A MOVEMENT OF THE SPIRIT OF GOD ON THE EARTH

★ HERE IS YOUR LESSON NUMBER TWO ★

TO ALL STUDENTS

Here is Lesson Number Two. If you have done as I asked you to do in Lesson One, by this time you know that there does exist the invisible Realm of Spiritual Power as taught by me. It is not possible for you to be in earnest, and follow me closely, doing the little things I ask you to do, without your experiencing a little bit of the Power which is God. In other words, YOU CANNOT ATTEMPT TO COMMUNE WITH GOD AND EVER HAVE GOD FAIL TO RESPOND. That's utterly impossible. By the very nature of God, this Great Spirit of Infinite Life could not do that.

I suspect that you are eager and anxious for the Lesson Two. Well—here it is. I send it to you with a God-born and intense desire that it take you another little step up the ladder, at the top of which is—God. I wish I knew who you are, and I wish I could sit down and personally tell you of the beauties of the Kingdom of God as these beauties come to me. Beautiful moments they are. Moments when I'm alone with God. Perhaps riding along the highways in my car. Perhaps in my study. It makes no difference where one may be—these exquisite and beautiful moments make earth a paradise. They put the soul of man in tune with the Great Soul—God. And when that happens, an indescribable happiness overwhelms one.

Dancing flashes of divine power come. One is lifted beyond—far beyond the pale of human experience, and there, in that Realm so close to us all, we find God. I very seldom talk personally about myself. I'm not interested in myself. I want to keep in the background so that the glories of the Spiritual Realm may be made known to men and women the wide world over. I wish I could remain anonymous so that men and women would not point to me as some "super-inspired" individual. I may have, and do have a very blessed and wonderful experience with God. I try to, and do live in that Realm and for that Realm. Nothing else matters. But the Power is not mine. If it were not for the Power of God, I'd have gone down to oblivion a long time ago. But when a life is illumined by the Spirit of God, that life shines more and more brightly as the years go by. And this is the experience I am trying to bring to you.

For the Power exists. It is at your right hand. You may have to get a completely new picture of what God is, but the quicker you get that picture, the quicker will you begin to know the realities of the Realm of the Spirit of God. So study this Lesson with care. God speaks through it. And if you have not yet sent in your Membership Certificate, please do so now. We need your cooperation in spreading this beautiful Teaching to others as quickly as we possibly can.

Sincerely your friend and teacher,

A MOVEMENT OF THE SPIRIT OF GOD ON THE EARTH

STUDY LESSON NO. 2

by

FRANK B. ROBINSON

"MAN CAN NOW TALK WITH GOD"

In Portland, Oregon, recently, a minister, who only had one eye—wanted another one. He advertised for some convict who was about to be hung or electrocuted, who would donate him an eye after he had been legally killed by some State. A convict in San Quentin penitentiary agreed to give this man one of his eyes, but his relatives objected to this.

An elderly lady however, made arrangements with this minister for his procural of her eye after she had passed away. This, she did, but a few weeks ago. Now listen to what happened. The eye was taken from the body of this dead lady, KEPT REFRIGERATED A FEW WEEKS, AND WAS THEN TRANSPLANTED INTO THE MINISTER'S HEAD. I'm going to use this fact, for it is a well-known fact, as it will illustrate a little later in this Lesson, just a little part of what I am trying to bring to you. So bear this fact in mind please.

I have a suggestion I would like to make at this time if I may. That suggestion is that you set apart some definite time and place, if you can, in which to study these Lessons. Keep as quiet as possible. The great God-Truths we shall reveal to you, are almost invariably accepted and realized when one is quiet. It is in the still moments that God speaks. For God is a Law, and law never makes any noise in its operation. As a result of a law there may be plenty of noise and commotion caused, but the law itself never makes any noise.

Looking back over the years spent in almost agonizing search, before I found God, most of the truths of God I have received have come to me when quiet. These truths have been spiritually discerned, therefore, they were discerned quietly. So if you can, you try to have a definite place and time where you can study these Lessons without interference. This may not be possible, but I think perhaps it will be if you want it to be.

Millions of honest Americans are rushing hither and yon, trying to find the truth of God. If they would learn the secret of not doing quite so much rushing, and would learn the secret of being quiet, their search for God would be easier. For there is a great wealth of Power in the Realm of the Spirit

of God. Yet it's all QUIET power. Its results are little short of marvelous and, in many cases in our files, have been called "miraculous." Yet the Power of God which causes these "miraculous" things to happen—is a very quiet Power.

After a little while, you will be glad to keep quiet, for you will discover that through this "quietness," the Power of God will come to you if you will let it. This is the first thing for you to learn. So learn it well please. THE POWER OF GOD IS ABSOLUTELY SILENT. No man has ever heard the power of the Spirit of God in operation. Many have seen men and women, filled with this dynamic Power, veritable dynamos. Yet under all this, there must exist a quiet realization of the presence of the Spirit which is God. And by the way, you cannot be in tune with God without knowing it. You will never be able to describe HOW the great Life-Spirit manifests through you, BUT YOU WILL ALWAYS KNOW THAT PRESENCE IS THERE AWAITING YOUR USE.

Then there is another thing about this dynamic new conception of God which you must grasp. THE POWER OF GOD IS AN INVISIBLE POWER. First quiet, second—invisible. There are many other things which the God-Realm is, but the two things for you to grasp at this stage of your journey with me, are:—FIRST: QUIET POWER. SECOND: INVISIBLE POWER. But it's POWER nevertheless. Spiritual Power. It's God-Power, and it's at the disposal of even YOU, whoever you may be. It's free as the air we breathe. And the reason it's so powerful, is because this dynamic, invisible Power—IS GOD.

Now for the time being, will you please follow my instructions very closely. If, after studying with us you prefer your own ideas of God, you are perfectly welcome to them. We sincerely hope they do you good. But in trying to grasp the NEW conception of God, with all the Power this new conception brings, I wouldn't want you to allow any preconceived notion you may have of God to interfere with your finding the actual Truth of God, as this truth exists here.

It will probably be that this new conception of God is quite different from what you have been taught. In all probability it will be. It could not be a NEW truth, or rather a new conception of truth, and still be the same definition of God you have held before. One thing you will have to admit, if honest with yourself and with me, and that is that unless some new dynamic conception of God, with all its Power comes to the world, civilization (if we have any civilization) may very easily perish. I do not question the sincerity of any and all who think they are teaching the truths of God. But the fact remains nevertheless that this world is in a horrible condition.

Men's hearts are failing them for fear of what may happen if the thing we call civilization is allowed to pursue its headlong flight in the same direction in which it is now going. It just cannot continue. Yet—this state of affairs exists in spite of the fact that for centuries there have existed organizations which tell us they are teaching the truths of God. I am not questioning them. But I am saying that some new truth of God is necessary—or we may all perish. For these organizations are utterly powerless to cope with world conditions today, and they know it. Their story of God is also absolutely incompetent to bring to men and women any happiness, peace, spiritual or material power and abundance here and now.

Perhaps you think the Realm of the Spirit of God does not exist for that purpose. Perhaps you think you cannot know God until after death. Well if this is your idea, may I ask you to put that idea as far away from you as you possibly can put it? And the farther away you put it, the better you will be. For that conception of God is not true. The reason for the stupendous growth of this momentous

Movement lies in the fact that men and women all over the world, and by the thousands, have been able to find and use the Power of the Spirit of God—HERE AND NOW. I am not saying that the Power of God cannot exist beyond the tomb, for as a matter of fact, God is invisible life. And life is life and not death in any sense of the word.

But I am saying that regardless of what happens after we have lost this physical body, THE POWER OF THE SPIRIT OF GOD EXISTS HERE AND NOW, AND FOR THE EXPRESS PURPOSE OF MANIFESTING ITSELF TO THE ENTIRE HUMAN RACE. What a pity—what a pity the human race has lived for so long in utter ignorance of such a dynamic God-Power. Time after ageless time, even from the very dawn of civilization, the questing, eager face of mankind has turned again and again to the light. It instinctively knew, AS YOU KNOW, that a great Light exists somewhere. Up to the limitless stars have turned millions of eager faces—always in search of some mighty Power which could enrich and sustain life. The instinct to do that is sure. This was the instinct which drove me on, and on, and on, until at last I grasped the staggering TRUTH, and found out WHERE THE LIGHT IS.

For the Light is there. Out of the chasm of the void is coming, through this Movement of God on the earth, a new conception of the Realm of God. And as this new conception of God moves unerring on its appointed way round the world, it brings peace. It brings happiness, and an abundance of material as well as spiritual blessings. And it brings these things to all who will have them. Let me ask you a question if I may please—do you think that a Power great enough to wheel the constellations in their orbits, and which can guide with unerring accuracy each star in its flight, CANNOT BRING TO YOU WHATEVER THINGS YOU MAY NEED TO MAKE YOUR LIFE HAPPY? I think it can. I know it can. And could you but see our files, YOU would know it can too.

For, sweeping before it the black shades of night, routing despair, comes the flaming truth of the God-Law. At last the way to God is open to all—TO YOU—if you will but take it. Can I make it any plainer than that? What is there I can do more than I am doing to bring into your life the God-Consciousness? The same pulsing, surging Power that was unleashed in my life when I first saw the Power of the God-Law, can enter YOUR life and YOUR spirit, and make of you whatever you want to become.

Are you poor? The irresistible Power of the God-Law can bring to you an abundance. For this Power, made the world and everything that's in it. Are you unhappy? There is a great peace in the Realm of the Spirit of God. Does the way seem confused? — does life seem to withhold its beauties from you?—that's because you have never yet known the Power of the Spirit of God. But that can be all changed, for, as we said in the announcement which first attracted your attention:—"MAN CAN NOW TALK WITH GOD." What an amazing work for God this is. Do you wonder that sometimes I am overwhelmed with joy. There hasn't been very much joy in my life until the past few years. And the burden of this Movement is serious even now, but just the same, MAN CAN NOW TALK WITH GOD, and, talking to God, and using that invisible dynamic God-Power, man can become what he will, and what he should be, because, for the first time in history, man is beginning to understand not only who and what God is, but who and what MAN is.

Let me give you here, a fundamental truth of this teaching. You will see the logic and truth of it instantly. Man is, in reality and in essence, the same Life-Spirit that God is. You are a human physical body, IN WHOM THE REALM OF THE SPIRIT OF GOD LIVES. Think that statement over. You can think this out until your next Lesson comes to you.

Remember the minister in Portland, Oregon. The eye which was transplanted in his body, HAD BEEN TAKEN OUT OF A DEAD BODY AND KEPT ON ICE FOR TWO WEEKS BEFORE IT WAS PUT INTO THE LIVING BODY. What does that mean? It means that the Life-Spirit—the very same Power we are teaching, WAS ABLE, THROUGH THAT MINISTER'S BODY, TO GIVE SIGHT TO A BLIND EYE. THAT'S WHAT IT MEANS.

There was no sight in that eye. The woman from whom it was taken was dead when they took it from her. YET—WHEN THIS DEAD EYE WAS PUT INTO A LIVING HEAD—IT SAW. That's the Power we are teaching here. That's what it can do. And remember this—THAT POWER LIVES IN THAT PREACHER EVEN AS IT LIVES IN YOU. This good brother probably hasn't seen this fact yet—but you see it—don't you. THE POWER TO GIVE SIGHT TO A DEAD EYE, EXISTS IN EVERY HUMAN BODY. As a matter of fact, without this Life-Spirit, you yourself couldn't see. You couldn't think. You would drop to the floor and the undertaker would carry you out and bury you. Do you begin to see what this new conception of God is going to mean to this world? Do you not see the staggering Power at your disposal NOW? Of course you do.

Now please don't forget. FIRST:—ITS QUIET POWER. You can't see the power behind that eye. SECONDLY:—Its invisible Power. THIRDLY:—ITS GOD-POWER. It exists for you. Think over this Lesson. Keep quiet when you study it. And here's a little thing I would like to have you do if you will. It will help you in your studies. Each morning, when you arise, just stand still. Close your eyes for a moment. Try to listen for the still small voice which is God. Will you do that? Just stand there for a few seconds. Eyes closed. Head dropped just a little bit. Then listen. You will hear nothing physically, but it won't be very long, if you keep constant to this exercise, until you certainly will begin to catch the voice of the Spirit of God.

In your next Lesson I shall carry you a bit further. Please do as I ask you in this Lesson.

Sincerely your friend,

Dear Dr. Robinson: I received Lesson 4 yesterday & stayed up till one o'clock this morning reading it through.

No words of mine can adequately express the glorious thrill it gave me. The story of the creation & fall of man, as unfolded by you, is one of the most marvelous revelations I shall ever experience. To think that this earthly life is "death" makes you long to discover something definite about our future existence. Will your later lessons give any enlightenment on this important phase of existence?

The thought of actually being able to speak to the Living God, the Mighty Spirit, fairly took my breath away, as you said it would do. I was keyed up to a high pitch, 100% wide-awake & expectant, when I came to that passage.

It's impossible in a letter to show you my true appreciation of your wonderful work as I cannot possibly thank you sufficiently.

Very sincerely yours.

GEOFFREY BIRLEY.
