Dear Uncle,

Thank-you very much for the lovely post card folder that you sent us. You sent it to us at the right time for today is Aya-chan's birthday. She got 9 years old today. The picture on the post card about the Verbenas blooming on the sand dunes is the one I like best. Can you see the Four Horsemen from where you are?

Q.
and it snows quite often. We
make snowmen when it
snows. We can see the Utah
Mountains covered with
snow. Every time, when we
come from school it is very
cold.

Our Elementary school
started last month and
the high schools started
yesterday, so Yoshi-chan is
going. I am in the 5th grade
and Aya-chan is in the
4th grade. We have American
teachers and a few Japanese
girls helpers. Kat-chan has
started to go to baby music
but she just went three
days.
