## BETTER STILL

ARE OUR ENLARGEMENTS OF  
YOUR BEST PICTURES

Among your snapshots are some that you consider the best you have taken. We can make them still better by enlarging them. Give our expert finishers a trial with just one of your negatives. You'll be delighted with the results.

### Suggestions to Amateurs

---

Hold your Camera still.

Don't attempt time exposures without a tripod.

Don't point your camera toward the sun.

Don't attempt snap shots indoors or in deep shade.

Keep the lens clean.

Always set focusing scale.

BRING US YOUR WORK

---

Remember the Importance of using Fresh Films.

Your pictures will not be clear and you will not get detail in them if you use old films.
