*This proposal is excellent.  
Have Ken work with Ed Krumpel  
or directly with me. Jeff Yeo  
is already at the ranch. By  
keeping Ed involved perhaps we  
can combine the trails & campsite  
work by the intern with some  
monitoring. John Hendee  
cc Krumpel  
Yeo*

Dear John:

Thanks for your April 13 letter concerning the Symposium and the wilderness intern concept.

I'm agreeable to putting up \$1,800 (half the cost) this season assuming the Payette National Forest is also in a position to do so. If Dave Alexander confirms that they can handle half, our next step would be to develop an agreement that meets our fiscal requirements and lays out our mutual expectations.

As soon as I hear from Dave, and assuming his answer is affirmative, I'll ask Ken Wotring to work with your representative to draft the agreement. Does this sound okay?

Sincerely,

JOHN E. BURNS  
Forest Supervisor
