Dear Uncle,

How are you getting along? I am fine.

Every morning when we get up it is very cold. On the way to breakfast it is very cold, too. The roads are frozen from the cold.

How is it over there? Is it very cold?

I am going to school every day. It is like a regular school. We have a big

black board, a big map and many other things. Our school hours are nine o'clock to four o'clock.

Daddy is a block representative and he is working as one of the housing adjusting board for the whole camp so he is very busy every day. Mother is busy washing, ironing and taking care of Kazumi and she sends you best regards and hopes that

you will not get
sick.

Thank you very
much for the post
holder you sent to
us.

With much love,
Ayako Fujii
