

# WHAT STRANGE POWER IS THIS?

AND

WHAT CAN IT ACTUALLY DO FOR MEN AND WOMEN HERE AND NOW?

\* \* \*

From the dawn of civilization--down through the weary ages of advance, the eager questing face of mankind has turned again and again to the light. Up to the limitless stars--always in search of some mighty power which can enrich and sustain life. Mankind is looking for such a power today.

From time to time, spiritual pioneers endowed with prophetic vision, have caught faint glimpses of dancing flashes of a supernal Power which, dazzling in its immensity, spins yon stars in their orbits, and wheels the galaxies into the birth of new worlds. The great Christ of the Christian church---the great Buddha--the great Krishna----these, and more, filled with the vision of the dynamic pulsing surging Power which can transform, transfigure, and illumine human lives, and change them from impotent things into things of irresistible power, have openly proclaimed to the world time and time again that such a Power exists. More than that--they have used this mighty God-Power themselves--they have put it to the test.

The great Galilean knew this Power. He used it, and when He did use it things happened. For, terrible as an army with banners, routing the black shades of night and despair, this dynamic God-Law with its flaming truth, never failed to despond, and with such a force that a wondering world ignorantly called its manifestations---"miracles". And the great prophets of the ages have taught and demonstrated that this mighty God-Law or Spirit of God, is not just for one to use--BUT FOR ALL.

*So*  
THIS SAME POWER EXISTS TO-DAY, and the church is the organization through which it should operate. Two thousand years ago the Christian church and other churches possessed this mighty Power--but for some unknown reason they know nothing of it to-day, They have lost it entirely and completely. Creeds, dogmas, and traditions do not constitute the Power of the God-Law. You can have all them, and still be powerless as far as the God-Law is concerned. BUT THIS MIGHTY POWER OF THE SPIRIT OF GOD WILL NOT BE DRIVEN FROM THE EARTH. IF THE CHURCHES WILL NOT TEACH AND USE IT, IT WILL OPERATE AND DEMONSTRATE ITS POWER THROUGH OTHER ORGANIZATIONS, EXACTLY AS IT IS DOING THROUGH "PSYCHIANA". For the Power behind this Movement is a divine Power. Its the mighty God-Law. The remarkable demonstrations witnessed by us in human lives for the past 9 or 10 years can only be attributed to the Spirit of God.

\$  
\$THE LOST POWER OF THE EARLY CHURCH\$

THE LOST POWER OF GOD, AS KNOWN AND DEMONSTRATED BY THE EARLY CHURCH, IS BEING RESTORED.

It is operating on the earth once more, and every day men and women throughout the world write us and tell us of its mighty wonder-working operations in their lives. This ~~\$\$\$#~~ causes no wonder to us--for IT IS THE DIVINE POWER OF THE GOD-LAW.

I wish it distinctly understood that what is happening in lives through this "Teaching, is being done through the Power of the God-Law, and not through any power we possess...all we are doing is calling this great God-Power to the attention of our fellow men...the Power which is God--it does the work.
