn to find and know the ever-existing Power of the Great God-Realm.

I don't know, of course, what your religious background is, nor does it make any difference, although "PSYCHIANA" is essentially a religious Teaching. You may have a background of orthodoxy and you may be in orthodoxy at the present time. On the other hand, you may have no church affiliation and you may not believe anything the church tells. It is neither here nor there with us which of these two classes you are in.

A new and staggering idea of Truth is being given to the world through "PSYCHIANA." Men and women just like you from coast to coast, and from all over the world have written us telling in no uncertain terms what a new vision of Power has been opened up to them through this new idea of Spiritual Truth. Any doubts in my mind concerning the present existence of the God-Law here and now were effectively banished shortly after this Teaching was released and when the flood of letters began to come to us.

I repeat, I have only one object in life, and that is that men and women, including you, may know and find this new, yet dynamic Spiritual Power which is abundantly able to bring to you here and now the biggest and best things in life.

All I ask you to do when your Lessons come to you is to study them carefully, preferably alone, and I don't think it will be very long until you, together with tens of thousands of others have found the Power of the Great God-Realm.

Cordially yours,

Frank B. Robinson
