Dear Hal,

My apologies for letting this situation get "off the road and into the ditch". I'm too accustomed to working as a freelance writer where the deadlines are imposed by myself instead of by a publisher.

Enclosed are 21 prints (8x10, B+W) of photos taken during my 1976 visit to the Camas Prairie. I've photocopied each, and annotated each photo on the face of the photocopy. You may keep whatever you need; please return the rest. Also two 5x7 B+W prints from Will Whittaker.

I'm a bit confused as to what else you wanted. There are notes on my proof sheets that indicate another 16 views that I believe interested you. The proof frames for these views are marked "HR" and "HR?" on the proof sheets. You may print whatever interests you, as I am sending both the negatives and the marked-up proof sheets. Please return the negatives when you are done. ~~under separate cover.~~

Since the views you print will not be annotated, I will be happy to provide notes. I think the easiest way to do this is to have you photocopy the prints you make, and then send those photocopies together with the proof sheets to me. I will use the notes on the backs of the proof sheets to develop photo captions or notes and dates, and will return the annotated photocopies to you. If you can come up with a better way, let me know and we'll work things out.

I am keeping the \$30.00 you paid me for the first installment. If this is not satisfactory, I will return the amount.

My job at IBM has been very demanding of my time and energy over the past year (130 hrs of O/T during the first quarter of 1984), and a variety of problems and requirements in my personal life have absorbed an awesome amount of what's left at the end of each day. Still, I owe you an apology for not keeping you informed so that we could work out other arrangements. I hope what I'm providing will meet your requirements. If you have any questions or problems, please call me:
