

To Walter Berry, Regional Supervisor

University of Idaho

Inter-Office Memorandum

From Kenneth M. Sowles

Subject Annual Report - Renewal Request

Date 3 August 1977

During the period of July 1, 1976 to June 30, 1977 I did not have any raptors as designated under my permit 2-4-76.

I was not able to obtain the desired birds, however I have one rehab redtail belonging to Eric Stauber which should be ready for release this fall.

I would like to have my permit renewed for another year, as stated under 2-4-76 but to include the Taylor Ranch as well as my residence.

A student is finishing a raptor inventory of the Big Creek drainage for me this summer and I intend to initiate a much larger study including the entire I.P.A. for the purpose of a release area. For this reason I would like to also have the opportunity to have a holding facility at the Taylor Ranch.
