Dr. Ernest Wohletz  
Dean, School of Forestry  
University of Idaho  
Moscow, Idaho

Dear Ernie:

Since you are Dean of the Forestry School, it is thought possible you may be interested in a summary of the proceedings of the Idaho Special Commission on Natural Resources Organization and Administration held at Boise, Idaho on June 29, 1962. A copy of the report to my sponser plus related papers are enclosed.

It is regreted that the Dean of the School of Forestry has not been previously contacted on this important subject. Your reactions or comments would be very much appreciated, as well as any advice.

Sincerely,

*Cliff*
