

June 24, 1983

Manager of Taylor Ranch:

My husband, Dr. Johnson, has called me from his office this morning asking that I write this letter.

He has purchased and wants you to have this linseed oil and Pentagard to refinish the Taylor home. They told him at the lumber yard these products are what should be used. They instructed 2 qts. of the Pentagard should be mixed with the 5 gallons of oil to help preserve the wood.

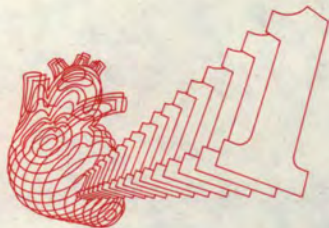

One of his friends will be going to McCall today so he will drop it off at Arnold's Flying Service to be delivered to you.

Hoping this proves satisfactory to you.

Sincerely,

Mrs. C. C. Johnson
