Jim + Holly Akensen  
Taylor Ranch Field Station HC83  
Cascade, Idaho 83611

Dear Jim + Holly,  
We did receive the samples.  
Thanks.

Enclosed is "Recommended Integrated Monitoring System for Pollutants..." which describes methods for sampling procedure and plot size.

Deke said that due to a limitation of funds, you should choose one or two of the creeks as representative sampling sites but not to do them all.

If you have further questions please write again or call.
