Dear Holly + Jim,

Thanks so much for letting us stay in the bunkhouse on our visit to Cabin Creek. It added to our very memorable trip!

I talked to Ed Krumpe before he started on his Big Creek Compite inventory. He is adding in some factors about proximity to "fishing holes" - We are interested in his results comparing to a decade ago, and will keep in touch with him.

I am sending some literature for your "library". The historical re-survey of Big Creek fish habitat is not completed yet. If you see Russ Thurow out there - ask him about it - I will send you anything I get on it.

I am in awe of your lifestyle. I often think of attempting something like what you are doing with my family. My husband would do it in a heartbeat! (He was born in the wrong century!) Have a wonderful summer. I hope to see you again soon.
