

"PSYCHIANA"

A MOVEMENT OF THE SPIRIT OF GOD ON THE EARTH

★ TO THE RESIDENTS OF THE STATE OF IDAHO ★

About ten years ago, a humble and obscure drug-clerk, working here in Moscow, gave to the world a new conception of God. So revolutionary was this conception that at first it was ridiculed. "Why—such a thing is impossible"—some said. Only it was NOT impossible. It happened to be true, and the doubt which at first met this Teaching was changed to amazement, and amazement into acceptance. Now, scarcely ten years later, the new conception of God first given to the world by this man who, all day long worked amongst the pills and bottles, is now a world Movement, and it is safe to say that the eyes of the religious world are focused on this beautiful little city of Moscow.

Inside of one year, this new Teaching was going into 67 different countries. Then, large national magazines such as "TIME," "THE AMERICAN MERCURY," "THE SUNDAY SCHOOL TIMES," "THE GOSPEL ADVOCATE," "THE LUTHERAN COMPANION," and scores of other magazines and newspapers published articles featuring Dr. Robinson and his new Teaching. Attacks were made on this man, and every effort was made by fair means and foul, to stop this Movement which is now known all over the world, and which is bringing to countless thousands of men and women, not only a new faith in God, but a new POWER also.

Growing larger every year, and with more and more hundreds of lives finding the Power of God through this Teaching, the time has come to use every effort to spread the Teaching more rapidly than ever before. For wherever it goes, phenomena, considered by many to be miraculous, follow the Teaching. The new conception of God, given to the world for the first time by Dr. Robinson, has proven beyond a shadow of a doubt that the Power of the Spirit of God is behind this entire Movement. As rapidly as we can, we are beginning to circularize the residents of every state in the Union. Being located in Idaho, we have chosen Idaho as the first state to have this new and revolutionary conception of God called to its attention. We want you to KNOW just what "PSYCHIANA" is, and what it actually teaches. Rumors regarding this Teaching have flown thick and fast. We have paid no attention to them because most of them were a long way from the truth.

You have an opportunity now to really know what we are teaching, and also to find and use the dynamic Power of God in your life and everyday affairs. As you probably know, no charge is made for this Teaching, the Movement being supported entirely by the voluntary contributions of its Students. It is not operated for profit. If you will fill out the enclosed card, mail it, we shall be happy indeed to start the Lessons coming to you at once. Our sole aim in life is to bring to the world a conception of God which it can not only accept, but which it can use to overcome life's every trial and problem. The Realm of the Spirit of God has always been able to do that.

Cordially yours,

C. W. Tenney
