The Thinker

Did you ever stop to **THINK**
that your films can be developed
only **ONCE?**

Why not depend on a reliable
source for your **Finishing?**

Suggestions to Amateurs

- Hold your Camera still.
- Don't attempt time exposures without a tripod.
- Don't point your camera toward the sun.
- Don't attempt snap shots indoors or in deep shade.
- Keep the lens clean.
- Always set focusing scale.

BRING US YOUR WORK

Remember the Importance of using
Fresh Films.

Your pictures will not be clear
and you will not get detail in them
if you use old films.

Our modern up-to-date plant,
backed by a high reputation,
assures you of **Service, Quality**
and a **Fair Price.**
