

## STUDY THIS PICTURE CAREFULLY!

Here you see a picture of a full ear of corn. When you walk past a corn-field you see the Mighty God-Law in actual operation. Then, turn your thoughts inward and look at yourself, and you see there the Mighty God-Law still in operation. But you are a much more magnificent growth than is the corn. Yet—as in the corn—so also in you is THE MIGHTY GOD-LAW IN FULL OPERATION. Now—the question I want you to answer is whether or not you will come to see this amazing fact. If you will, you can live a life of the most overwhelming sort. In fact you cannot recognize the mighty God-Law operating in you and live any other sort of a life. GOD IN ACTUAL OPERATION IN YOU. That's it. That's what I'm trying to drive home to you. A few years ago you were two tiny little germs. God brought you to the marvelous piece of mechanism you are today. And he didn't do it from a distance, either. HE DID IT RIGHT IN YOU. Now then, if God is IN YOU, with all the Power, Wisdom and Intelligence of the whole Realm of God, is there anything this God-Power cannot bring to you? Of course there isn't. Use your head. And follow me closely. I know what I am doing, and you KNOW that I know, too.
