

# What a World Ex-Heavyweight Champion Says:

Vancouver, B. C.,  
March 29th, 1937.

My dear Dr. Robinson:

Received your beautiful letter this morning and will always be happy to hear from you. I have been in business all over the world, but I have never received as much happiness as I am receiving today through your Teachings.

This mighty God-Power of the Universe is working wonders for me. I never realized that we were praying to a God that does not exist until I received your Teachings.

I have two boys that I am training. I hope to have a world's champion boxer in time. I'll have the Power of the Universe behind them. We are all very happy in our work and we will see you some time in the future.

Wishing you every success,

Your friend,

TOMMY BURNS.
