These are Excerpts Picked at Random From Letters Sent by Members. They Come in Every Day

Mr. W. L. Sibley, Palms, California:

Some time ago I wrote you for help in regard to my wife whom the doctors gave but two weeks to live. I brought her out here on the desert to die or get well—AND WE BOTH FOUND GOD. She is gaining rapidly, praise God. The God-Law is working in many ways for us, and you shall hear from us presently. Kindly regards to you and your mission.

Mr. Fletcher Owen, West Toledo, Ohio:

In answer to your request for a report on the case of streptococcus affecting the life of Mr. Herbert B. Leith for whom I had his family wire you for spiritual help, will say that your telegram to me was received by the Leith family on Friday, and he came home on Sunday, fully recovered. I am so delighted that I have no words to express my joy in being even instrumental in helping to save a life here in Toledo, and will be quite a help to the Movement for God here right at home.

Edna Cain, Portland, Oregon:

I sent you a special delivery the twenty-third of December asking for help for my friend's husband. He seemed to have a stroke, and as he is a man eighty years old, everyone gave him up, and said he was through. A week ago Sunday he was back on his job, and his doctor was amazed at his rapid recovery.

Mrs. G. C. Riggs, East Helena, Montana:

"PSYCHIANA" is a great help to me. My health is better, my home life is happier, and our success is greater. My friends are amazed by the change in our lives. I am receiving many desires. My thoughts are for the good, and such I receive.

Mr. Leroy Craig, West Virginia:

I must tell you of my experience with the Power of the Living God the other night. My wife was suffering with an abscessed tooth. It was getting so bad that she was just about to the breaking point. I went over and sat on the bedside and laid my hand on her head, and right there I concentrated every power of thought I possessed on the Realm of the Spirit of God. In less than twenty minutes she was sound asleep.

Mrs. Gladys Figue, Mobile, Alabama:

I don't see how I have got along without "PSYCHIANA." It's food for the hungry; clothes for the unclad; health, happiness, and success. It's my everything.

Mrs. Bolden S. Cobb, Georgia:

I was called home over two weeks ago on account of a serious automobile accident my husband was in. Everyone said they did not see how he came out alive because the car turned over seven times with him. It happened on Sunday, and I got home on Monday afterward. He really did have serious injuries—several cuts on head and about face, both bones broken four inches above ankle in right leg, and some ribs fractured. I did not see how he could live. I just trusted in our God, and the doctors say it seems a miracle that he is pulling through.

Mr. R. L. Griffin, Wilson Dam, Alabama:

Truly my life is being changed, transformed, I should say, since I have begun the study of "PSYCHIANA," and I want to keep growing in the Great Life which is God. There is a gradually increasing premonition, like a natural urging instinct or intuition, which seems to envelop my very being at times; and although I cannot explain it fully, there is a sense of feeling that "all is well." I never want to turn back, but keep on being influenced by the Power of the Realm of the Spirit of God.

Mrs. I. G. Burns, Venice, California:

Some time ago I wrote you and asked your help for my mother-in-law, Mrs. Anna Burns. Three days after I wrote you she began to feel better than she has felt for four years. The doctor here, Dr. Carl Williams, said he didn't know what was the matter with her, and wanted us to send her to the hospital for X-rays and observation. You may use this letter any time, if it will help others to find the Living God as he is, always was, and always will be, if people will take the blindfolds off their eyes and seek him.

Mr. Bert Watkins, Austin, Minnesota:

Just a few lines to let you know of the great benefits we have received through the study of "PSYCHIANA." My wife's health is so improved that she now does all her work, and although the doctors say she has a permanent heart injury, we feel that a complete recovery is possible. We have also had great changes financially. Two of our daughters have permanent employment, and the third one a job promised as soon as she graduates next June. They are going to help us finance the new home we have been planning for many years, but just couldn't get because of much sickness and a large family. The children are all studying "PSYCHIANA" and all go to our unit meeting every Sunday evening.

Mr. W. W. Wilburn, Union, South Carolina:

I haven't words to express my gratitude to you for relieving my suffering. The doctor who was attending me said he had done all he could, and wanted to call another doctor the second from this if there was no change for the better. I received your letter at twelve o'clock this same day. The following night about midnight I was suffering so much, but all at once the pain left, and I haven't had any more. It's wonderful. We are two or three thousand miles apart, and this can be done. I thank you both. I thank you.

Mrs. F. C. Stoehr, Idaho:

Please excuse this unbusinesslike paper. It seems to be what I have at hand, and I want to tell you my good news as quickly as possible. After about three months of waiting and of making the best effort I knew how, to follow Doctor Robinson's instructions I just about went down into the depths of cynicism and despair. It seemed as though the answer would not come, look where I would. Just when I began wondering how we were going to buy wood and fuel, even, and where the next gallon of gasoline would come from to look for work with, the answer came—and even in spite of my lapses, partial tenseness, and despair. The answer came just as soon as I came to the place where I was willing to leave home, so that was evidently what I was supposed to do. And the work, I found it right in my own special line, and pays one and one-half times as much as the job I lost. I hope I shall have sense enough never to doubt again. It seems now that this dreadful milestone has been passed—that with the help of the mighty Living God we can accomplish anything.

R. R. Chappell, Esq., Sydney, Nova Scotia, Canada:

With the thought that you may be interested in the result of my recent illness, I submit the following: I was taken to the hospital four weeks ago last Sunday evening. At ten o'clock the following morning my doctor called four others to examine me and confer with him, and the general opinion was cancer; but in a few days it developed that a ball of adhesions had formed in the right side encasing some of the bowel, and a large abscess had formed which broke and was discharging into the bowel. It was seventeen days from the time I went to the hospital before I was strong enough to have V-rays taken, which revealed nothing except the reduced size of the ball of adhesions, which the doctor described as originally about four inches in diameter. I returned to my home Sunday, after four weeks in the hospital, and am making a remarkable recovery which I attribute to my knowledge of the great Creative Law (the Power of God) in which we live and move and have our being, to which I appealed thousands of times.

Kathryne Mannal, Philadelphia, Pa.:

On Sunday I sent a letter to you asking help. I have been to the hospital, and they cannot find the tumor I was supposed to have! My gratitude to you cannot be expressed by mere words. My studying and belief have not been in vain, and I thank you heartily for my having found "PSYCHIANA," and for the interest you have taken in us, your Students and Followers.

Mrs. J. A. Gochenour, Hagerstown, Maryland:

The farther I go along with Doctor Robinson's Lessons, the more I am convinced his Teaching is the only true conception of the Living God. If only we could convince the entire world to accept it, what a different old world this would be. But I feel sure that in God's good time it will be accepted. I can see the result of the God-Power in my daily living. Things which used to be a great burden to me have become lighter, and many perplexing problems have been solved through this great God-Power. God grant that the good work shall continue to spread, and that those blessed with abundant finances shall give most liberally of their resources to help expand the work.

Mrs. Elizabeth Fuchs, Homestead, Florida:

Some months ago, I wrote you concerning a friend whose only son had a rare, incurable kidney disease. At the time he was bedfast, having hemorrhages. I asked if you would apply the God-Law to help him. You wrote you would. Today I heard this boy is up and able to work part-time—thanks to you. Success to you, and I hope the whole world will soon know the truth as it is.

Mr. Arthur F. Coakwell, Toronto, Ont., Canada:

I received my fourteenth Lesson this morning, and let me tell you, Doctor Robinson, I would not be without those Lessons for any other thing in the world. Three times in the last month have I seen evidence and proof of the never-failing power of the Living God. Three times death and sorrow have been averted through a never-wavering faith in the Power that is God. Very quietly and very tenderly, Doctor Robinson, from the innermost depths of my heart, do I thank you for bringing "PSYCHIANA" to the world. Today I am confident that your many many hours spent in sweet loneliness with the Presence of God are bringing fruit, and that most abundantly.

Josephine Sheppard, Montreal, Quebec, Canada:

Thank you most sincerely for your marvelous Teachings. I love them. They are such a comfort and I find such a joy in living, and my health has improved greatly, thanks to your Teaching. May you be able to bring to others the knowledge of your work. If I can help further your cause, I shall certainly do so. Thank you again.

THE EVIDENCE

This Movement mystifies hundreds of thousands of good folks who feel that any other conception of God than the one they teach, must be false. The above letters, however, were picked at random from our files yesterday, and these letters pour in to us every day. We don't care very much what others say about us, if we can, through the Spirit of God, achieve these results. **MORE THAN 150,000 OF SUCH LETTERS HAVE BEEN RECEIVED BY US HERE.** The results, therefore, are the cause of the phenomenal growth and acceptance of this New Conception of God. And after all, that is all that matters. This Power may be yours too.
