TERMS AND CONDITIONS

1. Use under this permit shall begin on May 24, 2004 and end on August 13, 2004. The permit shall not be extended.
2. Fees for this use have been waived by the authorized officer in accordance with 36 CFR 251.57(b).
3. The holder shall not install any improvements not specifically identified and approved above.
4. No soil, trees, or other vegetation may be destroyed or removed from National Forest System lands without specific prior written permission from the authorized officer.
5. The holder shall comply with all Federal, State, county, and municipal laws, ordinances, and regulations which are applicable to the area or operations covered by this permit.
6. The holder shall maintain the improvements and premises to standards of repair, orderliness, neatness, sanitation, and safety acceptable to the authorized officer. The holder shall fully repair and bear the expense for all damage, other than ordinary wear and tear, to National Forest System lands, roads and trails caused by the holder's activities.
7. The holder has the responsibility of inspecting the use area and adjoining areas for dangerous trees, hanging limbs, and other evidence of hazardous conditions which would pose a risk of injury to individuals. After securing permission from the authorized officer, the holder shall remove such hazards.
8. The holder shall be liable for any damage suffered by the United States resulting from or related to use of this permit, including damages to National Forest resources and costs of fire suppression.
9. The holder shall hold harmless the United States from any liability from damage to life or property arising from the holder's occupancy or use of National Forest lands under this permit.

15. **The holder shall provide the authorized officer with a copy of all reports and publications resulting from the project including thesis, dissertations, articles, monographs, etc. The final report on work performed shall be submitted to the Payette National Forest Supervisor's Office, no later than 1 year following the completion of the research.**
16. Researchers are required to have a copy of this permit in possession when working on National Forest System Lands.
17. Appeal of any provisions of this permit or any requirements thereof shall be subject to the appeal regulations at 36 CFR, Subpart C, or revisions thereof.

According to the Paperwork Reduction Act in 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0596-0082.

This information is needed by the Forest Service to evaluate requests to use National Forest System Lands and manage those Lands to protect natural resources, administer the use, and ensure public health and safety. This information is required to obtain or retrain a benefit. The authority for that requirement is provided by the Organic Act of 1897 and the Federal Land Policy and Management Act of 1976, which authorize the Secretary of Agriculture to promulgate rules and regulations for authorizing and managing National Forest System Lands. These statutes, along with the Term Permit Act, National Forest Act, Act of September 3, 1954, Wilderness Act, National Forest Roads and Trails Act, Act of November 16, 193, Archeological Resources Protection Act, and Alaska National Interest Lands Conservation Act, authorize the Secretary of Agriculture to issue authorizations for the use and occupancy of National Forest System Lands. The Secretary of Agriculture's regulations at 36 CFR Part 251, Subpart B, establish procedures for issuing those authorizations.

The Privacy Act of 1974 (5 U.S.C. 552a) and the Freedom of Information Act (5 U.S.C. 552a) and the Freedom of Information (5 U.S.C. 552) govern the confidentiality to be provided for information received by the Forest Service.

Public reporting burden for this collection of information, if requested is estimated to average 1 hour per response for annual financial information; average 1 hour per response for inspection reports; and an average of 1 hour for each request that may include such things as reports; and an average of 1 hour for each request that may include such things as reports, logs, facility and user information, sublease information, and other similar miscellaneous information requests. This includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Exhibit 2
