

"TUK-TAB" O.S.S.P.  
ROCKMONT—DENVER

prints kept separate, prints easily  
accessible and negatives protected  
from unnecessary handling.

## *Night Pictures*

No photographic history of your family and friends is complete without pictures of the interesting things that happen indoors after the sun goes down.

You will enjoy making night pictures, and thanks to the new highly sensitized speed films and to inexpensive photoflash and photoflood lamps, they are just as easy to make as outdoor snapshots in bright sunshine.

*Is Your Camera Loaded?*
