Hopefully this will reach you before you leave. Here's some miscellaneours:

1. Please represent us at the F.S. meeting at 1:00 p.m., Monday June 19 in the McColl District Office Conference Room (not S.O.), Other attendees will be: Terry (Hardy of Natl. Guard, possibly Glen Pope, Patti Stages [in charge], and you. Please be sure that F.S. and/or you get details and any agreements on paper with copies for all.
2. Willard needs your "LA receiver number." I hope you know what he's talking about - I don't.
3. Still working on the interns' pay sheets. Jim told they will not get a check today because there was no money in the budgets as specified. Dick has not called me back yet, and no one told me there was any problem. This is a bit unbelievable, but I'm sure it will be worked out and there is no cause for panic. This budget business related to TWRC + TR is a nightmare! I've never seen anything like it.

Have a good vacation or whatever you plan for your time out.

Jim
