

## ABOUT NIDS

The National Institute for Discovery Science (NIDS) is a privately funded research organization. It focuses on scientific exploration that emphasizes emerging, novel, and sometimes unconventional observations and theories. In its programs, NIDS rigorously employs accepted scientific methods and maintains the highest ethical and quality standards.

- NIDS is a privately funded not-for-profit science institute engaged in phenomenology research.
- We employ strict confidentiality within our research program.
- We explore a variety of unusual phenomena not typically investigated by the scientific community.
- A key research interest of ours is with unidentified flying objects (UFOs) and aerial phenomena.
- We would like to receive all reports of significant close encounter sightings or unusual activities that are sent to your organization from witnesses within your area or local community.

# National Institute for Discovery Science

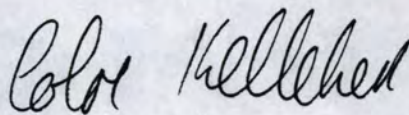

August 24, 1999

Dear Sir or Madam,

The National Institute for Discovery Science is a unique organization. Our purpose is to scientifically investigate and analyze anomalous phenomena, including UFOs. Our research indicates that thousands of people in the United States witness UFOs and other unusual phenomena every year. Many people do not wish to report their experiences because they worry they will not be taken seriously. Our purpose is to take these reports very seriously and to apply the full technological power of science in researching them. NIDS is the **ONLY** organization in the country with the personnel, the expertise and the resources to fully investigate what you report to us. We need you to call us whenever you or your colleagues in the local area hear of any reports of unusual activity from the community---UFOs, animal mutilations, or other "paranormal" phenomena. If you receive a report pass it on to us. Just call us and we will do the rest. We will investigate these cases fully at no cost to your community. Please read our brochure. It tells you who we are and how to contact us. We will respond to your call.

We enclose a convenient sticker so that you can fix it on your telephone or computer to remind you to call NIDS if you receive a report of a UFO sighting or an unusual experience. Call us at 702-798-1700, email us at [nids@anv.net](mailto:nids@anv.net), or visit our web site at: <http://www.accessnv.com/nids>. Thank you for your time.

Sincerely

Colm A. Kelleher Ph.D.,  
Deputy Administrator
