

"PSYCHIANA"

A MOVEMENT OF THE SPIRIT OF GOD ON THE EARTH

HERE IS YOUR LESSON NUMBER SIX

TO ALL STUDENTS

This Lesson deals with the actual operation of the God-Law in human lives. That means in your life. For you are a part of the human race. You, as such, are eligible for all the benefits the Power of God can bring to you. If you have been told that you are "outside of the scope of the Realm of God," you may safely discount that statement. None are outside of the benefits of that Realm. None were born in sin. None are lost—not unless they choose to be. At no time did the great Creative Intellect behind this created scheme of things, ordain that any man need live his life without the Power of God in it. And if the Power of God can manifest on this earth at all, it can manifest in YOUR life.

The manifestations of God in a human life mean that such life has, manifesting in and through it, a Power which is more than sufficient to override every obstacle which can come along. And most people's lives are full of obstacles. Trouble galore seems to be the lot of most of us. Then, we suddenly discover, through this new conception of God, that man is not alone in his fight for happiness, peace, and success. For with the Power of the God-Law at your disposal, "yours is the world and everything that's in it." So please give God credit for being able to take your little life, and make a wonderfully overcoming success out of it.

Lesson No. 6 should be of infinite help and value to you. It was written by Dr. Robinson one Sunday morning when the Power of the Spirit of God seemed very close to him. And no one who does not really know Dr. Robinson in person can know how close this man keeps to the Realm of God. He has his troubles just like you have. He has many more than you have. For no man can successfully lead a Movement as big as this Movement is, without having difficulties to overcome. But you, too, can do as Dr. Robinson does. That is—you can use the invisible Power of the God-Law to carry you safely over these moments which may seem to overwhelm you. More than that, you can use the God-Law to make your life a living witness of the Power of God to bring to you, whatever things are necessary to your complete happiness and satisfaction, here and now.

This is a beautiful message to be bringing. Especially is it beautiful when you realize it is true. And truer word was never spoken than this word of peace being sent round the world by "PSYCHIANA." Never doubt the Power of the Realm of the Spirit of God. Instead of doubting this Power, put it to work in your life and affairs. Study this Lesson every day until your next Lesson arrives. Have you sent us your Registration yet?

Cordially yours,

C. W. Tenney

"PSYCHIANA"

A MOVEMENT OF THE SPIRIT OF GOD ON THE EARTH

STUDY LESSON 6

by
FRANK B. ROBINSON

"MAN CAN NOW TALK WITH GOD"

Are you saying the affirmation I gave you? Is it becoming a part of your daily life? Are you, in every spare moment you have, allowing this thought to stay in your mind? If the answer is "yes" then you have taken the first definite step in finding the Power of the God-Law.

I have a 15-year-old boy, Alfred. He's a beautiful pipe-organist. Yet it isn't so long since he took his first music lesson. Coming home from his teacher with a music book, Alf would sit at the organ and play the scales first with his left hand, then with his right hand. Hour after hour. Day after day. Week after week. Month after month. And now what? He is an accomplished pipe-organist. But did he achieve that ability to play Handel's Largo the first week? Could he demonstrate his mastery over the pipe-organ one month after he had begun his studies? What do you think? You know that day after day, week after week, month after month, this young man has had to continually practice. And he has done it.

What was he doing while he was practicing his lessons? He knew nothing about the law of music at the beginning. He didn't know one note from another. HE WAS LERNING HOW TO DO SOMETHING HE HAD NEVER BEEN ABLE TO DO BEFORE. And he had to start at the bottom. His first lessons were very simple. Yet they were hard to him. And they seemed foolish too. "Dad," he used to say, "I can't see any fun in playing these finger exercises over and over again. There's nothing to them." He knows better now though, for not long ago, he gave a 45-minute recital in the main auditorium of the University of Idaho. And the applause brought much satisfaction both to him and to me. For there was a lot of it.

You are beginning to learn how to use the Power of the God-Law. This is a far more dynamic Law than the law of music. You can get along without the law governing the playing of music. But you can't get along without the Law which is God. Oh yes—you can, of course, eke out a miserable existence and go through life just as you have been going through it. You can do that, certainly. But you can also tap the sources of infinite Spiritual wisdom and Power, and through tapping that source you can transform your life from what it is now into a thing of beauty. For where the Power of the

Spirit of God also is, there is an abundance of all things needed. But you must follow me. I know the way. I've been over every step of it before you came along. And I've been called upon to take many steps which you will never be called on to take.

So absolutely in earnest was I in my desire to find the Realm of the Spirit of God, that I repeated the same affirmation you are now repeating, not hundreds or thousands of times, but millions of times. And to tell you a little secret—I STILL REPEAT IT. It's become second nature to me now though. I really don't need to do it. But I do. Last evening, while sitting thinking about all of my Students and what I should write to them today, I said to Alfred: "Alf—play Handel's Largo for me, will you please?" "Sure Daddy," he replied, and sat down at the console of our pipe-organ, which is but manifestation of the power of the Spirit of God in my life and affairs. There have been many others of course.

Well it wasn't very long until Alfie was playiing for me the sweet strains of the Largo. Did he have any music in front of him from which to play? No, he did not. Then how could he play it? There was a time when he couldn't play it. But now, HE KNOWS IT BY HEART. HE HAS PLAYED IT SO MANY TIMES THAT HE DOES NOT NEED MUSIC. You can see that. Then carry the thought of this mastery of the music realm into the God-Realm, and in your own life. You know absolutely nothing of the Realm of the God-Law now. You cannot know anything about it. No one has ever told you, until your path and mine crossed some time ago. It would, therefore, be very foolish to think that already you can use the Power of the God-Law in your life and affairs. It is there for your use, of course. But you do not know how to use it yet. You are just beginning to learn.

This Realm of the Spirit of God is so fundamentally different from anything you have conceived it to be, that there is no short cut I know of into it. The power exists certainly. But it would be very foolish for you to think that you could grasp that Power without first understanding what it is and how it operates. For there is nothing connected with this Movement nor with the Realm of God, which is not subject to the light of your own reason. There are those who, coming to us with some religious philosophy or other, tell us we must not attempt to understand their teachings. Nor must we question them. We must just take what they tell us to take "on faith" and without any proof of any sort.

Well—maybe that's all right. But it isn't the way "PSYCHIANA" operates. We KNOW what we are teaching. We have seen demonstrated, not once, but thousands of times, the Power we are teaching. We know that this Power operates with absolute precision and with unerring surety wherever it is used. We also know what the results of the operations of the God-Law are. There is no need of "faith" in this Movement. For you can absolutely PROVE this Teaching, and the Power behind it, in your own life. There is nothing in the realm of True Religion which the human mind cannot grasp. It would be a senseless thing if there were. Religion was given to us to unfold the truths of God. And every organization preaching religion, should be able to demonstrate the truth of what they are teaching. They should also be able to prove what they teach. More than that, if they are dealing with the true Power of the True God, they will be able to do this.

For what Power can there be more dynamic than the Power which created this entire universe, and you and me? What power can be any more stupendous than such Power? There is none. Theoretical teachings may be perfectly all right. But the time has come for the TRUE POWER OF GOD to be manifested on earth. This is what "PSYCHIANA" is doing. Let me remind you once again, that it will be absolutely necessary for you to apply yourself in this study, just as you would if you were studying music, like my boy Alfred. Mathematics is a law. It never makes mistakes. Chemistry is

also a law. It never makes mistakes. Whenever and wherever you chemically combine two atoms of hydrogen and one atom of oxygen, you always get water. You can do it at the North Pole, you can do it at the South Pole. But you always have water when these two gases are chemically combined in the proportion of two to one.

It couldn't be otherwise. Why? Well simply because the law of chemistry, which is but one phase of the Law of God, has ordained it that way. You can even separate water back into two gases again. But you cannot chemically combine them without having water. And so it is in this Realm we are studying together. It is a Realm of absolutely immutable Law. When you comply with the conditions governing this God-Law, the results are always sure. Just as sure as the chemical combination of the Hydrogen and Oxygen atoms. What a wonderful thought this is. The thought that you can find and use the Power of the God-Law for the accomplishment of every right desire of your heart, should absolutely take your breath away. Yet this is an absolute fact. God is Law—a mighty operating Law. It created the universe. It gives you life. It gave you life in the first place. It moment by moment sustains that life. It brings into existence, new life when the Law governing the creation of life is complied with. And it does it with never a miss. Blue-birds do not raise scorpions. Grains of wheat do not raise cactus or jack-pines.

And in human lives, an application of the God-Law just as surely responds as it does in either the blue-birds or the grain. Think of that. Isn't it worth a little effort to find such a Law as that. To think that every right desire of the human heart can be satisfied. To know that every problem, whether financial, spiritual, or otherwise, can be successfully answered through this existing God-Law—is not this a wonderful thing? Is not this a true definition of God? If such a Power as this does NOT exist, there just simply isn't any God. For a God who either cannot, or will not do these things, is utterly useless to the human race. Would it not be a wonderful thing if these devastating wars all over the world were to suddenly cease? This horrible butchery and wholesale murder of innocent human beings by others who, driven to any lengths in their mad desire for power, do not hesitate to blast tens of thousands of their fellow human beings into eternity. Every bullet has its billet. But what a blessing to the human race it would be if nations would lay down their arms, and beat their swords into plowshares and their guns and bombs into pruning hooks.

If there exists a God at all, this is possible. Of course, if there is no God, then men and women will get worse and worse and the whole picture will blow up ere long. But it so happens that there is a God. And it also happens that the God who does exist can, and will, very effectively banish all of these things, in the moment this God is given an opportunity to do so. But God must have someone through whom the Power of God can manifest itself. **IT'S ONLY AN ABSENCE OF KNOWLEDGE OF THE EXISTING SPIRIT OF GOD WHICH HAS BROUGHT ABOUT THESE INHUMANE AND BRUTAL AND BLOODY WARS.** You put the knowledge of the present existence of God into the picture, and all this will cease. These nations which are mad for more power. If they knew God, they would know that the Realm of God is abundantly able to supply them with all the power they need. But they do not know God. They have never yet had the true picture of God given to them.

A big responsibility rests on every Student of "PSYCHIANA." First, you must be instant in your studies. These affirmations, which may seem simple and perhaps foolish to you now, **ARE CHARGED WITH DYNAMIC POWER.** The finger exercises were simple and foolish to Alfred a few years ago. Yet they can roll a melody out of that pipe-organ any time now. Let this statement: **"I BELIEVE IN THE POWER OF THE LIVING GOD,"** be ever uppermost in your mind. Keep absolutely quiet. Have

some definite place and some definite time set apart for communion with the Realm of the Spirit of God. Make this routine in your life. It will grow on you. More than that, it won't be too long until you become conscious of a new power in your life. You will be quieter. You will be more dynamic. From you there will go a "strange something" which will set you apart as being "different." Cherish that "something." Strive for it. And above all, at every opportunity, keep saying: "I BELIEVE IN THE POWER OF THE LIVING GOD."

This is not a Coue imitation at all. I'm taking you right to the very heart of the Realm of the Spirit of God. In that Realm lies the answer to your every problem. Peace—infinite peace. Love—infinite love. Power, infinite power. These, and more, all exist in the Realm of the Spirit of God. They can all be secured by you, if you will but desire them earnestly enough. Of course, if you are not interested in the Realm of God, then don't go any further with us. Don't take more of my time. But you ARE interested. Otherwise, you would not have come to me in your search for God. I will show you the way. It's up to you to walk in it. Will you do it?

A little later in your studies with me, you will see why I ask you to do this. And you will be glad that you did do this one thing. I cannot explain now why I ask you to do it, but, as I say, you will see it clearly later, when you have learned a little more of who and what God is. Let me assure you, at this point, that the invisible Power of the Spirit of God is a very real Power. It's the most dynamic Power you have ever dealt with. Let me also repeat what I have said many times, and what I shall say again many times, that when you find and are able to use the Power of this God-Realm in your life and affairs, you will, through that Power, be able to override every obstacle which may lie across your path to peace, happiness, and overwhelming success.

Every once in a while some good-intentioned soul says to me something like this: "But Dr. Robinson, God never intended his children to have the good things of life here. We are not supposed to be interested in worldly possessions, for a rich man cannot enter into heaven." I usually try to escape from such a person, and quite often make this reply: "SISTER—GOD CREATED THIS EARTH AND EVERYTHING IN IT. GOD ALSO CREATED YOU AND ME. AND I DO NOT BELIEVE FOR ONE MOMENT THAT JUST BECAUSE WE KNOW GOD, WE HAVE TO WEAR A LONG FACE AND NEVER TRY TO BE HAPPY AND SUCCESSFUL HERE AND NOW. IF GOD CANNOT BRING TO US NOW, THE THINGS WE NEED FOR OUR COMPLETE HAPPINESS, THEN I QUESTION WHETHER YOU HAVE THE TRUE CONCEPTION OF GOD OR NOT." There are those, of course, who look upon God as being very far removed from creation. As you progress in these Studies however, you will see a far different picture of God than that picture.

"I BELIEVE IN THE POWER OF THE LIVING GOD." Be faithful in this exercise. It will be pleasant to do, and will, in all probability, unleash a new hope in you which will go surging through and through you. This will be but the first faint reaction you will receive, and it will be caused by the Power you are using. You may not yet be conscious of the fact that you are using the God-Power when you repeat this affirmation. But you are—as subsequent Lessons will disclose to you. Don't forget to tell your friends of "PSYCHIANA."

Cordially your friend,

Frank B. Robinson
