Inter-Office Memorandum

To Ken Sowles

From A. Moslemi

Subject Gospel-Hump, Buffalo-Hump areas

Date April 18, 1977

Ken, when you get the information on the Gospel-Hump area from the Nez Perce National Forest people and other sources, I would appreciate receiving a copy of whatever information you receive. It will probably be helpful to get the information ~~from me~~ and be informed whenever the subject arises. I have not contacted Don Biddison and other people such as Art Seamans for such information so that we will not be asking them for too many requests. Thanks much.

A.A.M.
