June 30, 1998

Dear Jim and Holly,

We would like to take this opportunity to thank you both (and Troy, Matt, and Jen!) for the extended hospitality at Taylor Ranch. Your knowledge of the area was extremely helpful in the organization of our summer plans, and your willingness to work with us was greatly appreciated. Thanks for the horse pack trips which made our work easier and a pleasure! Our time at Taylor Ranch was very educational and an adventure. Thanks again.

Sincerely,

Monica Pokorny

P.S. We will be coming back to Taylor Ranch on a couple other occasions. On July 8th our pilot, Moe Owens from Stevensville, will be stopping at Taylor to drop some of our resupply gear (food, and work equipment). Wherever is most convenient for you to store it is fine and would be greatly appreciated. On July 17 the Arnold's will be flying us to Taylor to pick up the gear previously dropped and then we'll fly out again. On July 21 Seth, Scott, and I will end our day at Taylor (If you are already booked for the bunk house, we would be happy to camp outside). The morning of July 22 Moe Owens will be in at 9 am to pick us up and bring us back to Missoula. I hope this schedule works for you, see you soon!
