MID
ORI

Dear Uncle,

I heard that you were ill & I hope you will get well. Ka-chan drew a picture of some things she likes to eat.

About the end of this month & the beginning of next month there are going to be two camping trips, one with the churches & the other for the Girl Scouts. Since Aya-chan & I are Girl Scouts we are going to that one with some of our friends. We probably will stay there for a week. We are going to Sawtooth mountains, about 98 miles from here & people who went there say it is a lovely place with a nice place to fish

so we are quite lucky. ALIEN MIDORI

Tomorrow morning at school we are going to a picnic breakfast ~~at~~ Nitta's gardens.

Fortunately everybody in our family & grandfather's family are well although it is so hot nowadays. I hope the swimming pool will be finished because we cannot swim in the canal. It is unsanitary & too swift.

We still have to go school. (Summer school). In the ~~afternoon~~^{morning} we study just a little bit and then do singing. In the afternoon we have our rest period & play games. I wish we didn't have to go. Today we were supposed to go see a show with the whole class & our teacher

B

but I didnt want to see it so I came home.

Right now Sa-cha & Mommy are taking a nap & Aya-cha is playing with her friends. Daddy is at ~~the office~~ Twin Falls.

I hope you take good care of yourself & try to get well.

With love,
Midori
