"PSYCHIANA"

A MOVEMENT OF THE SPIRIT OF GOD ON THE EARTH

TO ALL MEMBERS OF "PSYCHIANA"

AND ALL WHO ARE INTERESTED IN BRINGING THE TRUTHS OF GOD TO THE EARTH

It is now a little over ten years since I stepped out from the little corner drug-store here in Moscow, Idaho, to bring to the world what I then believed, and what I still believe, to be the truths of God. It was with fear and trembling, but with an infinite faith in God that I took that step. I knew I should meet with the crystallized opposition of orthodoxy. I knew it would mean persecution. I knew it would mean sorrow from that point on, for me. I knew it might even mean death. But I was, and still am, prepared for that if it should come to me prematurely for my faith in God.

As I look back in my little study this morning, I find it did mean persecution. It did mean misunderstanding. It did mean that I was to be scoffed and mocked at, and it came very nearly resulting in my death, not from a bullet, but from a broken heart. Fortunately, I have been marvellously guided and sustained, and in spite of persecution, in spite of scoffs and sneers, I stand this morning—victorious over the forces of the world, and those other forces which would do anything to stop this Teaching of God. The Power of the Spirit of God, whose I am, and whom I serve, was never more abundantly manifested in any life than it has been in mine.

As a result of that Power, perhaps more human lives have been regenerated through this Teaching, than through any other religious teaching on the face of the earth, in a similar length of time. "PSYCHIANA" has become a household word in the realm of true religion. True, the persecution still continues, but it has been demonstrated that the soul anchored in God, and operating through the love of God, can never be moved. For greater is the Power with me, than all the powers against me. It will always be so, just as long as I keep as close to God as I keep now. No harm can ever come to those whose whole life is hidden in the great Life of God.

"AT THE CROSS-ROADS"

This morning, beloved, I stand at the cross-roads. I have had a decision to make. I have made it. It will be carried out successfully. This corporation has gone as far as it is humanly possible to go, unless someone somewhere places at our disposal, sufficient additional finances to enable me to do what I want to do. And you know what that is. It is entirely possible to make this Teaching, and through it the Power of the Spirit of God, so well known that it can step into this troubled world picture and bring peace. No human can solve the problems facing America and the world today. All the peace conferences will fail, unless the Spirit of God is given an opportunity to work through those peace conferences. But there is one Power which never fails. And if I can bring this message of the Power of God to the multitudes in a greater measure than I have ever done before, this world may yet be saved. Every conceivable thing has been done to avoid war, and to calm these troubled earthly waters—except the only thing which can do that—the Power of the Great Spirit—God.

Our record has staggered those who have thought about it. How one man, opposed by all the forces of orthodoxy, and fighting alone, could do as much as we have been able to do, is a mystery to all. It is no mystery, however, to my Members. They know that God has done these things—not I.

The decision I have had to make is this—shall we grow naturally as we have grown in the past, or, shall I make an intensive appeal for financial assistance to enable us to flood this country with this message of peace, power, and joy? I have decided to make an intensive appeal, not only to my Members, but to every man and woman who does not believe that God is dead, but who believes that the Power of God still lives on this earth, and can still save it if it can find men and women who will first find the truth, and then, support those who have been called to step into the thick of the fight for God. I shall attempt to raise one million dollars for this Movement.

Let me tell you what I want to do. I want to quadruple our advertising. I want our advertisement to be in every newspaper and magazine published. I want to put our programs on every possible radio station. I want to make a coast-to-coast personal appearance tour of the United States, speaking in every large city in this country. As I write this, I have made arrangements to go over a coast-to-coast network of one of the three large broadcasting corporations. But unless sufficient funds come in, inside of the next 30 days, that series of programs will have to be cancelled. The programs are scheduled to begin September 3rd. If we had sufficient funds, we could not only go on this network, but could buy time on scores of other stations also.

SOMEWHERE AMONG MY STUDENTS IS A MAN OR WOMAN WHO CAN MAKE THIS POSSIBLE.

There is, somewhere, not only one man, but hundreds of them who would be glad of the opportunity of putting behind this Movement, sufficient funds to enable it to do what it wants to do, and that is, as you know, bring this God-Given message to all, as fast as possible. IF I HAD SUFFICIENT FUNDS, BELOVED, I BELIEVE I CAN START THE GREATEST RELIGIOUS REVIVAL THIS WORLD HAS EVER KNOWN. I BELIEVE I CAN BRING IN THE DAY WE ALL HAVE LONGED AND HOPED FOR—THE DAY WHEN ALL WARS SHALL CEASE, AND WHEN SICKNESS, SORROW, PAIN SHALL ALL BE BANISHED. I BELIEVE I CAN BRING IN THE DAY WHEN MEN AND NATIONS SHALL BEAT THEIR SWORDS INTO PRUNING-HOOKS, AND WHEN ALL NATIONS WILL LIVE TOGETHER IN PEACE, BECAUSE THEY ALL WILL RECOGNIZE, DWELLING IN THEIR MIDST—GOD.

I believe this can be done. I believe the "PSYCHIANA" MESSAGE is powerful enough to do it, because certainly if ever the Spirit of God was in any message, it is in this one. It will take a lot of money to do that. But billions are being spent for armaments with which to blast human lives into eternity, and somehow or other, I believe that God will produce the man or woman who is able

to finance this Movement to such an extent that money will be available for everything I want to do. What I have to do is to find that man or woman. And I'm certain that my Students can, and will, help me do it. Not for me, for this religious corporation prohibits anyone connected with it from ever receiving more than a salary and actually needed expenses. No one can ever make one cent of dividends or profits from its operation. It does not operate for the making of money, but for the salvation of this world and of human souls, THROUGH THE EVER-LIVING POWER OF THE SPIRIT OF GOD.

WHAT I AM ASKING

I am asking every Student-Member who receives this message, to first of all, give whatever you can give, either in one cash donation or in monthly donations—now. If sufficient money is sent in now, this winter I still may be able to go on a national network. If I can't, I will go on as many radio stations with our programs as we have money for. As more money comes in, I will increase our advertising appropriation as fast as I can. That is the first thing to do.

THE SECOND THING IS THIS:

If you know of a lady or gentleman who is in a position to SUBSTANTIALLY support us financially, please send us the name and address of that person. If you are personally acquainted with such a one, go to him or her, and tell this party of the need for funds with which to bring to mankind, the only teaching of God which, we believe, can SAVE THIS WORLD NOW—INSIDE OF THE NEXT FEW YEARS. And I honestly believe God is only waiting for enough people to support this Movement. The leader is here. The message is here. All that is needed are sufficient funds to spread this message round the world as rapidly as possible, to the end that God's Power may be known to all. I believe with all my being that this man or woman will be found. There is a "colored god" in Harlem who, according to newspaper reports published this morning, has had FIFTEEN MILLIONS OF DOLLARS MADE AVAILABLE TO HIM BY MEN AND WOMEN OF BOTH COLORED AND WHITE RACES. Surely then, there must be a few hundred thousand dollars somewhere, which those who have it would be glad to give to "PSYCHIANA." If I had now, only $100,000 dollars, I could bring this message of God to hundreds of thousands, and perhaps millions more than I am able to bring it to now. WITH THE PERSONAL ASSISTANCE OF EVERY STUDENT, I CAN GET THAT AMOUNT TO START WITH.

THE THIRD THING NECESSARY.

First—send in now as substantial a donation as you can send in. Then, spend a few moments alone with God every morning and evening for the success of this financial campaign. Now that I have started to raise these necessary finances, I shall not stop until they are raised. I am but one man. You, are many. I can direct you, but you must do the actual raising of this money, by making your own donation, and then trying to interest those who have substantial funds which they would like to give to the work of God. Whenever a few people are agreed on anything pertaining to the Realm of God, GOD INVARIABLY BRINGS THE NEEDED THING TO PASS. Certainly, I think, all my Student-Members are agreed that we should have sufficient funds to operate for God unhampered. Then let us all work together, and let us start—NOW. A few months ago, I mortgaged my home, and what other property Mrs. Robinson owns here in Moscow for $40,000 and after paying of the existing mortgage, I put the entire difference of about $10,000 into this Movement. And if I had or Mrs. Robinson had any more property we could mortgage, we would gladly mortgage it for God—at any time. In addition to that, I gave my personal notes to two banks for a total of $11,000 and this sum went into this work also. If all of my Students will be that much in earnest in their efforts to save this world through the Power of the Spirit of God, it will not take long to raise sufficient funds to enable me to do what I believe should be done. Won't you please stand by me now? The following form is self-explanatory. Please do whatever you can do—NOW. And may the Spirit of the Infinite God ever rest upon you, which it will if you will let it.
